LET'S NOT TIE UP THE PARTY LINE!

Right! It's only fair play to give others on your Party Line a chance to make and receive their calls. • Incidentally, allowing a few minutes between calls also helps to make everyone's Party Line service better.

P. S. It's always a good idea to make sure your receiver is replaced properly. Otherwise, your line—and every phone on your Party Line—is "busy" to all incoming calls.
