Growing Prestige

Filings are now open for the general elections, which is mainly for Student Senate seats.

The Student Senate has some faults, but it is by far the most efficient all-student group that meets around here. Its record of things accomplished is good, and its record of assinine acts is small this year.

The senate may go off on a tangent every once in a while, but by and large it is a sensible, mature organization.

Its members, all of them elected by the student body, have a real interest in what is best for A&M, and they sincerely try to accomplish this.

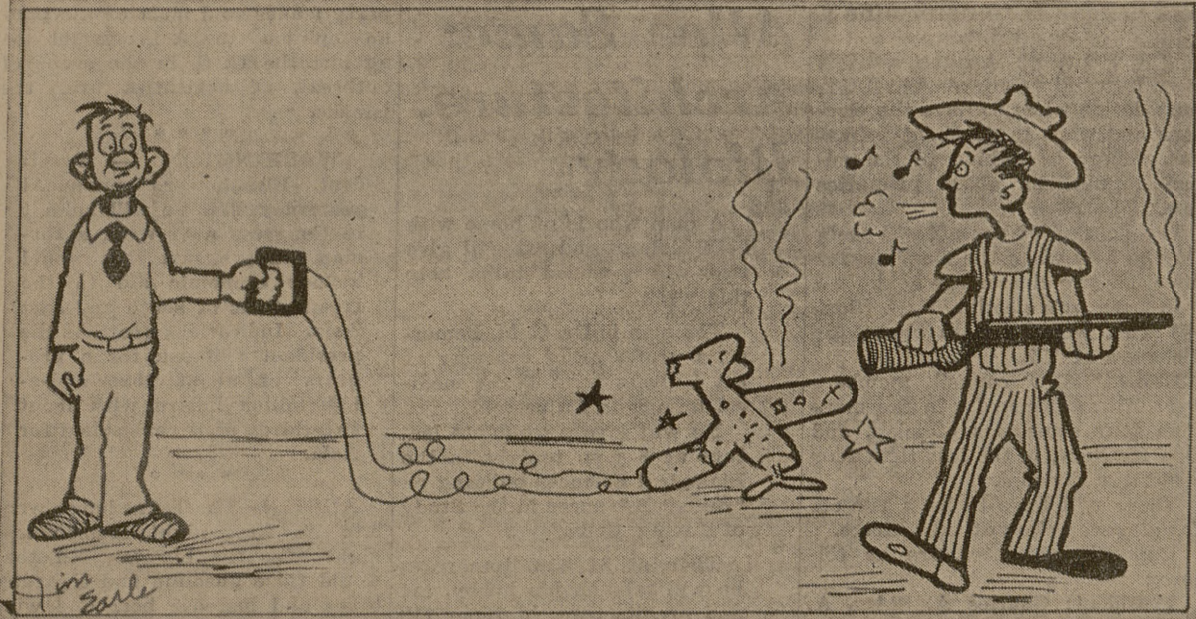

Many of their recommendations to the administration have been put into effect, and this has caused the group to grow in practice. Not too many years ago, the senate was looked upon as a low-grade debate club, where a few disgruntled students gathered to blow off steam.

Now it is looked at as the most representative voice of the student body, and its recommendations carry the weight of this prestige.

It's a good organization to be a member of, and filing for this election is the first step.

OLYMPIA Portable Typewriters

IMPROVE YOUR GRADES

Use our rental purchase plan. \$6.00 per month. Rent applied on purchase of machine. Also late model standard typewriters and adding machines for rent.

Buy your portable typewriter from BRYAN BUSINESS MACHINE CO. We maintain a service department to place your machine in good operating condition before it is sold, and to give you your guarantee that the manufacturer wants you to have.

As long as you are in A&M, bring your portable in. We will blow the dust and lint out with compressed air, lubricate and install a new ribbon, and only charge you for the ribbon.

ENGINEERING STUDENTS!

The OLYMPIA TYPEWRITERS has a standard keyboard, plus two extra keys (! over 3/4 and + over =), also half spacing for writing exponents, subscripts, and formulas. Furnished in a 9 1/2" and 13" carriage. We carry a complete line of special type which is installed here in our shop.

We offer new ROYAL and SMITH CORONA PORTABLES for \$25.00 off.

The Battalion

The Editorial Policy of The Battalion Represents the Views of the Student Editors

The Battalion, newspaper of the Agricultural and Mechanical College of Texas and the City of College Station, is published by students four times a week during the regular school year. During the summer terms The Battalion is published twice a week, and during examination and vacation periods, once a week. Days of publication are Tuesday through Friday for the regular school year, Tuesday and Thursday during the summer terms, and Thursday during examination and vacation periods. The Battalion is not published on the Wednesday immediately preceding Easter or Thanksgiving. Subscription rates are \$3.50 per semester, \$6.00 per school year, \$7.00 per full year, or \$1.00 per month. Advertising rates furnished on request.

Entered as second-class matter at Post Office at College Station, Texas under the Act of Congress of March 3, 1879.

Mellory Will Be Project Leader

W. W. Mellroy of the agricultural education department has been chosen project leader for A&M's cooperative work with Antonio Narro School of Agriculture.

He will leave soon to assume duties in Saltillo, Mexico, where the program is now organized. Mellroy spent two years in India on a similar program under the Foreign Operations administration. Other members who will go to Saltillo under the cooperative program will be chosen later, said D. W. Williams, vice-chancellor for agriculture.

Attention College men—

UNITED AIR LINES needs pilots and flight engineers!

Wonderful career opportunities with the nation's number one airline now open to qualified men. Company benefits include excellent pay, broad insurance program, retirement income plan and others.

Qualifications: Height 5'-7" to 6'-4". U. S. citizen, commercial pilot license with 165 hrs. or more, pass flight physical with no waivers. Age 21-28.

Applicants who, in addition to above qualifications also have Instrument Rating or Flight Engineer's Certificate (or Flight Engineer's examination written portion passed) will be accepted through age 29; with both Instrument Rating and Flight Engineer's Certificate through age 30.

All Entries Now Open For Chick, Egg Show

Entries for the Chick, Poultry and Egg Show here May 7 are now being accepted, according to John Williams, president of the Poultry Science club, which sponsors the show.

Any hatcheryman, breeder or commercial poultryman who wishes to enter can contact Williams for an entry blank.

"A new method of selecting chicks for judging is being used this year," Williams said. "Chicks will be selected at random in the hatchery by a disinterested person, usually the county agent or a teacher of vocational agriculture, and will be shipped to the college for the show."

"This way, prizes will be awarded on the basis of average quality in hatching chicks, rather than for a selected sample," he said.

Poultry and market egg entries will be chosen by owners and exhibitors.

Winners in the show will receive trophies. All entries in the show

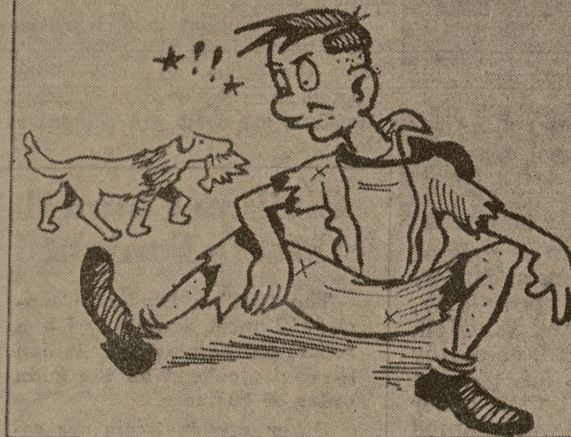

will be sold at auction, with the proceeds going to the Poultry Science club, Williams said.

From this fund, one scholarship is given each year for poultry study, and two judging teams are sent to regional and national contests.

Leipper To Speak

Dr. Dale F. Leipper head of the oceanography department of A&M will be the guest speaker at the annual regional meeting of the South Texas division of the Texas Academy of Science in Brownsville, April 15-16.
