

# again something NEW has been added

Last week we told you about our new self service book department. We are proud of it, and even more proud of your nice comments.

Today we have more news for you. Thursday, May 5 we will have on display for you the largest and best balanced trade book stock between Dallas and Houston. There are literally hundreds of titles covering every field of literature.

For the opening stock of our trade book department we asked for a committee of nine of the most successful trade book operators in America to select it for us. They have done a magnificent job, as you will see when you visit us.

We want every book lover in Brazos County to see these fine books. As a special inducement we are offering a \$1.00 discount\* to every customer buying \$2.00 or more in our Trade Book Department Thursday and Friday, May 5 and 6.

## The Exchange Store • Trade Book Dept.

\*One discount per customer.
