THE BATTALION

FRIDAY, MAY 6, 1955

Happy Mothers Day

After weeks of preparing exhibits, straightening out rooms, and getting clothes cleaned, the Aggies are ready to show their school to the people who made it possible for them to be here—their parents.

Thousands of parents will crowd the campus, as their sons take them around to all the activities—at least one exhibit, demonstration, or open house for each facet of campus life.

It's hard to get in one or two days an idea of what A&M is like and what it does, but the Mothers day weekend is the closest thing the average parent can get to it.

When he goes home, an Aggie is liable to talk in esoteric terms like "bullneck,"

"drown-out," "ram," "bull ring," and such. Must be pretty incomprehensible to the parents.

The parents also must wonder about what their son does with his time down here—they know studying doesn't take all of it.

So down they come for Mothers day, to see if they can figure it all out.

They'll learn a lot while they're here, and see all sorts of interesting things. The first-timers—the freshmen's mothers—will be seeing things for the first time, and the others will be renewing old acquaintances.

But all of them will come away with a little of what A&M means to their sons, and that's worth all the time and effort of preparation.

All Departments Will Have Open House Day Exhibits

Here are the highlights of the school and departmental exhibits for Open House Saturday. Most of the exhibits are free, and most of them will be in operation from 10 a.m. to 4 p.m.

Basic Division

The Basic Division, a non-degree granting school, will have exhibits of its work in the fields of remedial reading, vocational information, and the Junction adjunct. The Basic Division offices are across the street from Sbis dining hall.

Agriculture

AGRICULTURAL ECONOMICS AND SOCIOLOGY—Displays of posters, graphs and literature explaining problems and projects in the field of agricultural economics and sociology will be in the lobby of the library.

AGRICULTURAL EDUCATION—Displays in this field will be in the basement of the agricultural engineering building.

AGRICULTURAL ENGINEERING—Displays of farm machinery, irrigation systems, and farm home equipment will be in the Ag.Eng. building.

AGRONOMY—Displays of crops and soils, with slide illustrations and refreshments, will be in the agronomy building.

ANIMAL HUSBANDRY—Exhibits of wool and mohair, reproduction, and meats will be in the A.I. building, plus the Little Southwestern Livestock show in the farm centers across the tracks and the Ham auction in the A&I building.

DAIRY HUSBANDRY—Milk demonstrations at the dairy center, a tour of the creamery, and exhibits of cross-bred cattle will complete this department's displays.

ENTOMOLOGY—Displays of injurious insects, specimens of insect damage, and bee hives will be in the Old Science building.

FLORICULTURE AND LANDSCAPE ARCHITECTURE—Displays of floral arrangements will be in the greenhouse, and models of landscaped houses will be on the third floor of the Academic building.

HORTICULTURE—This department

will show propagation of fruits and vegetables at its greenhouses, one block west of the railroad tracks.

POULTRY HUSBANDRY—The Chick, Poultry, and Egg show will be in DeWare field house, with the auction of champions at 10 a.m. Saturday.

RANGE AND FORESTRY—Range management and forestry exhibits will be on the second floor of the Ag. Eng. building.

WILDLIFE MANAGEMENT—Game improvement projects and live exhibits of mammals, birds, reptiles, and fish will be in the wildlife laboratory.

Arts and Sciences
ACCOUNTING AND BUSINESS—IBM machines in operation, plus various other business and accounting machines will be displayed in the B.A. building.

BIOLOGY—Exhibits of freshman biology, comparative anatomy, vertebrates, histological embryological and physiological studies will be shown in the Biological Sciences building.

CHEMISTRY—A "Chemistry Carnival" featuring exhibits of chemical processes and exhibits of chemical magic will be in the Chemistry building.

ECONOMICS—Books, graphs, and money collections will be displayed on the first floor of the Academic building, and refreshments will be served all morning.

EDUCATION—Refreshments will be served in room 102 of the Academic building and students and parents are invited to meet members of the department.

ENGLISH—Students have been invited to bring their parents and meet staff members in the morning, third floor of the Academic building.

JOURNALISM—Exhibits of student work throughout the year will be in the Journalism building, in the temporary classroom area (shacks).

MODERN LANGUAGES—Films will be shown from 1:30 to 4:30 p.m. in room 125, Academic building.

OCEANOGRAPHY—An ocean-

graphic display will be in the Old Science hall, and a meteorological display will be on the third floor, Goodwin hall.

PHYSICAL EDUCATION—Conducted tours will be held in the New Physical Education building.

PHYSICS—There will be a demonstration in atomic and nuclear physics, x-rays, optics, heat, change of state, and electronics in the Physics building.

Engineering
ARCHITECTURE—Water colors, sketches and abstracts, models, and methods of construction, all done by students, will be displayed on the fourth floor of the Academic building.

AERONAUTICAL ENGINEERING—Engines and models of airplanes will be shown in the new Engineering building, first and third floors.

CHEMICAL ENGINEERING—Liquid air show will be held in front of the Academic building, and other displays will be in the Pet. E. building.

CIVIL ENGINEERING—Structural engineering, highways, hydraulics, and sanitation will be displayed in the C.E. building.

ELECTRICAL ENGINEERING—Electrical equipment and electronic devices will be shown in the E.E. building.

GEOLOGY—Minerals and geological equipment will be displayed in the Pet. E. building.

INDUSTRIAL EDUCATION—Student projects and tours through the building will be the featured displays in the Mechanical Engineering shops.

INDUSTRIAL ENGINEERING—Displays of work connected with this department will be on the second floor of the I.E. building.

INDUSTRIAL TECHNOLOGY—Pouring of molten iron will be shown, and tours through the foundry will be held in the M.E. shops.

MECHANICAL ENGINEERING—Demonstrations and class displays will be held in the M.E. shops.

PETROLEUM ENGINEERING—Movies and operating equipment will be shown in the Pet. E. building.

Military Science

Equipment of this school will be in the area surrounding the Military Science building from 10 a.m. to 4 p.m.

Veterinary Medicine

Displays will be in the following places: Veterinary Medicine building—Amphitheater, room 202, room 208, room 238, lobby, room 235. In the Veterinary hospital—large and small animal clinics, radiology department, pharmacy, amphitheater.

Painting Chosen for Tour

Mrs. Ralph L. Terry, art director of the Memorial Student Center, had one of her water color paintings "By the Waterfront," chosen by Dr. Michael Engle to be included in the M. Grumbacher Water Color Technique show which is touring the country under Engle's direction.

Represented in the show were 58 of the nation's best known water color painters.

Engle picked Mrs. Terry's painting at the Art Mart show held in Austin this past weekend along with one by E. M. "Buck" Schiwezt, '21, noted Texas commercial artist.

Engle called Mrs. Terry one of

the nation's "best artists".

Charles Newton, A&M student won second prize in the student water color division with his "Stoked Up", and James Rabe won third in the same class with his "Stormy Sky".

Exchange Store Adds Department

The Exchange store has installed a new book department which will include more than 2,000 volumes of popular, paper-back editions, reprints of masterpieces, books on art, humor, photography, the lively arts, and trade manuals.

Carl Birdwell, manager of the store, said there has been an increasing demand for cheap editions of required reading in the various college departments, as well as a need for books as gifts.

A. O. Jackson, '44, former manager of the Bryan field branch of the Exchange store, has been appointed manager of the entire book department, which includes the recently installed self-service text book shelves.

Parents Day

(Continued from Page 1)

with Senate President Jerry Ramsey presiding.

Corps Chaplain Conrad Cummings will give the devotional, and President David H. Morgan will welcome the parents. Frank Ford, colonel of the corps, will pay tribute to the mothers, and Theo Lindig, president of the Interfaith council, will do the same for the fathers. The Singing Cadets will provide music.

Sunday afternoon the Ross Volunteers honor company will give an exhibition at 2 on the drill field, and the president will have a reception at his home from 3 to 4:30 for the students, their parents, and their friends.

BA Professor Attends Meeting

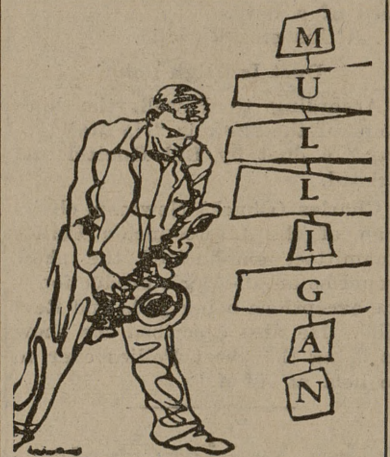

Lewis Davids of the business administration department will attend the 1955 Institute on Freedom and Competitive Enterprise at the Claremont Men's college June 12-26.

The seminar-type conference will bring together thirty selected professors to "view the course of private enterprise in the world today."
