FAMILY FAVORITES

By Mrs. Walter T. Matzen

Virginia Matzen, a midwesterner from a long line of midwesterners, found a new love six years ago—Texas. She and her husband, who is in the electrical engineering department, have three children. "My family does not spur me on to greater efforts in cookery," says Mrs. Matzen; "they are definitely suspicious of anything new or different in the way of food."

Party Pastry

I use these pastry rounds as a base for creamed chicken or as a topping on meat or chicken pies.

1 cup flour	¼ cup hot water
½ t. salt	¼ cup butter
1 t. baking powder	1 t. lemon juice
¼ cup shortening	1 well-beaten egg yolk

Sift dry ingredients; cut in shortening. Melt butter in hot water, cool, and add lemon juice and egg yolk. Add this mixture to dry ingredients and stir until mixed. Chill. Roll on pastry cloth till 1/3 inch thick. Cut with large round cookie cutter. Prick with a fork, place on greased baking sheet and bake in 425-degree oven until golden brown.

Sopapillas

This is a recipe used by the foods group of the College Women's Social Club several years ago. It is from La Placita in Albuquerque. Whenever I want a Mexican dinner to be a little special, I serve these and a fruit sherbet with the meal.

2 cups flour	1 1/3 T. lard
1 1/4 t. salt	3/4 cup lukewarm water
2 T. baking powder	

Cut lard into sifted dry ingredients. Add water; knead to soft ball. Roll 1/8 inch thick. Cut into rectangles and fry in deep fat. Push down constantly to make them puff. Should swell like popovers. Serve hot.

Surprise Pudding

1 cup sugar	½ t. soda
1 egg, beaten well	1 No. 2 can fruit cocktail
1 t. vanilla	¼ cup brown sugar
1 cup flour	¼ cup chopped nuts
½ t. salt	

Combine sugar, egg and vanilla. Add flour, salt and soda sifted together. Drain fruit cocktail thoroughly and add to above mixture. Make topping of brown sugar and nuts. Pour batter in 9 x 9 or 7 x 11 pan and sprinkle topping over the batter. Bake at 350 degrees for 35 minutes. Serve with whipped cream.

He will leave the college June 10 on military leave prior to reporting for embarkation and expects to take his family with him on his overseas assignment.

Major Willets came to A&M in September 1952.

'Corks' Used For Heart Plugs

DETROIT—(AP)—Dr. Charles P. Bailey says he has used living "corks" to plug leaks in more than 150 critically damaged hearts. The "corks" are pieces of cartilage taken from the patient's rib.

He wraps the "cork" in a section of pericardium, the sac which encloses the heart. It is grafted into position and grows fast.

Dr. Bailey says he uses this method to correct "insufficiency" when the valve fails to close properly and the blood flows both ways in the left side of the heart rather than being pumped through the body.

Dr. Bailey says the mortality rate of his patients is high because of the desperate condition of the such patients. But, he adds, the mortality "has improved progressively."
