

Swimming Team Meets Tonight

All swimmers for this year's Varsity swim team, including last year's freshmen should meet at 7:15 tonight at the swimming pool.

Davey O'Brien, former Texas Christian University quarterback named to the football Hall of Fame this year, never weighed more than 150 pounds during his collegiate days.

It takes TWO to fill the bill... or fashion a Christian home

Legal Notice

UNION FEE ELECTION
Pursuant to the provisions of Senate Bill No. 305, Regular Session, 54th Legislature, State of Texas, notice is hereby given of a student election to be held in the Memorial Student Center on the campus of the Agricultural and Mechanical College of Texas, College Station, Texas, during two days of the week beginning September 26, 1955, these days being Wednesday and Thursday, September 28 and 29, between the hours of 8 a.m. and 5 p.m., Central Standard Time, each day, for the purpose of voting for or against the levying of a student fee of Two Dollars (\$2.00) per student for each semester of the long session and One Dollar (\$1.00) per student for each term of the summer session for the sole purpose of operating, maintaining and improving the Memorial Student Center at the Agricultural and Mechanical College of Texas.
Notice of this election shall be published in the student newspaper, "The Battalion," for three consecutive days during the week of September 19, 1955, in substantially the same form as this resolution of the Board of Directors. The President of the College was authorized to select the exact dates of the election and publication of notice.
The Board of Directors of the Agricultural and Mechanical College of Texas shall canvass the returns and declare the results of said election and if a majority of students voting in said election shall vote in favor of such fee, then the Board may levy the fee in an amount not in excess of the amount authorized at said election.

Biology Instructor Has Heart Attack

Dr. Sewell H. Hopkins of the Biology Department, suffered a mild heart attack at his home Tuesday night.
He was hospitalized at St. Joseph Hospital in Bryan, said Dr. C. C. Doak, head of the biology department. Examination revealed no damage to his heart and he is recovering rapidly. He should be released from the hospital in two or three days, hospital authorities said.

The average West Virginia University football player is 6 feet 1 inch tall and weighs 196.2 pounds.

Engineer Meeting

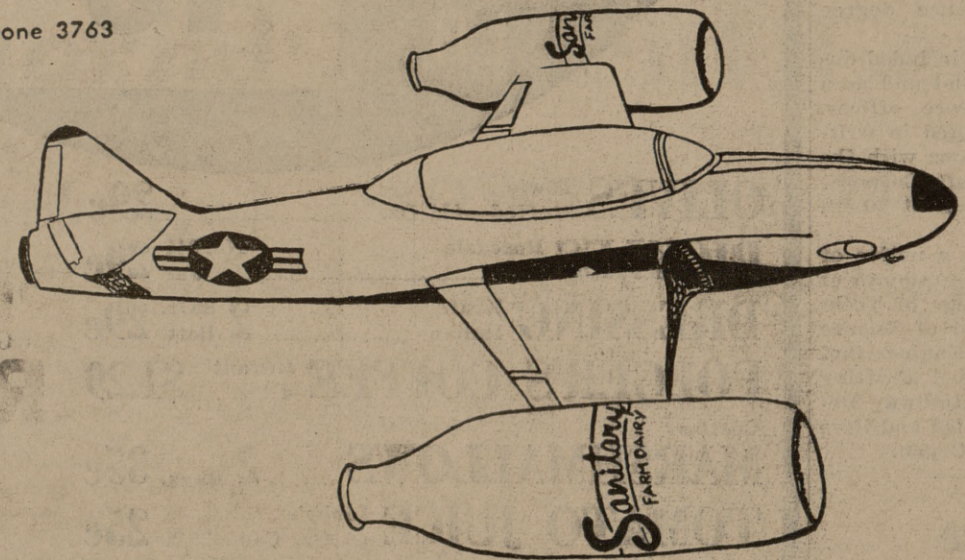

The staff of the Engineer magazine will meet in Room 206 Goodwin Hall tonight after yell practice. All persons interested in working on the magazine this year are urged to attend the meeting.

Here's an easy way to fix strawberries to serve over ice cream. Wash a pint of berries in cold water and drain; hull and slice. Mix the sliced berries gently with a quarter cup of honey; refrigerate about an hour so the berries and honey will be kin! You'll have about 1 1/2 cups—enough for six scoops of vanilla ice cream.

\$250,000 Spent In Power Improvement

The new Electric Sub-Station now being built in the Dorm 14 parking lot is not a scheme to do students out of their parking space but the culmination of trying to kill about four birds with one stone, said T. R. Spence, manager of the college physical plants.
When completed, around Nov. 1, the new sub-station will represent \$250,000 in improvement of the College power supply. At the new sub-station, power from Bryan can be used in case of emergency at the College Power Plant. With the load the plant now carries all of the college generators operate full-time and it has been impossible to save one for emergency use as was done in the past, Spence said.
The station will serve to alleviate the over-loaded lines west of the railroad tracks and the lines serving the heart of the college around the Memorial Student Center, G. Rollie White Coliseum, Kyle Field and the area around the Academic Building. Also in the future, if and when new dormitories are built the sub-station will be available for their use. Included in the improvements will be a new panel board in the college plant.
The contract for the electrical work was awarded to the Copeland Electric Company of Houston.

AMERICAN HISTORY REQUIREMENT
The attention of the faculty and students is called to Senate Bill 254, 54th Legislature, which reads as follows:
Section 1. No person after July 1, 1956, shall be granted a baccalaureate degree of any kind from any institution of higher learning supported or maintained by the State of Texas, or from any junior college receiving state aid, except that he or she has taken and passed six semester hours in American History provided that any student shall have the option, at his own request, to substitute three semester hours of Texas History for three of the six semester hours in American History required by the terms of this Act.
Section 2. The provisions of this Act are in addition to existing laws requiring the teaching of state and federal history in state supported colleges and universities in Texas.
Section 3. The fact that recent surveys have disclosed a disturbing lack of knowledge and appreciation of the history and significance of American history, with its bearings on the present and implications for the future, creates an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each House be suspended; and such Rule is hereby suspended; and this Act shall be in force and effect from and after its passage, and it is so enacted.
By action of the Executive Committee of the Academic Council, all curricula which do not include this requirement, or only partially include it, are herewith amended to include it for all students who receive their degrees after July 1, 1956. In these curricula the additional hours needed to satisfy the requirement will replace an equivalent number of elective hours.
Two sequences of courses offered by this institution meet the requirement of the law—(1) History 105 and 106 (History of the United States), and (2) History 325 (Trends in American History and History 326 (History of Texas), this last to be offered beginning with the spring semester of 1956. Students who have completed three or more semesters of college work before registering for courses in American History are advised to schedule History 325 and 326.
J. P. Abbott
Dean of the College 1545

Students holding Advanced ROTC contracts who desire to satisfy only the minimum requirement for graduation in their respective curricula are reminded that the deans of the degree-granting schools have authority to substitute an equivalent air or military science course for a course prescribed for a degree in the several curricula of their schools except as a course is prescribed by legislative action. Such students are advised to consult the dean of their school since no substitution can be made official without notice to the Registrar's Office by the dean.

Marciano Keeps Heavyweight Title

NEW YORK.—(AP)—Heavyweight champion Rocky Marciano came off the floor to knock out light heavy-weight king Archie Moore in 1:19 of the ninth round an action packed title bout here last night.
A smashing left hook to the jaw dropped the game 33-year old Moore in his corner for the full count.
Marciano was dropped for a four count in the second and came back to hand Moore a terrific battering.

Michigan State football teams have scored 100 or more points four different times in their gridiron history, the last being an even 100 against Ripon in 1931.
