

New Teachers Report Here For Semester

Three new members have been added to the staff of the Engineering Drawing Department this semester.

One of these, Ralph H. Davey Jr., a graduate of West Point where he received the Bachelor of Science Degree, retired with the rank of colonel. He served as an officer with the army for 15 years in the United States and Hawaii.

Since retirement from military service, he has worked as construction installation manager for a tile company in Colorado, represented insurance interests and recently was custodian of military property at North Texas State College in Denton.

Davey is a member of the Kiwanis Club, is married, has two children and lives at 506 Gilchrist. James E. McGarrah, a native of Dallas, attended the University of Texas for two years and received his Bachelor of Science degree from Annapolis.

His military service included duties as an air force pilot and as a security and intelligence officer. He recently was engaged in writing technical publications with the Chance Vaught Aircraft Corporation. He lives at 609 East 30 St. in Bryan.

Allen Ray Barbin is a native of Beaumont and a 1955 graduate of the Lamar State College of Technology with a Bachelor of Science degree in Mechanical Engineering. His experience included drafting work with the Texas Highway Department. He is married and lives at 304 East 22 St. in Bryan.

Civil Defense

(Continued from Page 1)

Others include preparations for a tornado, how to purify water, the storage of an adequate food supply and how to provide for home sanitation in case of emergency.

Various experts in the phases of defense and safety in times of emergency have been scheduled as speakers for the different programs. David H. Morgan, president of the college was one of the guest speakers at last night's program.

Different types of mass feeding demonstrations also are scheduled for tonight's program. Participating in the program are both Boy and Girl Scout troops and leaders, the National Guard Field Kitchen, Bryan Air Force Base and A&M College Mess Halls.

Because of the limited facilities and equipment, attendance has been limited at the evanee demonstration to delegates of the conference, participants in the demonstrations and a few special guests.

Union Fee

(Continued from Page 1)

In the absence of the funds would be a cutting of personnel which would lead to a lessening of services to students. Air-conditioning, check-cashing, furniture maintenance, housekeeping of meeting rooms and corridors, and floral decorations are other activities which would have to be curtailed, he said.

(The third in this series will be in tomorrow's Battalion.)

Bridge Club Meets Thursday in MSC

The Aggie Wives' Bridge Club will hold their first meeting of the fall, Thursday at 7:30 p.m. in the Memorial Student Center.

There will be intermediate and advanced groups and also classes for beginners taught by faculty wives.

Hostesses for this meeting will be Lucille Pryor and Minnette Carpenter for the advanced and Peggy Weaver and Mary V. Lyles for intermediates.

"We would like to welcome all student wives to join regardless of bridge knowledge," said Mary Dannenburg, reporter for the club.

Planning to serve creamed shrimp with green peas? Use the cooking liquid from the peas and some of the stock the shrimp was cooked in for the sauce. The peas, of course, should be cooked in a small amount of water so there won't be much liquid in the pan when they are done. The shrimp stock should have bay leaf, a clove, a few peppercorns, some celery leaves and salt.
