Stationery Free For A&M Students

Once again, Aggies will not be able to use the excuse of not being able to afford stationery as the reason for not writing home. The State Federated Mothers' Clubs have provided stationery for students use at the main desk of the MSC. Just come by the desk and get enough stationery to write a letter.

Board Makes Appropriations

Appropriations of \$532,486, largely for new construction and plans for future construction, were approved by the A&M System Board of Directors, meeting here Saturday. Contracts were let for a new library building at Tarleton State College, Stephenville, and for street and sidewalk improvements at A&M College and Prairie View A&M.

Largest appropriation was \$393,486 for construction and equipment of a new library building at Tarleton State College, Stephenville, and for street and sidewalk improvements at A&M College and Prairie View A&M. Others included \$66,000 for construction of a wool and mohair laboratory at A&M, \$38,000 for furniture for the classroom building being occupied by Business Administration Department and new offices in the YMCA building, \$15,000 for addition to the budget of the System administration, \$5,000 for plans for new generator and boiler installations, \$1,000 for plans for improvements at the college airport, \$2,000 for plans for new greenhouse for plant studies, \$500 for plans for roads in the agricultural areas, \$5,500 for installation of an \$11,000 pellet machine donated by industry to the poultry husbandry department, \$2,000 for plans for air-conditioning the first unit of the System Administration Building, \$3,000 for completing additions to the Coliseum and \$1,000 for preliminary studies on a chapel, all at A&M College.

Contract for the new library building at Tarleton State College was awarded Ross and Son, Brownwood, on a low bid of \$361,415. R. B. Butler, Inc., Bryan, was awarded contract for pavement sidewalks, curbs and gutters at A&M on a bid \$34,321 and for similar improvements at Prairie View A&M College on a bid of \$8,618.

The president of Arlington State College was authorized to receive bids for razing and removing two two-story buildings on the Arlington campus, long used for girls' dormitories.

In approving plans for improvements at Easterwood Airport, the board authorized the chancellor to negotiate for federal aid which would require matching college funds not to exceed \$85,000. Accepting a check for \$150,000

and pledge for \$50,000 more if needed as a gift from the Association of Former Students for construction of an all-faith chapel for meditation and prayer, the board allocated \$60,000 additional college funds for completion of the chapel, if needed.
