COLLEGE STATION, TEXAS, WEDNESDAY, NOVEMBER 16, 1955

PRICE 5 CENTS

Bonfire Center Pole Raised; Guarding Starts Tonight At 7

Blisters Lead Injuries As Cutting Area Cleared

Blisters, blisters everywhere, and all the hands were sore; blisters, blisters everywhere and there's sure to be some more.

That's the story of the A&M student body as work gets underway on the annual bonfire. One cutting area has been cleared and the other was to be entered today as work goes on its third day.

The center pole and about 20 logs went up yesterday. Squadron 21 volunteered to stand guard around the bonfire area last night as the center pole was raised earlier than expected this year.

Two boys were injured in the cutting area yesterday.

January Grads Will Discuss Ceremonies

In a recent poll of 66 January graduates, 80 per cent voted in favor of January commencement and baccalaureate exercises, said Robin K. Ransone, a senior who has been organizing the drive for ceremonies.

If they are held, both baccalaureate and commencement will be scheduled Jan. 20 or 21, before final examination week. If it could not be held before final week it is assumed that no one would be interested.

Should the College Administration approve the ceremonies, it would become mandatory for all candidates to attend the baccalaureate and commencement exercises.

All January graduates will meet tonight in room 2-A of the MSC to discuss the program.

Gadkari Elected

Prabhakar Gadkari of India has been elected president of the United Nations Club. He is a graduate student. Other officers elected include Ivo M. Ferreira, vice-president; Max A. Casalta, treasurer; and Luis A. Lopez, secretary.

Notice Received

A notice has been received from Mr. and Mrs. J. B. Koyim and daughter Vivian, parents and sister of James Burnis Koyim, who died of a heart attack at A&M Nov. 2. The notice expressed gratitude for the kindness and sympathy shown by students at Texas A&M. The deceased was a freshman from Pasadena, Tex.

Town Hall

Four Freshmen Here Friday

Probably the only freshmen on the campus this Friday who will not be working on the bonfire for the Texas game will be Ross and Don Barbour, Ken Errair and Bob Flanigan.

No, they're not sick, hurt or two-percenters; these four are here for entertainment purposes. For Friday night at 8 in White Coliseum the Town Hall series will present the Four Freshmen, vocal and instrumental stars for Capitol records.

The doors open at 7, and Town Hall tickets, part of the activity card package-deal, are good for the show. Individual tickets are as follows: General admission, \$1 for students and \$2 for non-students; reserved seats, \$1.50 for students and \$2.50 for non-students.

Reserved seats will be sold at the door Friday night, but general admission tickets are now on sale at the Office of Student Activities, second floor of Goodwin Hall. There are still some season tickets, both general admission and reserved, on sale.

The quartet had its beginning in 1948 at the Arthur Jordan Con-

servatory of Music in Indianapolis, where, having discovered that they had mutual tastes and a happy blend of voices, the boys decided to apply their talents commercially as a group.

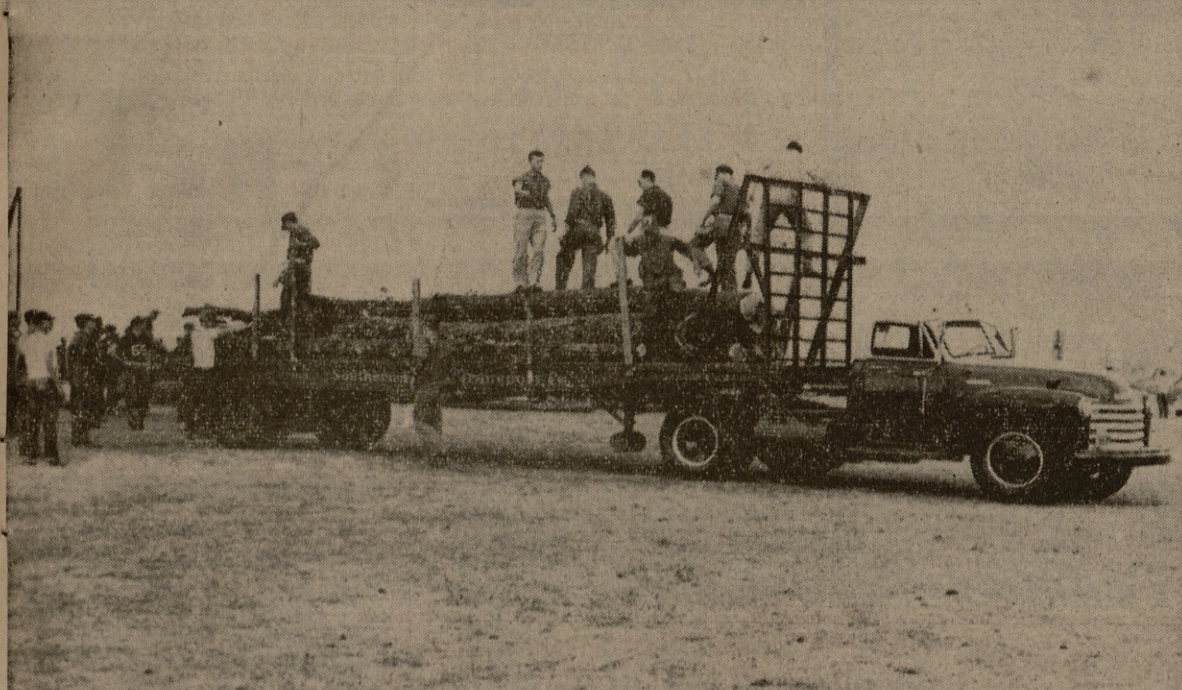

The foursome is especially noted

for its versatility. Ross, the drummer, doubles on trumpet. His brother, Don, the guitarist, splits vocal solos with Ken, who handles trumpet, bass and French horn. Bob plays both bass and trombone.

Among the songs scheduled for the program are "It's A Blue World," "It Happened Once Before," "Seems Like Old Times," "It Never Occurred To Me," "Please Remember" and "Day Isn't Long Enough."

The Four Freshmen To Be Here With Town Hall

FIRST LOAD—The first truck load of wood brought to the drill field this year was driven by Frank Gajewsky and Earl Hall, Class '55 civilian students. The truck was furnished by North American Van Lines. This load was stacked before dark and gave freshmen the first look at what will finally turn out to be the world's largest bonfire.

Last Performance Tonight

'Court-Martial' Well Acted

By JIM NEIGHBORS
Battalion Staff Writer

The Aggie Players performed the "Caine Mutiny Court-Martial" with ease and professional ability at their second performance of the drama last night.

Playing to a spare, but appreciative, audience in the Memorial Student Center ballroom, the stu-

dents did an excellent job on one of the most difficult plays to be produced in the round.

Special mention must go to Harry Gooding, who played the exacting role of Capt. Queeg, the ship's tyrannical captain, for his professional performance. Other outstanding characters were those played by Don Powell, as the advocate general; Charles Ware, the defense attorney; and Bill Swann, the accused Maryk.

The supporting cast gave convincing characterizations which added to the enjoyment of the famed Herman Wouk play. Toby Hughes, Hugh Lanktree, Roy Eckard, Don

Fisher, Jim Leissner, Les Cochran, Ted Castle, Roger Alexander, Roy Cline, Ward Boyce and Roger Clark did not have many lines, but their respective acting was an asset to the overall performance.

C. K. Esten, director of the play, deserves a lot of credit for the smooth performance, which was the result of many weeks of patient and painstaking rehearsals. He has another successful production to add to his long list of successes.

Tonight is the last night the play will be given. Curtain is at 8, and admission is 50 cents for student and 75 cents for adults.

Tachibana Elected

Richard Tachibana, senior animal husbandry major, was elected president of the Lower Rio Grande Valley Club recently. Other officers elected are E. B. Gray, vice-president; Eddie Priest, secretary; Warren Tenney, Treasurer; Ronald Parker, reporter; and Tommy Roberts, sergeant-at-arms.

Weather Today

COLDER

A low of 28 or 30 degrees is expected tonight from the cold front that moved in early this morning. Yesterday's high of 85 degrees dropped to 48 degrees early this morning. Temperature at 10:30 a.m. was 51 degrees.

UN Security Council To Settle Membership

UNITED NATIONS, N.Y.—The United States late yesterday called for a meeting of the U.N. Security Council soon to consider the deadlocked new membership question.

If all those bidding for membership are accepted the U.N. roll would increase from 60 to 78 countries.

But the various characteristics of the countries knocking for admittance and the means of getting them in have been for years subject to dispute between the Western and Soviet powers.

The new U.S. move to take the bids once more to the Security Council was challenged in some quarters.

Under the rules the Council provides the real test because any of the big five powers—the United States, the Soviet Union, Britain, France and Nationalist China—can veto any applicant. Russia has vetoed many, and repeatedly, in the past.

With council approval, an applicant needs only the usually perfunctory okay of two-thirds in the General Assembly.

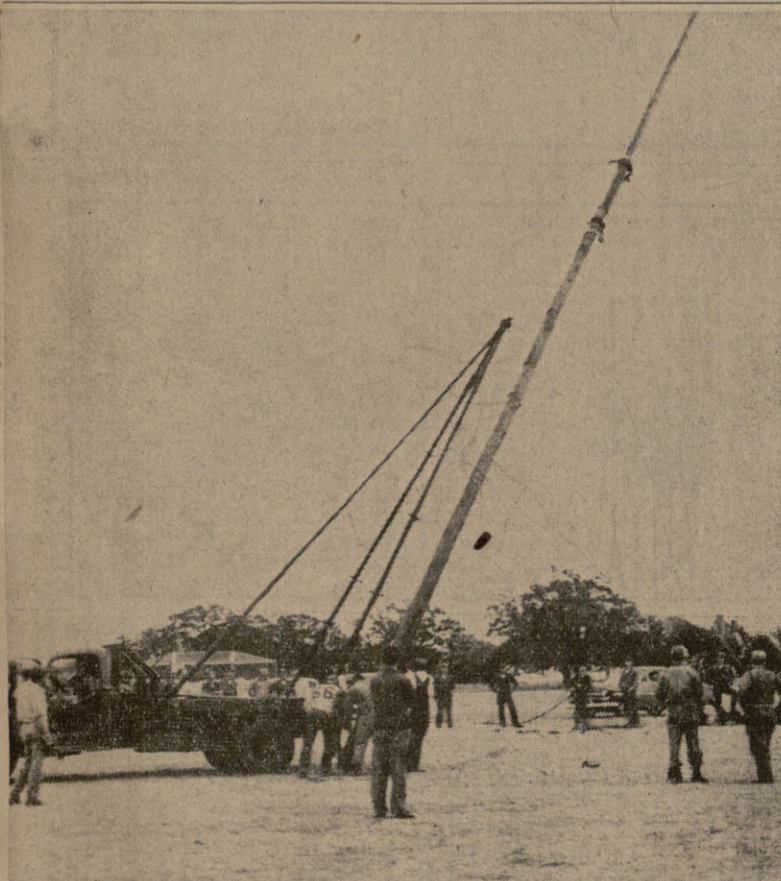

The call for a council meeting shortly came as support mounted for a Canadian move to admit 18 applying nations, including Outer Mongolia, a satellite neighbor of both the Soviet Union and Red China.

The U.S. request caused a commotion in diplomatic quarters. Delegates of 22 countries sponsoring the Canadian Resolution immediately caucused and decided some expression of opinion by the Assembly should be made before the council acts.

Some diplomats said at least 42 of the 60 U.N. countries would vote for the Canadian plan.

Rogers Elected

Morris R. Rogers has been elected president of the Howard County Hometown Club. Other officers elected are Jimmy Porter, vice-president; John Dorsey, treasurer; Pat Crossland, secretary; Charles Fox, reporter; and Herbert W. Whitney, social chairman.

UP SHE GOES—The center pole, 60 feet tall from the ground up, was raised yesterday and some logs stacked. Squadron 21 volunteered to guard the bonfire area last night as the pole went up sooner than was expected. The pole was donated by Dr. S. J. Buchanan of the Civil Engineering Department.
