FRIDAY, JANUARY 20, 1956

Marching Mothers

The Mother's March on Polio will be held tonight between 7 and 8, giving anyone who has not had a chance to contribute to the fight against polio an opportunity to do so.

All you have to do is turn your porch light on. The mother will come and take your contribution. So, don't forget; those of us who are whole have a moral and social obligation to help those who are crippled.

The battle against infantile paralysis is not yet won.

Health Report

Diarrhea was the leading disease in the College Station area with 14 cases reported to the County Health Unit.

Three diseases—chickenpox, influenza and mumps—were next with six reported cases each. One case of polio, that of A&M senior Thomas William Taylor, was reported. Taylor's case was the first reported in the county this year.
