

Bagley Hall Gets Repainting Work

Repainting Bagley Hall is one of several jobs which the Building and College Utilities Department is undertaking this year, according to J. K. Walker.

Window sills and inside walls are being repainted this week by workmen. Workmen are repainting the Mechanical Engineering Shops, remodeling Francis Hall, the former veterinary medicine building, and remodeling the YMCA.

Work on the YMCA has been in progress all year. It is being completely remodeled on the inside to accommodate offices which are now in Goodwin Hall.
