**Kathy Neinast Elected President of Council**

Kathy Neinast, representing the Aggie Wives Bridge Club, was elected president of the Aggie Wives Council, now in its second semester on the campus.

Other officers elected were Verena Mounce, geology, vice-president; Patti McAlexander, electrical engineering, secretary; Joy Churchill, business administration, treasurer; Nancy McCarty, geology, parliamentarian and Betty Keith, animal husbandry, reporter.

Members of the council discussed a four point schedule for consideration of the various clubs represented. These four points were 1) baby sitting project; (2) charm course for all Aggie wives; (3) group graduation of PhT degrees; (4) compose list of speakers from the wives clubs.

Club representatives will discuss the above plan with their respective clubs, and the matter will then be brought before the council at the next meeting, March 12.

The council will meet in the YMCA on the second and fourth Mondays of each month at 8 p.m.

Last semester the newly formed club, with the help of Bennie Zinn, head of student affairs, composed a list of married students and their majors as prospective members of the clubs and they sponsored the married student dance, "Autumn Nocturne" that was held in November.

**AES Wives Elect Barbara Young**

Barbara Young was recently elected president of the newly formed Agricultural Economics and Sociology Wives Club.

Assisting her are Betty Jennings, vice-president; Maxine Stansberry, secretary; Karen Tedder, corresponding secretary; Augusta Sasser, treasurer; Jackie Decker, parliamentarian and Billie Jean McDonald, reporter.

The club will meet the first and third Mondays.

**Social Whirl**

AERO Wives will meet tonight at 8 in room 3C of the Memorial Student Center to form an Aeronautical Engineering Wives Club. All Aero wives are urged to attend this meeting.

**Col. Adams Speaks Before A&M Clubs**

Lt. Col. E. V. Adams, A&M band director, has currently been appearing as guest speaker for several of the A&M former students clubs over the state.

At each of his appearances, he has shown motion pictures of the half-time drills performed by this year's Band. Also shown were films of the Band's trip to California earlier this year. Each of the former students clubs in the state contributed to help raise the money required to send the Band to California.

Lt. Col. Adams is appearing before the Corpus Christi A&M club today where he will be interviewed on radio and television. In addition to his interviews, he will show the Band drill films to the A&M club there.

**TO INTERVIEW**  
ELECTRICAL, MECHANICAL, AERONAUTICAL  
ENGINEERS ABOUT TO GRADUATE

At Convaire, in beautiful, smog-free San Diego, California, you will find the diversity of challenging, far-reaching projects that offers you the unlimited career opportunity you seek.

This is young country, beautiful, exciting country—the very heart of the busy, vital aircraft and missile industries. And good, young engineers are needed now to grow with new, long-range aircraft and missile programs.

You will find the Convaire Engineering Department a genuine "engineer's" engineering department—imaginative, energetic, explorative. You will discover the very latest engineering equipment, excellent working conditions, salary, personal job advantages, and opportunities for continuing education.

Remember these facts about Convaire: Convaire was awarded the Nation's first production missile contract and the first production contract for supersonic all-weather interceptors.

Convaire has the greatest diversity of aircraft engineering projects in the country, including high performance fighters, heavy bombers, large flying boats, transports, trainers, seaplane fighters, vertical take-off aircraft and guided missiles.

Convaire has a completely integrated electronic development program devoted to advanced development and design on missile guidance, avionics projects, radar systems and special cathode ray tubes.

Now you are invited to get full information about your career at Convaire. Talk it over with our Convaire Engineers on your campus soon.

**GRADUATING CIVIL ENGINEERS** interested in the field of aircraft structure are also invited to apply.

Graduate degree candidates in Engineering, Mathematics or Physics are invited to discuss Convaire opportunities in the general field of advanced engineering analysis and design.
