NORTH AMERICAN HAS BUILT MORE AIRPLANES THAN ANY OTHER COMPANY IN THE WORLD

engineers, scientists, physicists, mathematicians...

CAN YOU THINK BEYOND MACH 2?

Designing Airborne Vehicles of the Future traveling at speeds so great that thin air becomes a blazing, solid wall... is the challenge that North American offers to aeronautical engineers and to specialists in most other sciences.

SABRE—holder of the world's first supersonic speed record—was designed and built. Share the knowledge and experience that has led to North American's supersonic supremacy. Be a part of a compact team of top engineers and scientists. Work on the most advanced projects right from the start. Enjoy personal rewards and recognition from challenging assignments.
