

French Princess Visits Here Saturday

Princess Marie de Croy of Nièvre, France, will arrive in Aggie-land Saturday afternoon to spend ten days seeing ranch life and cattle in Texas.

Since she produces both beef and sheep on her 350-acre estate, which she manages herself, she is particularly interested in seeing beef

cross-breeding work and sheep production.

Princess Marie has a special interest in Charolais cattle, since her great-grandfather, Count Bruyere d'Azy, originated the breed from which the bulk of her income is derived.

D. A. (Andy) Adam, staff assistant of the extension service, is in charge of Princess Marie's program while she is in Texas. He has arranged for her to spend time with Dr. J. C. Miller, head of the animal husbandry department, and his staff. She will next go to Texas Agriculture Experiment Station's substation at McGregor where Superintendent Henry O. Hill will be in charge.

Following both these visits she will be the guest of W. D. Parker, newly elected president of the International Charolais Breeders Association, and his wife in Houston. As guest of the Parkers, the Princess will attend the Charolais sale at C. M. Frost's Figure Four ranch near Brookshire, where she will study ranch life.

The College Station chapter of the American Association of University Women also has planned several social functions for Princess Marie while she is here.

The princess is in America by arrangement with the U. S. State Department, but is paying her own expenses, Adam said.

Aggies

filming of a new Warner Brothers picture, "Into the Unknown", starring William Holden, that was being shot on the base.

One of the last stops at Edwards was a visit to a rocket sled, used in testing ejection equipment by the AF.

The group left Edwards AFB Friday and returned to Bryan early Saturday morning.

"We were all very impressed by our visit," said Whitney, "and considered it an honor that we were the first AFOTC students to ever visit Edwards AFB, one of the top security bases in the U. S."

Buckholt Named

Eugene Bockholt was the winner in a write-in election held in Bizzell Hall for the election of a Student Senator from that dormitory, said Brad Crockett, chairman of the election commission, last week.

"Roy Henry's clearing his used car lot all the way from the latest to the oldest models. Here's a chance for you to pick up a good clean used car, with plenty of miles left in it at a very low cost. Look at this:

- 1949 FORD TUDOR—excellent condition, paint in perfect condition **\$425**
- 1951 PONTIAC CATALINA—beautiful interior, fully equipped, just like a new one **\$795**
- 1953 PONTIAC 4 DOOR SEDAN—unbelievably clean, one car owner, extra low mileage **\$1250**
- 1950 CHEVROLET 4 DOOR SEDAN—many good miles left in it **\$295**

Mrs. Thomas W. Taylor
The former Miss Rhoda Jean Huntley

January Polio Victim

Taylor-Huntley Vows Read

Thomas W. Taylor, January graduate of A&M who contracted polio two weeks before graduation, and Rhoda Jean Huntley were united in marriage Saturday at Gonzales Warm Springs Foundation Chapel.

The Rev. Robert J. Sebesta, of Rocksprings officiated at the double ring ceremony, which was held at 2:30 p.m. Saturday.

Mrs. W. H. Taylor, an aunt of the groom, sang "Because" with the accompaniment of Mrs. R. J. Sebesta.

Carole Thomas and Terry Ryan

Canned vegetables are already cooked, so if you boil them instead of just heating them thoroughly, you'll destroy food values, flavor, and texture.

were honor attendants.

Taylor was stricken with paralytic and bulbar polio Jan. 10 and was the first case in Brazos County for 1956. He was in Breckenridge Hospital in Austin until Feb. 18 when he was moved to Gonzales.

The last report received at The Battalion the latter part of February, Taylor had regained partial movement of his left leg and arm but his right side was still almost completely paralyzed.

The Academic Council voted in January to grant Taylor his degree in building products marketing since he had missed only ten days of classes.

Social Whirl

AGRICULTURAL EDUCATION Wives Club will meet at 7:30 tonight in the YMCA. Glendon Jones will show slides of the Far East.

BAND WIVES CLUB will meet tonight at 7:30 in the YMCA.

BOWLING LEAGUE, Aggie Wives, will meet at 8 tonight for the round robin tournament in the Memorial Student Center.

CAMPUS STUDY CLUB will meet at 3 today in the YMCA.

NEWCOMERS CLUB will hold a bridge and canasta party at 2 p.m. Wednesday at the home of Mrs. Charles Jeffries, 1103 Walton. Mrs. Judd Morrow is chairman hostess. The Newcomers Club is composed of members of the A&M Social Club who have been in College Station no more than three years.

CHEMICAL ENGINEERING Wives Club will meet at 8 p.m. Wednesday at the Bryan Sewing Machine Co. in Ridgecrest shopping center. The Neechi Sewing machine will be demonstrated to club members.

Mary Lyles Leads Agronomy Wives

Mary Lyles was recently elected President of the newly formed Agronomy Wives making this the 20th wives club on the campus.

Other officers elected were Nancy Richmond, vice-president; Esther Ellis, secretary; Margaret Gilmore, treasurer; Mariam Namkin, reporter and Nina Johnson, social chairman.

NORTH AMERICAN HAS BUILT MORE AIRPLANES THAN ANY OTHER COMPANY IN THE WORLD

engineers, scientists, physicists, mathematicians...

CAN YOU THINK BEYOND MACH 2?

Designing Airborne Vehicles of the Future traveling at speeds so great that thin air becomes a blazing, solid wall... is the challenge that North American offers to aeronautical engineers and to specialists in most other sciences.

Join North American's engineering operations at Los Angeles. Here's where the F-100 SUPER

SABRE — holder of the world's first supersonic speed record—was designed and built. Share the knowledge and experience that has led to North American's supersonic supremacy. Be a part of a compact team of top engineers and scientists. Work on the most advanced projects right from the start. Enjoy personal rewards and recognition from challenging assignments.

See your Placement Office for an appointment with the North American Representative, or Write:

Bill Nance, Dept. 56COL, Engineering Personnel Office, North American Aviation, Inc., Los Angeles 45, Calif.

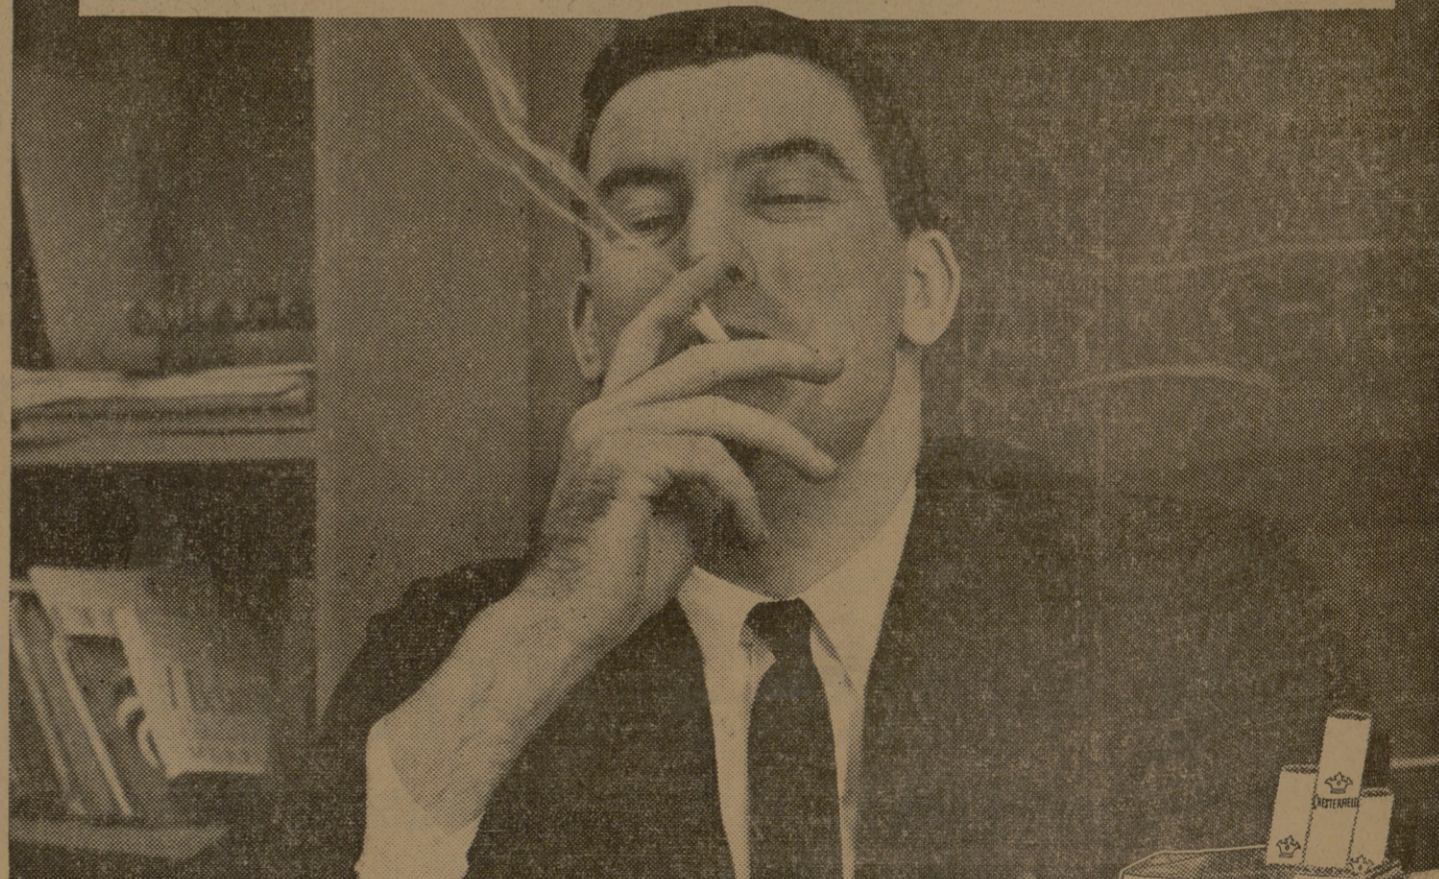

Engineering Ahead for a Better Tomorrow

PACKS MORE PLEASURE

because it's More Perfectly Packed!

Satisfy Yourself with a Milder, Better-Tasting smoke—packed for more pleasure by exclusive Accu-Ray

The more perfectly packed your cigarette, the more pleasure it gives... and Accu-Ray packs Chesterfield far more perfectly.

To the touch... to the taste, an Accu-Ray Chesterfield satisfies the most... burns more evenly, smokes much smoother.

Firm and pleasing to the lips... mild yet deeply satisfying to the taste—Chesterfield alone is pleasure-packed by Accu-Ray.

CHESTERFIELD MILD, YET THEY Satisfy!
