

Weather Wins Wednesday Ags Host 'Kats Today

By BARRY HART
Assistant Sports Editor

A&M's defending Southwest Conference baseball champions met defeat for the first time in 1956 Wednesday—at the hands of the weather.

High winds and rapidly falling temperatures with the advent of a quick norther forced postponement of the Aggies' scheduled game with the Sam Houston State Bearkats.

Weather obliging, A&M will meet Sam Houston for the second time today at 3 p.m. on Kyle Field.

With winds gusting to 40 mph and the temperature dropping into the 40's, Coach Beau Bell postponed Wednesday's game rather than risk having one of his pitchers come

down with a sore arm and be forced out of action.

The extra day's rest may bring regular third baseman Joe Worden back into the starting lineup. Worden has had an injured leg, but may be able to return to action today. If not, he will be replaced by sophomore Lupe Fraga.

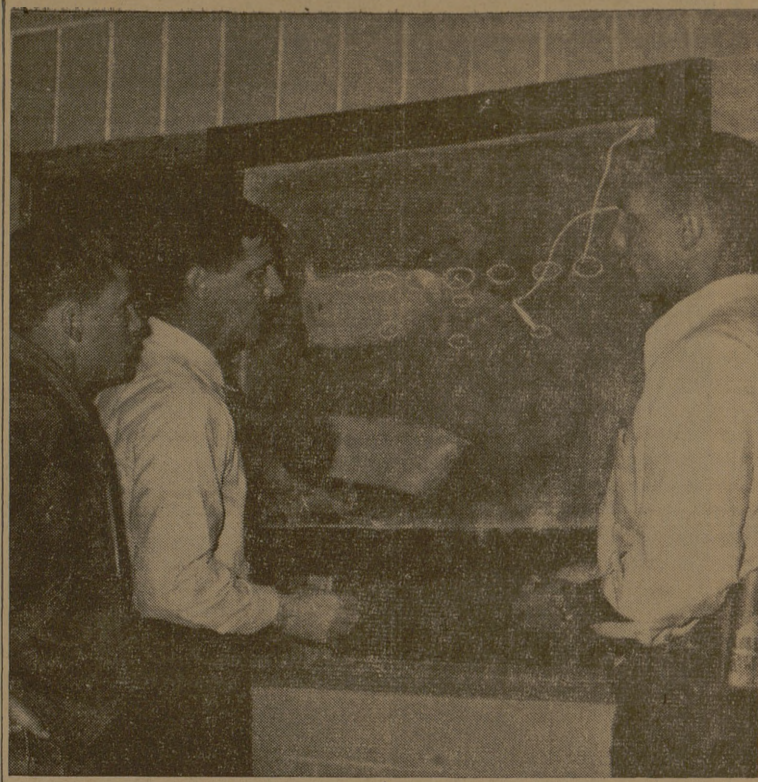

The remainder of the lineup is unchanged with either Dick Munday or Doug Mullins getting the call to the mound. Munday received credit for A&M's season-opening win over the Bearkats, 6-3, in Huntsville, giving up three runs and seven hits in the seven innings he worked. Mullins hurled the last two against the prison town team,

striking out four and giving up no hits.

Sophomore Jim Smotherman, who banged home two big runs on a long double in the seventh of the first game, with A&M behind 4-3, will be behind the plate.

Dependable John Hoyle, who made only two errors in 216 chances as a sophomore last season, will open at the initial sack with Dick Bleckner at second, Worden or Fraga at third and Captain Joe Boring at the short position.

Big Clyde Stinson will start in left field, John Stockton, whose home run smash in the bottom of the tenth gave the Aggies a 7-6 win over the University of Houston last Saturday, will be in center with port-sider Phil Newport in right.

COACH PHIL CUTCHIN diagrams a play for halfbacks Bill Dendy and Bobby Conrad, right. The Aggie footballers stayed inside yesterday and studied moves of Tuesday's scrimmage.

Dorm 16, D-Field Cop Grid Crowns

By JOE DAN BOYD

Keith Presswood's outstanding play in civilian football yesterday carried Dorm 16 to a 12-0 win over Leggett Hall and possession of the grid championship. Clayton Mohle's deceptive ball-handling wasn't enough to check the fired-up Dorm 16 team.

A rally by powerful A-Engineers came far too late in their upperclassman title match with underdog D-FA. Jim Spencer's artillerymen outplayed the Engineer team with a consistent aerial attack which came to life in the second half to send them ahead 6-2.

Carleton Hazelwood copped the heavyweight wrestling title for the second straight year by defeating Charles Kappelman in yesterday's wrestling finals. Both

grapplers are from Leggett Hall. John Watson of Sqd. 4 won the upperclassman 191-pound title by besting C-Infantry's Gene White. Jones wrapped up the 177 bracket for D-Infantry by downing Al Rial of A-AAA.

Bizzell's Raul Laustanau was awarded the 167 championship via a forfeit. Bob McDowell of Leggett out-grappled C-Infantry's Dub Bailey for the 157 division crown and Don Schoenfield of Sqd. 17 took the 147 title on a forfeit.

Dick Cappel of Sqd. 17 defeated Mitchell's Billy Steele for 137-pound honors while Don Burchard, defending champion in 130-pound ranks repeated by pinning down C-AAA's Ted Hrabel. Jim Terry drew a forfeit in the 123-pound division. All forfeits were attributed to sickness or injury.

LAREDO, Tex.—A record 94 schools have entered the Border Olympics, bringing 1,100 athletes here Friday and Saturday for the nation's first outdoor track and field meet of the year. The meet features Oklahoma A&M's powerful squad of 23 and Bobby Morrow, Abilene Christian's mighty sprinter.

LUBBOCK—The basketball situation got so desperate at Texas Tech yesterday that Coach Polk Robison called on the student manager and a football player to suit up.

NEW YORK—When the University of San Francisco, which has won 51 straight basketball games since the early part of the 1954-55 season, takes its perfect record into the National Collegiate tournament, the records will show the Dons have beaten only three of the 25 teams that qualified for the playoff.

Ag Bowlers Face BAFB, Trinity U.

The top five Aggie bowlers roll against the Bryan Air Force Base Jets Saturday at 2 p.m., while the top ten Bowling Club members will test Trinity University here Sunday afternoon at 2.

Bill Smith, who's 174 is currently the best average, is followed by John Redden, Clay McFarland, M. H. Butler and Fred McDonald to round out the top five Aggie kegglers.

Included among the top ten bowlers are Floyd Hardiman, Joe Bliden, Ken Savage, Al McClellan, Fred Hazlewood, Redden, McFarland, McDonald, Butler and Smith.

Golfers Look To Border Olympics

Coach Joe Fagan's Aggie golfers, runners-up in the Southwest Conference race last season, will compete in the coming Border Olympics at Laredo March 9-10.

Only one senior, David Vandervoort, is listed on the nine man roster this season. Four juniors, James Christopher, Jerry Durbin, Gary Fletcher and Marcelino Moreno, and four sophomores including Dick Chapman, Bobby Nichols, Stuart Nuckols and Harry Stiteler form the remainder of the squad.

A scheduled meet with Oklahoma A&M was postponed here yesterday because of the weather.

important on-campus interviews soon!

North American Representatives Will Be Here March 12, 13

You'll learn first hand about the advantages and opportunities in choosing a career with a future at North American. Here engineers and scientists are now discovering new frontiers in four exciting new fields.

AUTONETICS
A Division of North American Aviation, Inc.
In the field of ELECTRO-MECHANICAL ENGINEERING—producing new missile guidance systems, fire and flight control systems, computers and recorders.

ROCKETDYNE
A Division of North American Aviation, Inc.
In the field of ROCKET PROPULSION—the largest producer of large liquid-propellant rocket engines, more powerful propellants and turbines.

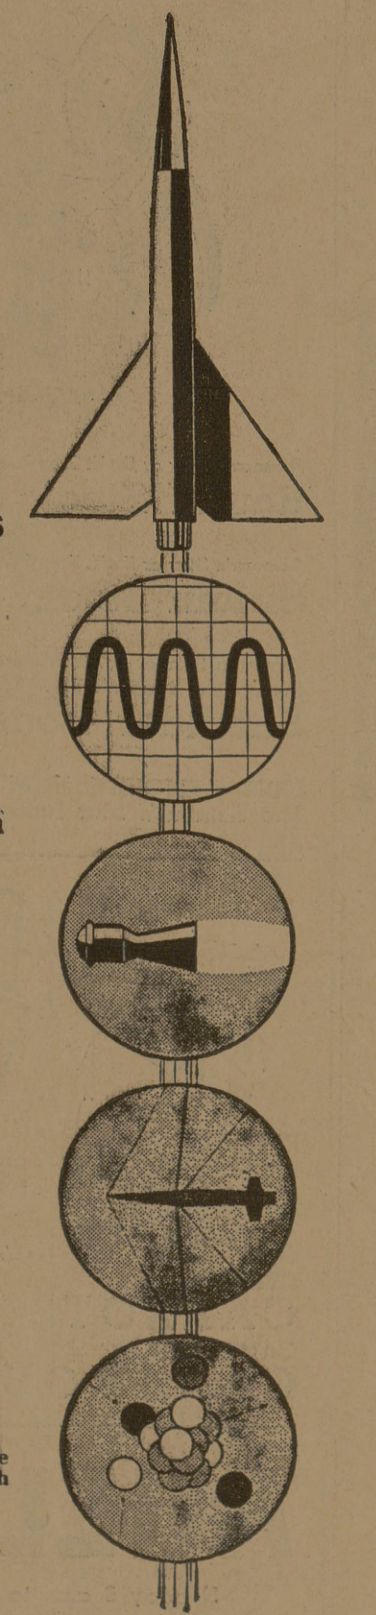

ATOMICS INTERNATIONAL
A Division of North American Aviation, Inc.
Peaceful application of ATOMIC ENERGY in any phase of reactor development, either for research or power production.

MISSILE DEVELOPMENT ENGINEERING
Engineering and developing Long-Range MISSILES—Intercontinental MISSILES... flying at hypersonic speeds.

Contact your placement office today. Make an appointment to see North American representative, Mr. J. W. Pietrowski on March 12, 13.

Or, write Engineering Personnel Director, Dept. 991-20 Col., North American Aviation, Inc., Downey, California.
