

## CHS Athletic Teams Have Long Weekend of Activity

A&M Consolidated sports moved into action in a big way last weekend. Among six sports taking the field were baseball, track, tennis and wrestling.

Consolidated's wrestling team won the state championship here last Saturday with David Lloyd, John Hammer, John Caywood, Carlos del Gado, John Wayne Todd, Bo Linton and Mark Nye gaining victories.

At the Bronco Invitational Relays at Dayton the Tigers' speedy medley relay team of Bill Hall, Don Tax, Dick Hickman and Jack McNeely won first place. CHS's tennis team took four matches and

dropped four at Rosenberg. Jo Ann Walker and Pam Sperry won singles matches while Margaret Manthei and Betty Mead took doubles-laurels along with Don Avera and Jerry Mills.

In baseball the Tigers lost their opening game to the Hearne Eagles at Hearne, 1-3, with CHS pitcher Edgar Feldman going all the way and giving up but three hits. Consolidated couldn't push across a run until the top of the seventh against the tough Eagles.

Hearne dented home plate for two runs in the first inning and added a third in the third.

## If Weather Permits

# Ag Baseball Team Hosts Lutherans

Weather permitting, A&M's unbeaten baseballers go after their fourth straight victory tomorrow afternoon at 3 on Kyle Field when they take on tough Texas Lutheran.

"If the weather is still bad tomorrow," we'll postpone the game until Thursday or Friday," said Coach Beau Bell. The Cadets are scheduled to meet Texas Lutheran again Saturday at Seguin.

Bell named four candidates for the starting mound assignment tomorrow, including Wendell Baker, Dick Munday, Paul Lang and Doug Mullins. All are righthanders.

Baker, junior fireballer, hand-cuffed Texas Lutheran last year at Seguin, 6-3, and in his only outing this season gave up one run to the University of Houston in five innings. Munday has a 1-0 record this year, having turned back Sam Houston, 6-3, in the season opener at Huntsville.

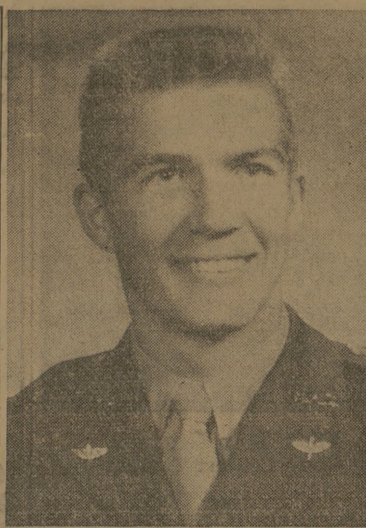

Lang took credit for the Aggies' 7-6 win over Houston in a sparkling relief role while Mullins pitched four and two-thirds innings of no hit ball to gain a 4-1 decision over Sam Houston here last Thursday. In six and two-thirds innings of relief work this season Mullins

has allowed no hits, no runs, struck out six and issued only three walks.

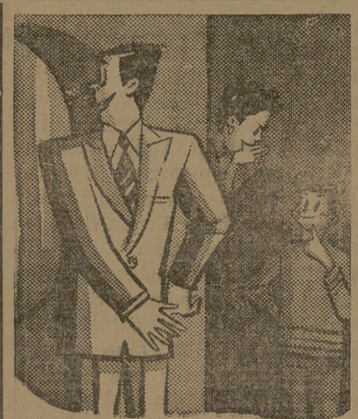

One of Coach Beau Bell's sore spots at the beginning of the season was finding a replacement for two-time all-Southwest Conference catcher Jimmy Williams. James Smothermon, a sophomore, appears to have solved that problem for the present at least.

"He's still got a lot to learn," said Bell, "but he's been improving steadily since the season started. I'm pleased with his progress thus far."

Joe Worden, who landed the third base job at the beginning of the season and sat out last Thursday's game with a sore leg, is scheduled to return to action against Texas Lutheran tomorrow. A good hitter, Worden is a Florida junior college transfer.

JAMES SMOTHERMON has switched from outfield to catcher this year and is now holding down the No. 1 back-stop job. James got three hits in four trips to the plate against Sam Houston last Thursday.

That "new suit" I "bought" for Dad is really an old one I had rejuvenated at . . .

**CAMPUS CLEANERS**

## Soccer Team Undefeated

Unbeaten in four starts, the Aggie soccer team dumped Chance Vaught Aircraft of Dallas here last weekend, 2-1. The Aggies' offense was paced by Carlos Salinas and Jacintho Iacovone, who each scored one goal. The defense was led by Ernesto Alvarez from Santa Ana, El Salvador.

Field at 2 p.m. Sunday. Admission to the games is free.

Smoky Burgess hit 20 homers for Cincinnati last season and tied Ernie Lombardi's record for most homers ever hit by a Redleg catcher. Burgess also hit one home for the Phillies before he went to Cincinnati last season.

## J. Paul Sheedy\* Was Up A Tree Till Wildroot Cream-Oil Gave Him Confidence

"Gorilla my dreams, I love you," said Sheedy outside his sweetie's window. But she was playing it cagey. "Get lost Gargantua," she said. "I've seen better heads on coconuts." Then Sheedy got wise to Wildroot Cream-Oil. Now he has confidence in his ape-earance because Wildroot keeps his hair handsome and healthy looking the way Nature intended. . . neat but not greasy. Contains heart of Lanolin, Nature's finest hair and scalp conditioner. So don't monkey around with messy hair. Get Wildroot Cream-Oil, America's largest selling hair tonic. In bottles or unbreakable tubes. It gives you confidence in any situation. Use Wildroot Cream-Oil every day and you Congo wrong.

## Tech Knocks Aggies Out of Olympics Title

Georgia Tech entered only two men in the Border Olympics last Saturday in Laredo, but they were enough to knock A&M out of the meet title.

Carl Vereen and Fred Berman of the Southern conference school won the discus and shot put to take six valuable points away from the Aggies and drop the Cadets to third place, with 51 1/2 points. Oklahoma A&M took the championship for the second straight year, edging Texas, 56 to 53 1/2.

"We would've won," said head track coach Frank Anderson, "if those Georgia Tech boys had stayed home." Ironically, it was first time Tech had entered men in the big Laredo meet.

Tom Bonorden, Bobby Gross and Herman Johnson placed second, third and fourth in the shot, and repeated in the discus with Gross second, Johnson third and Bonorden fourth.

Bill Cocks ran perhaps the two finest races of his collegiate career, missing second place in the mile by two feet and, minutes later, repeating with a fine third in the 800.

The Aggies, who led in the point totals right down to the finish, lost the final race, the mile relay, by one stride to champion Oklahoma A&M with Texas taking

third. Winton Thomas tied for first in the pole vault, at 13-6, James Clark tied for third and Jim Jackson took fifth.

Oran Helvey and Joe Schiraldi ran third and fourth in the javelin and Emmett Smallwood placed third in the 220-yard low hurdles.

**LOCKHEED**  
Aircraft Corporation

California Division | Missile Systems Division

---

Staff Representatives will be on campus to discuss your future **Wednesday, March 14** in Lockheed's expanding research and development program

---

Both divisions of Lockheed are engaged in a long-range expansion program in their fields of endeavor.

---

California Division activities in Burbank cover virtually every phase of aircraft, both commercial and military. 46 major projects are in motion, including 13 models of aircraft in production — extremely high-speed fighters, jet trainers, commercial and military transports, radar search planes, patrol bombers. The development program is the largest and most diversified in the division's history. New positions have been created for graduates in: Aeronautical, Civil, Electrical and Mechanical Engineering and Mathematics and Physics.

Missile Systems Division, Van Nuys, California specializes in the technology of guided missiles. Its research and development cover virtually every field of scientific endeavor, and offer Engineers and Scientists problems of increasing complexity. Positions are open for B.S., M.S. and Ph.D. candidates in: Aeronautical, Electrical and Mechanical Engineering and Mathematics and Physics. In addition, a scholarship program leading to M.S. Degrees has been established for those able to qualify for graduate standing.

---

This broad expansion program is creating new positions in each division. Graduates in fields of Aeronautical Engineering, Electrical Engineering, Mechanical Engineering, Mathematics and Physics are invited to investigate their role in Lockheed's expansion.

Separate interviews will be given for each division.
