Local Scouts Planning Trip To Canada

A group of local Explorer Scouts are planning an "Adventure Trail" trip to Canada this summer. The "jumping-off point" for the Canada wilderness trek will be the Charles L. Sommers Canoe Base near Ely, Minn.

From the base camp the boys will proceed into the Quetico Provincial Park in Ontario, Canada. The entire trip is expected to take from 21 to 24 days, including 10 days in Canada.

Each boy is expected to earn all he can toward paying his expenses for the trip. He must earn at least one-third of the \$76.50 cost to be eligible for the trip.

Transportation, which would be the major cost of the trip, is being furnished by Ford Motor Co. dealers. Several dealers enroute will furnish transportation for the scouts. Air Force Bases along the way will furnish meals at mess hall prices.

While in Canada the scouts will travel entirely by canoe or foot. The vegetation and game in the park is described as being "quite abundant". Each group will have an experienced guide and will "live off the land" as much as possible.

News of the World

By The ASSOCIATED PRESS

WASHINGTON—President Eisenhower made a fervent plea yesterday for moderation on both sides in the dispute over school integration. He asserted at the same time that the "good sense" of the American people will see to it that "progress" is carried out. And he noted that the Southern members of Congress who issued a pro-segregation manifesto earlier this week specified that "legal means" will be used to fight the Supreme Court's ban on public school segregation.

MANCHESTER, N.H.—"People got mad." You hear a variety of explanations in New Hampshire for the 22,000 write-in votes given Vice-President Nixon in the state's presidential primary elections. But this is the one most frequently expressed—"People got mad." Republican leaders said they believe a ground-swell of popular feeling built up for Nixon as a result of recent reports that he would be "dumped" from the GOP ticket this year.

WASHINGTON—President Eisenhower said yesterday American interests in the Middle East "are very greatly jeopardized." He made the remark in a news conference discussion of the Arab-Israeli differences.

Girl Scouts Honor 44th Anniversary

Brazos County Girl Scouts are joining Girl Scouts across the nation in celebrating National Girl Scout week, March 11-17, according to Bob Cherry, president of the Brazos Council. This is the 44th anniversary since the group started with 12 members, in 1912.

"Our local organization now has over 700 members and 100 girls taking part in its activities," Cherry said, "and we are considering dividing the county further, in order that we can have more room for more troops and leaders."

Miss Alice Mulkey, Girl Scout Field Representative for Texas, New Mexico and Oklahoma, is in College Station for a two day workshop for local leaders. Among topics for her discussion are "Board Member's Jobs", "Board Plans", and "A Look at the Future in Brazos County".

"The national organization now has over 2½ million members," said Cherry. "In College Station, our only senior troop is Troop 5, and it is greatly overcrowded. This points out the need for more troops and leaders."

Dress for the affair is combat style—fatigues, helmet liners and combat boots. Ed Stinnett, general dance chairman, said that "garden-

A&M's affirmative team, composed of Bill Heard and E. M. Huitt, won three out of seven rounds, failing to place in the tourney.

Recital Series Presents Quartet

The Alard String Quartet will be presented by the MSC Recital Series in the Assembly Room of the MSC at 8 p. m. tonight, according to Bob Rea, chairman of the Series.

Last year the Quartet won the National Federation of Music Clubs Young Artists Award in Chamber music. This is the first time in the history of the Federation this award has been presented in this category. This gave the Quartet a tour with the National Concert and Artist Corp. over the United States and a debut in Town Hall, New York City, in the fall of 1956.

The Quartet comes to A&M from the University of Texas where they have been teaching and coaching with Horace Britt, internationally known cellist and chamber music player.

This year they are engaged for many appearances throughout the Southwest with two concerts in Cincinnati, Ohio, and a concert in Havana, Cuba, Washington, D. C. and Baltimore.

Each member of the Alard Quartet is a gifted artist in his own right. The quartet is composed of Seymour Wakschal, violin; Donald Hopkins, violin; Arnold Magnes, Viola and Jorge Siere, cello.

Holders of Student Activities Cards will be admitted free and individual tickets will be on sale at the door for 75 cents each.

Offices in the move are The Battalion, Commentator, Aggeland, Southwestern Veterinarian, Engineer, Agriculturist and Office of Student Publications.

The four magazines and the Aggeland will have offices in the east wing of the YMCA. These offices are now ready for occupants. A library, conference room and darkroom also are located in the east wing at the end of the hall.

Occupying the north wing will be The Battalion and Student Publications offices. Flooring of these offices has begun and should be finished by the end of this week. These offices and the darkroom will be air conditioned. The mag-

New desks, filing cabinets and 29 secretarial-type chairs will be used in the offices. Very little old furniture will be moved from Goodwin. No new typewriters will be added, although repairs will be made on those that require it.
