

Fish Baseballers Drop 7-5 Battle to Ramblers

A&M's Fish baseballers dropped their fourth consecutive game yesterday afternoon at Allen Academy when the Ramblers turned seven singles, nine walks and a 2-run error into a 7-5 victory.

Next game for the Fish is Saturday afternoon on Kyle Field against the Texas Shorthorns. Game time is 2 p.m.

Bo Paradowski, Fish lefthander, limited the Ramblers to seven hits—all singles—but walked nine. He fanned nine, also. His opponent on the mound, Carlos Montemayor, was clubber for 12 hits including

three doubles but tightened up in the clutch.

Allen scored first in the third inning on a single, two walks, a sacrifice fly and a two-run error on a grounder to Don Young, Fish second-sacker. The winners added another in the fourth on three singles to go ahead, 4-0.

The Fish broke the scoring ice in the fifth with three runs on five hits. Paradowski doubled, Wendell Reed was hit by a pitched ball, Tommy Neumann doubled and Gary Herrington drove in two with a single.

Allen scored three in the sixth on two hits. Joe Rodriguez walked, Bill Mosley singled, Al Quintero was hit by a pitcher ball, and Joe Walker walked, forcing in one run. Montemayor's single then scored Mosley and Quintero.

YER OUT! Don Young, Fish second baseman, is out on a close play at first base in a game that saw the Allen Academy Ramblers grab a 7-5 victory from the Aggie first-year men.

Tiger Baseball Team Host To Brenham Tomorrow

A & M Consolidated's baseball Tigers host Brenham here tomorrow at 4 p.m. after losing an extra-inning affair to Bellville, 11-6, Monday.

Bellville knocked Consolidated from a four-way tie for first in the District 20-A diamond race. Tied 6-6 at the end of the regulation seven innings, the visiting nine dropped the bottom out of the game with five runs on three base hits and two costly Tiger errors

in the top of the eighth. Bellville now stand at the top of the heap with a 3-1 record while the Tigers are 2-2 after the first round of district play.

The Tigers had come from behind to tie the score in their half of the seventh. Singles by Bobby Witcher and Steadman Davis along with a walk, a Bellville error and Pete Rodriguez's double brought home the three runs that forced the game into overtime.

Ag Nine Holds Down 4th in SWC Rankings

A&M clung to its fourth place position in Southwest Conference standings last weekend by splitting a two-game series with the Baylor Bears, 1-5 and 12-3.

Baylor, which started the weekend tied with SMU for second place, dropped to third. Loop leading TCU stopped Texas twice to keep its one-game lead over SMU. Rice and the Longhorns are currently sitting in the cellar with identical 1-5 won-lost records.

A&M's ace lefthander, Toby Newton, had a no-hit shutout going against the Bears for five innings in Friday night's game, but a two-run error ignited a Baylor rally.

Dick Munday returned to his 1955 form with a fine pitching performance in beating Baylor 12-3 Saturday night.

The Aggies return to SWC play Friday afternoon at Austin against Texas.

Advantage, You

You'll make more fine shots with these rackets than any in their class.

The reason? Both the Spalding KRO-BAT® and the Spalding-made Wright & Ditson DAVIS CUP® deliver the "feel" you must have for full power and better control.

Both come in every weight and grip size for better tennis, match after match.

Use Spalding-made tennis balls. They're official for more major tournaments than all other brands combined.

Texas Tech Raps Ag Tennis Team

Texas Tech defeated the Aggie tennis team, 4-2, in a match played on the A&M courts yesterday morning.

Only points scored by the Aggies were by Rex Reed and Don Dixon in the No. 1 and 2 singles matches. Reed defeated David Kent of Tech, 7-5, 3-6, 7-5 while Dixon won over Tech's Billie Edd Gowen, 6-3, 6-4.

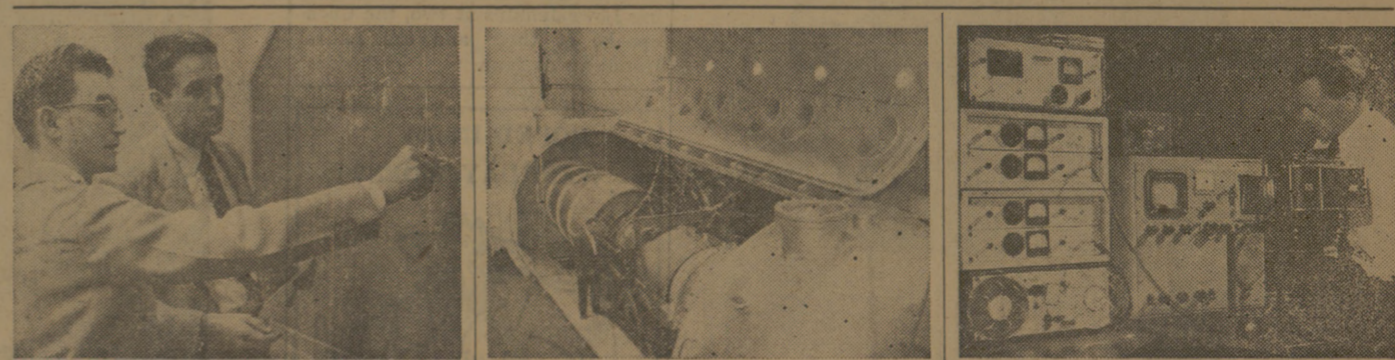

What's doing... at Pratt & Whitney Aircraft

Professors practice what they preach... and vice versa

Following a practice of twenty years, Pratt & Whitney Aircraft will again welcome a group of college professors as members of the engineering staff during the coming summer months.

Last year our "summer professors" represented colleges from coast to coast. They tackled important projects in such diverse fields as instrumentation and vibration, combustion, compressible flow, and materials development. Despite the limited time available to these men, they made significant contributions to our overall effort.

Though it was to be expected that both the company and the participating professors might benefit directly from such a program, the sphere of influence has been much broader. The many students who are taught by these professors during the college year are sharing the ultimate benefits... profiting from lectures that are sparked by the kind of practical experience that can be gained with a recognized industry leader like Pratt & Whitney Aircraft.

Several "summer profs" voluntarily spent part of their time conducting refresher courses for P & W A's young engineers.

One assignment involved a comprehensive survey of equipment for the expansion of high-altitude test facilities in Willgoos Laboratory, the world's most complete, privately owned jet engine lab.

Technical contributions were varied. Worthwhile assistance was given in vibration and instrumentation studies.

World's foremost designer and builder of aircraft engines
