

## How We Can Help

One definite factor hindering the investigation on quiz stealing has been the lack of fact.

College officials say they have received numerous reports and rumors, some in the form of complaints, but that most of these have failed to be substantiated by fact. Repeatedly they have said they can and will act, provided they have facts.

In such a matter as stolen quizzes where suspension from school is the possible penalty, rumors or hearsay don't carry much weight.

Although the officials haven't had much in the form of student help in regards to concrete evidence, it can well be imagined they appreciate the interest.

Such interest shows that there are those on the campus who can't stomach the practice of stealing quizzes. These people are thinking of the future and whether or not they can take pride in saying they graduated from Texas A&M.

The factual contributions from just one person will go a long way in helping remove the stigma of thievery our campus is getting.

## Interest Ran Low

Approximately one-fourth of the students here voted in the election yesterday which was to express the student body feeling toward segregation.

The outcome of the voting is not near as important as the number of those who voted. Such a poor showing doesn't declare a real victory on either side of the segregation fence. It does show however, those opposing integration had the strongest feeling.

Congratulations go to those who did have enough interest to vote, regardless of how they voted.

Howard W. Barlow

## Barlow To Give Grad Lecture Tomorrow Nite

Howard W. Barlow, director of the Washington State College Institute of Technology at Pullman, Wash., will deliver a graduate lecture tomorrow at 8 p.m. in the lecture room of the Biological Sciences Building.

Barlow's subject will be "Curriculum Requirements for Accreditation by the Engineering Council for Professional Development and Its Impact on the Graduate Program."

"In recent years the Engineering profession has shown an increasing interest in encouraging graduate work," according to Dr. Ide P. Trotter, dean of the Graduate School. The Engineering Council for Professional Development was organized and has conducted studies of the traditional training required for engineering degrees and graduate programs in engineering.

"We are fortunate to be able to hear an analysis of the impact of these developments in graduate programs in engineering by Barlow," said Trotter. "His contacts and professional work from coast to coast gives him a very desirable breadth of view from which we can profit in strengthening graduate engineering at A&M."

Barlow received the B.S. degree in mechanical engineering from Purdue University in 1927; the M.S. in aeronautical engineering from the University of Minnesota in 1934, and the Sc. D. in engineering from New York University in 1941.

He served as instructor, assistant professor, associate professor, and head of the Department of Aeronautical Engineering at the University of Minnesota, and as Visiting Lecturer at the New York University from 1932 to 1940.

Barlow served as head of the Department of Aeronautical Engineering at A&M from 1940 to 1944. He was made Dean of Engineering and Director of the Texas Engineering Experiment Station and Director of the Texas Engineering Extension Service in 1944 and served in that capacity until he accepted his present position as Director, Washington State Institute of Technology in 1954.

The public is invited to the lecture.

Since 1928 about two billion people have entered the United States, most for temporary stays or returning from foreign visits.

## Letters to the Editor

Editor, The Battalion:

Long after the stage lights have dimmed and the set crews have packed up the trappings that are the trademark of show business, i.e., light, makeup kits, flats and properties, there is a crew still at work. This is the publicity crew. For them there are still a few details to be tended to, rounding up the bills, collecting published material and thanking those involved in producing the show for their contributions in making the show a success.

This is where we come on the scene. None of us has ever enjoyed an assignment as much as we did this one. The "Khaki Jungle" was a pleasure to advertise. As a college production it was outstanding. Not in a long time has there been so much eagerness on the part of the Aggie Players to put on a show.

Not only do we want to thank a cooperative cast for an excellent show but we'd like to go out of our way to compliment Ted Castle, Bill Swann, Rock Arnold, Kenneth Webb and Joe Dannenbaum for the magnificent job they did in putting the show on the stage.

Congratulations for an excellent job must also go to all members of the Office of Student Activities; The Battalion; to Tom Puddy at Guion Hall; the Intercouncil Committee headed by Bob Barlow; the Ross Volunteers; the BA Wives Club; "B" Armor; A&M Band; KORA; WTAW; American Laundry in Bryan; Mrs. D. D. Bur-

chard of the Bryan Daily Eagle and above all to the College Information Office for the superb job they did in giving us statewide coverage on the Aggie Follies of 1956.

Last but not least we want to thank all the Aggies and their parents for turning out as they did for the "Khaki Jungle" and helping make it the most popular musical comedy to hit the campus.

Lee Blocker '56  
 Don Friedrich '57  
 Kenneth George '56  
 Hugh Lanktree '55

Publicity crew for the 1956 Aggie Follies.

## Newman Club Sets

The annual spring barbeque for members of the Newman Club will be held tonight at 6 at St. Mary's Student Center, according to Tom Toudouze, president.

Plans for next year's program will be discussed, national convention in Chicago and elections of next year's officers.

"The barbeque will be served right after the elections," Toudouze said. "This will enable us to finish early so that students can study for tomorrow's quizzes."

There are 85 countries in the U.N. World Health Organization.

In some parts of the world there is one doctor for 100,000 people.

The American Kennel Club accepts 112 breeds of pure-bred dogs.

## Tile Pool Drawing Wins Yardley \$25

Jack R. Yardley, sophomore architecture major from Bryan has been named winner of the Tile Council of America award in sophomore design class competition, according to Ernest Langford, head of the Architecture Division.

The award, \$25, will be presented to Yardley at the annual Architecture awards banquet tonight for his design of a tile wading pool.

Honorable mention went to John Wood of Galveston and Robert B. Smith of Tyler.

Archie Moore, the light-heavyweight champion is listed as the No. 1 heavyweight in the world, now that Rocky Marciano has retired, in the latest monthly ratings by Ring Magazine.

Tom Hurd of the Boston Red Sox lost his first three games last season then won eight in a row, then lost three.

## Schmidt Receives Honors At Banquet

Dr. J. Hubert A. Schmidt, professor of Veterinary Pathology, was honored at a banquet in Bryan Monday by 86 members of the A&M staff and practicing veterinarians. Schmidt will retire in June after 43 years with the college.

Principal speaker for the evening was Dr. J. K. Northway, chief veterinarian of the King Ranch. Dr. Northway paid tribute particularly to the work of Dr. Schmidt and the late Dr. Mark Francis in combating Texas Tick Fever, a serious threat to the Texas beef industry a generation ago.

Dr. R. D. Turk presented Dr. Schmidt with a brief case on behalf of the School of Veterinary Medicine. Dr. F. B. Jaggi was master of ceremonies at the banquet.

Redwood Library, built in 1747 in Newport, R.I., is the oldest continuously used library in America. It is open daily.

## The Battalion

The Editorial Policy of The Battalion Represents the Views of the Student Editors

The Battalion, daily newspaper of the Agricultural and Mechanical College of Texas and the City of College Station, is published by students in the Office of Student Publications as a non-profit educational service. The Director of Student Publications is Ross Strader. The governing body of all student publications of the A&M College of Texas is the Student Publications Board. Faculty members are Karl E. Elmquist, Chairman; Donald D. Burchard, Tom Leland and Bennie Zinn. Student members are Derrell H. Guiles, Paul Holladay, and Wayne Moore. Ex-officio members are Charles Roeder, and Ross Strader, Secretary. The Battalion is published four times a week during the regular school year and once a week during the summer and vacation and examination periods. Days of publication are Tuesday through Friday for the regular school year and on Thursday during the summer terms and during examination and vacation periods. The Battalion is not published on the Wednesday immediately preceding Easter or Thanksgiving. Subscription rates are \$3.50 per semester, \$6.00 per school year, \$6.00 per full year, or \$1.00 per month. Advertising rates furnished on request.

Entered as second-class matter at Post Office at College Station, Texas, under the Act of Congress of March 3, 1879.
