

What's The Next Step?

The Air Science Department has announced that their investigation on quiz stealing has ended.

With the results in the hands of Col. Joe E. Davis, commandant, disciplinary action, if any is necessary, will probably follow in the next several days.

Along with the conclusion of this investigation and the action taken on the results, we hope will be the end to many of the rumors that have been sweeping the campus. Truth often hurts but not nearly so much as do rumors.

One of the more prevalent rumors on the campus is that the Air Science investigation team was investigating athletes. This definitely is not true. Thefts concerning the Athletic Department and the action already taken in connection with them was discovered by The Battalion, assisted by members of the student body.

Because such incidents were along the same lines as the quiz stealing and no previous information had been given, they were printed.

Since through these investigations we have taken steps toward ridding the campus of dishonesty, we now can turn to steps of a preventative nature.

Naturally, this is the hardest part. What then is the solution that will make each of us live by the highest standards of honor?

Is it guards in every building, a secret police system, or will it come from us in the form of self discipline, in that we refuse to lower ourselves, our friends and our school by dishonorable actions?

Surprisingly enough, there is a certain pride in saying, "I may have failed that exam, but I was honest," as in contrast of having passed but not on our own.

Large Summer Enrollment Expected

Enrollment for the summer session of 1956 is expected to reach 2,000, according to Registrar H. L. Heaton.

Registration will begin at 8 a.m. Monday, June 4, and continue until 12 noon, with classes beginning Tuesday at 7 a.m.

Fees, including dormitory room reservations, may be paid beginning at 8 a.m. Monday, May 21, in the fiscal office. Bizzel, Law and

Puryear Halls, Dorm 16, and ramps F through K of Walton Hall will be used for student housing during the summer. Students now living in these dormitories will be given first preference if they wish to keep their rooms for the summer. All others will be filled on a "first come, first served" basis, said Benjie Zinn, head of Student Affairs.

The secret—they're SYNCHRO-DYNED!

They're called the sweetest playing clubs in the book, and for good reason. Spalding's exclusive SYNCHRO-DYNED® club process, a scientifically exact system of weight coordination, gives each club, in the set the identical swing and "contact feel" to help groove your swing.

And this new Bobby Jones set is as handsome as they come. The irons feature an exclusive tough alloy steel with a glistening high-polish finish that lasts season after season.

If you're interested in whittling strokes off your game (and who isn't?) see and swing the 1956 Bobby Jones SYNCHRO-DYNED clubs at your Spalding dealer's.

PLAY SPALDING CLUBS AND BALLS—golf's most winning combination.

The Battalion

The Editorial Policy of The Battalion Represents the Views of the Student Editors

The Battalion, daily newspaper of the Agricultural and Mechanical College of Texas and the City of College Station, is published by students in the Office of Student Publications as a non-profit educational service. The Director of Student Publications is Ross Strader. The governing body of all student publications of the A.M. College of Texas is the Student Publications Board. Faculty members are Karl E. Elmquist, Chairman; Donald D. Burchard, Tom Leland and Bennie Zinn. Student members are Derrell H. Gilles, Paul Holladay, and Wayne Moore. Ex-officio members are Charles Roebler, and Ross Strader, Secretary. The Battalion is published four times a week during the regular school year and once a week during the summer and vacation and examination periods. Days of publication are Tuesday through Friday for the regular school year and on Thursday during 11 summer terms and during examination and vacation periods. The Battalion is not published on the Wednesday immediately preceding Easter or Thanksgiving. Subscription rates are \$3.50 per semester, \$6.00 per school year, \$6.50 per full year, or \$1.00 per month. Advertising rates furnished on request.

Entered as second-class matter at Post Office at College Station, Texas, under the Act of Congress of March 3, 1879.

Fatal Fallacies by Ted Key

Junction Adjunct To Begin June 4

By JOHN WARNER
 Battalion Staff Writer

The sixth session of the A&M College Adjunct at Junction, Tex., will get under way June 4 with a testing period for the students.

"The camp has an ideal atmosphere for studying and getting ready for college," said S. A. Kerley, director of the adjunct. "Enrollment for freshmen has more than doubled since the program was started."

At a cost of \$140 per six weeks the A&M Basic Division offers seven hours of college credit in a summer camp atmosphere to students entering college, for the first time. English, math, physical education and basic courses are offered. The adjunct also features counseling and recreation.

Located 250 miles west of College Station, the 411-acre camp is on the South Llano River in the heart of the Texas hill country. A limit of 120 freshmen has been set by the basic division.

Besides the courses for freshmen, field courses in civil engineering and geology are offered. While the engineers do their work near the camp, the geologists often have to travel as far as 150 miles

Delony To Attend Air Force School

Billy Gene Delony, sophomore from Rostin, La., was notified Monday that he has been appointed to the Air Force Academy. He is to report on July 9.

The congressional appointment was made on the basis of a series of competitive tests which Delony took in Houston last fall. There were over 100 candidates for appointments from Louisiana and after the tests, and other examinations which the 100 men took, only four men received appointments.

The candidates are judged on their high school records and extracurricular activities besides the written examinations and physical exams.

Well, Mr. Smarty, who knows a good way to clean clothes with gasoline. . . Maybe next time you'll send them to --

CAMPUS CLEANERS

What's Cooking

The following organizations will meet tonight:

7:30
 Hunt County Hometown Club meets in the YMCA.

AFROTC Cadets Will Attend Camp

More than 200 A&M Air Force ROTC cadets will get a "taste" of their future careers in the Air Force by attending summer camp in 12 bases throughout the United States from June 17 to July 14.

Cadets will be familiarized in five phases of training during this four week period. They are aircraft and aircrew indoctrination, organization of an air force base, officer orientation, military fundamentals and individual weapons.

"The summer camp provides practical experience and application of the theory taught in classrooms," said Maj. Rufus J. Conoley, associate professor of air science. "It also gives them a broad outlook on a world in which air power has become a dominant force for peace."

The 12 locations where summer camp will be held are March AFB, Calif.; Williams AFB, Ariz.; McClellan AFB, Calif.; Bryan AFB, Tex.; Webb AFB, Tex.; Fairchild AFB, Wash.; Elgin AFB, Fla.; Tyndall AFB, Fla.; Ellington AFB, Tex.; Harlingen AFB, Tex.; James Connally AFB, Tex., and McDill AFB, Fla.
