CAMPUS CLEANERS

Q. Why Are Viceroy's 20,000 FILTERS Made From Pure Cellulose?

A.

Because cellulose is a soft, snow-white material . . . the same pure, natural substance found in many of the good foods you eat every day.

Only the exclusive Viceroy tip contains 20,000 tiny filters made from pure cellulose—soft, snow-white, natural—twice as many filters as the other two largest-selling filter brands. That's why Viceroy gives you . . .
