# "Mom" Returns to A&M After Hospitalization

Mrs. Irene "Mom" Claghorn, the woman who has nursed Aggies for almost 40 years, has returned to the campus after a four-month convalescence period following a car wreck.

Mom was injured March 4 when she lost control of her car and collided with a parked vehicle on the highway near Dallas while en route to visit her mother.

She received a crushed chest, which later caused a collapse of the left lung, broken leg, severe head injury, and a damaged heart.

"I don't remember very much about the accident," the white haired lady said, "but when they carried me to the emergency entrance of Baylor Hospital in Dallas someone bent over my stretcher and said—'Mom, it's one of your Aggies.'—I knew I was in good hands then."

Luckily the facial cuts left no marks but she'll always carry the deep scar on her chest where wires suspended from a bar above her head, held her injured chest for weeks, to allow her lungs and heart freedom.

"I will always be sincerely grateful to the wonderful doctors I had and the staff of nurses at the hospital," she said. "They were just marvelous."

When news leaked out of Mom's injury, Aggies and their wives flocked to the hospital keeping the halls filled with anxious faces.

Dr. Walton Davis, the chest specialist, gave very little hope for her recovery, according to the Aggie nurse. When he mentioned that her age—which is 67—was against her, relatives told him, "Dr., she's been with the Aggies for so many years she doesn't realize her age."

The doctors were wondering if Mom had the will to live but her family assured them that she had been around the Aggie spirit for so many years, "she has enough of their fight in her."

Meanwhile letters and cables poured into Mom's room from all over the world. Chancellor and Mrs. M. T. Harrington, hearing the news in Honolulu on their world trip, cabled Mrs. Claghorn immediately.

"I received best wishes from Aggies that I haven't seen in 30 years," says Mom, "some, even date back to the 1920's."

## New Store Opens

Toby's Youth Center, a new children's store in Bryan, opened its doors to the public this morning with favors and gifts to the children.

Featuring name brand merchandise, the store is equipped to clothe infants, toddlers, girls-wear through Sub-teens and boys-wear through 14.

The new store is located at 207 N. Main Street, Bryan.

Pretty salad plate for lunch: tomato aspic (canned or homemade), shrimp salad, cottage cheese and crisp greens.

One letter in particular, Mom holds very dear to her, from an Aggie who had worked in the College Hospital.

"I had to keep after him to go to class, study and everything," she said, "while he, in turn was constantly after me to tell him my age."

When the accident occurred this Aggie ex wrote an extremely long letter expressing his sympathy for her unfortunate accident, wishing her a speedy recovery, and as an after thought, added: "Mom, you must have got an awful lick on your head to have told your age."

Even Dr. Davis was astonished by the flock of mail received concerning Mom. "Even my desk is filled to the capacity with letters from your Aggies, Mom," he said, "telling me how to treat you, what to do, and really laying down the law about being particular," he laughingly reported to her.

"When something like this happens to you, you really know who your friends are," she said, "and they've been truly wonderful."

"When the accident first occurred," she went on to say, "Rev. Robert L. Darwall, pastor of St. Thomas Episcopal Chapel in College Station, telephoned to the SMU Episcopal minister in Dallas, and he stayed by my bedside through the trying days, giving me strength and courage."

Mom is now on her last lap toward recovery. The cast, which encased almost her entire body, was removed June 11 after eight weeks, and she was able to sit up in a chair last Sunday for the first time in 99 days.

Dr. Harold Masten, bone specialist, will check on his famous patient the latter part of August on the progress of her broken leg.

"I'm hoping to be able to take my first steps, then," she smiled, with the strong will of a determined person showing through.

### THE LAND OF THE FREE

One of the first landmarks the European traveler sees as he approaches this country is Bartholdi's famous Statue of Liberty. The artist here has deftly drawn a broken chain across the background of freedom's holy light, signifying that oppression and human slavery cannot exist in a land of free people. But freedom involves much more than an unshackled body and the possession of civil and political rights. One may possess all these and still be a slave to his own weaknesses. True freedom encompasses the mind and soul of man as well as his body and his political relations. Men are enslaved by vicious habits, by their ignorance, prejudice, selfishness and hate. Religion is the mother of freedom, and the Church has been its chief and most constant exponent. Jesus said, "The truth shall make you free," and the truth is embodied in the Holy Scriptures. No chains can fetter the soul of the man who dwells in the light of God's freedom.

**THE CHURCH FOR ALL ... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
