

### Room for Improvement

Our registrar's announcement that he expects the enrollment for the fall to be around 7,400 students reminded us of a chance the people of Texas have to do something for themselves, and our schools, when they vote November 6.

On the ballot in the fall will be a space to either approve or disapprove Amendment 3 — just how many students our schools can handle in years to come may depend upon the mark you make on your ballot that day.

This amendment, endorsed by the Committee for Higher Education, will go a long way toward providing for added classroom space in the years to come WITHOUT an increase in our present school tax. The amendment will do this by increasing income earnings from the Permanent University Fund by broadening the investment base of the fund.

At present the fund is invested in government securities only. The amendment proposes to invest a maximum of 50 per cent in securities other than Federal, State or Municipal bonds. Only stocks listed on exchanges registered with the Securities and Exchange Commission will be purchased and only those stocks of companies which have paid dividends for at least ten consecutive years immediately prior to the date of purchase may be acquired.

Inform yourself about this vital Amendment to our constitution, then remember how crowded our schools are now, and think what the situation might be in 1976—how about it?

## Wayne Stark Heads Nat'l B&B Tourney

A&M students will have an opportunity to participate in the National Intercollegiate Bridge and Bowling Tournament which is to be held next spring, according to Wayne Stark, director of the MSC and chairman of the games committee of the National Association of Student Unions.

The bridge tournament will be held in February 1957. On February 13, prepared hands, score sheets and instructions will be mailed to all student unions that are to participate in the tournament. The tournament will begin on February 19 and last through the 25th. The score cards must be mailed before midnight the 25th to the tournament director, who is Mr. C. C. (Jitter) Nolen, director

of the student union at the University of Texas. The score cards will be evaluated and the winners announced.

"To qualify for the tournament, a student must be enrolled in undergraduate school, take not less than the minimum number of class hours, be in good scholastic standing, and pay a fifty cent admission fee, which is used to help pay the expenses of the tournament," Stark explained.

The bowling tournament will be held April 16 through April 20. Each team will bowl four games. The score cards will be mailed to the tournament director, where the scores will be tabulated and the winners announced.

## Senators Tie for First; Beat Out Red Sox 12-8

The Senators pounded out a 12-8 win over the Red Sox Monday night to jump into a first-place tie with the White Sox, opening half-champs in the College Station Little League.

Owning a 5-4 mark, the Senators pulled out of their temporary second-place deadlock with the Red Sox, with the latter falling into a third-place tie with the Orioles, both clubs having 4-5 records.

Monday's game definitely was not a pitchers' battle, as the Senators scored four times in each of the first two innings, while the Red Sox dented the plate three times in the bottom of the first and a similar number in the second. The Red Sox tied the fracas in the fourth inning by scoring twice, but the Senators, not to be denied, tallied twice in the fifth and sixth innings to achieve the victory.

Through Monday's battle, the Senator's Joe Olian and the White Sox' Danny Feldman continued to wage their fight for the loop batting championship with the mar-

gin separating them being very thin. Olian is clouting .442 and Feldman is at .440.

Following those two are the Orioles' Larry Randolph, .383; Jimbo Bevans, of the White Sox, .375; the Orioles' Bill Berry, .358; Jody Rush, of the Senators, and George Outlaw, of the Orioles, both .353; the White Sox' Hal Delaplaine, .311; the Orioles' Jackie Ross, .296; and the Red Sox' Charles Gandy, .283.

In slugging percentage, Feldman's .640 is tops; he is trailed by Randolph, .617; Outlaw, .588; Berry, .566; and Olian, .558. Randolph still has the most total bases, 37, with Feldman next at 32.

Outlaw leads in homers, with three, and Randolph holds his lead in doubles, 11. Feldman moved into the top run in stolen bases, having 12 to Berry's 11.

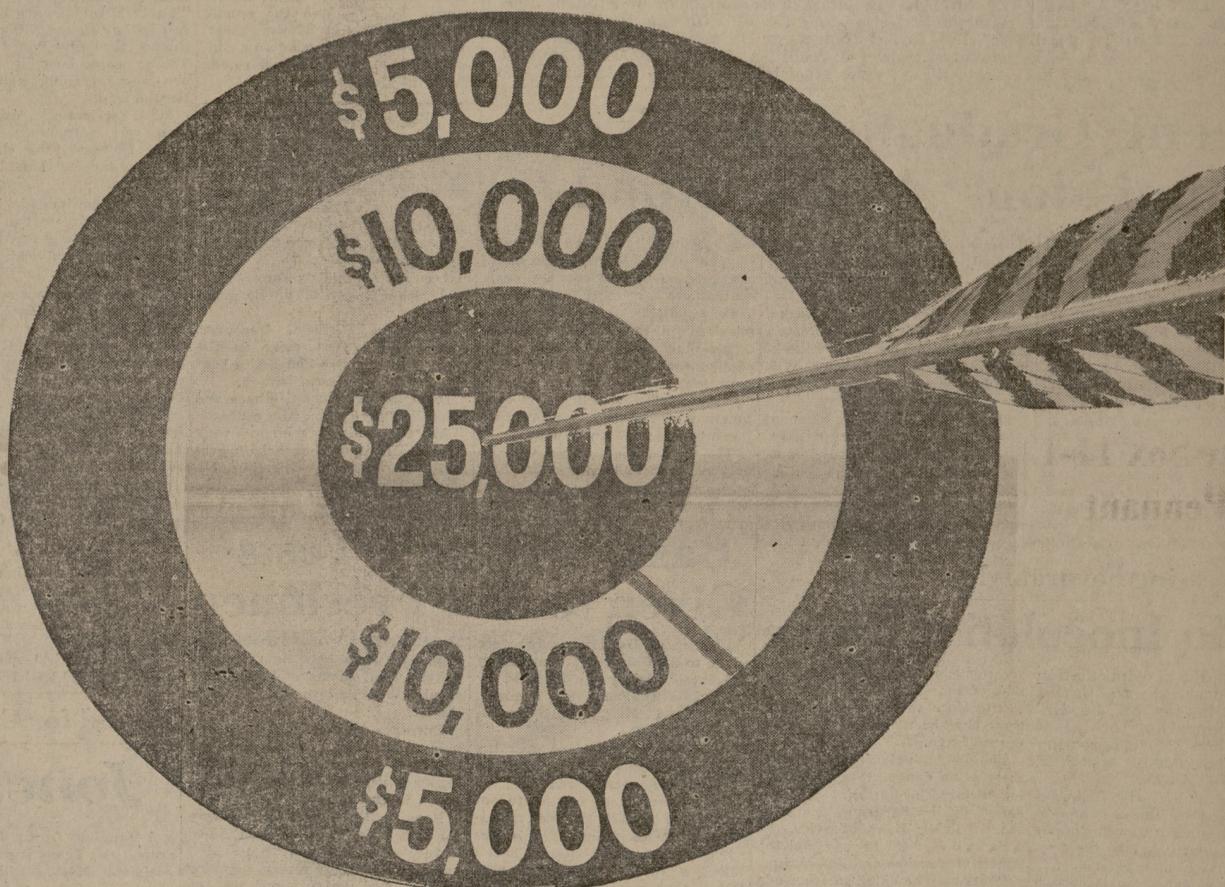

Randolph and Olian are tied for the lead in base hits, each having 23. In runs scored, Feldman's 22 is barely ahead of Outlaw's 21. Randolph's 23 RBI are leading and Delaplaine is next with 17.

Based on earned run average,

the Senators' Johnny Williams is the league's top hurler with his sparkling 1.03. Trailing him are the White Sox' Ozzie Burke, 1.42; John Stark, of the White Sox, 1.64; Olian, 2.37; and the Red Sox' Ricky Howard, 2.53.

Stark has the most wins, five, and the best percentage, a fine .833. Burke and Williams both have 4-2 records for .667. Howard has the most complete, six, and Stark and Williams each have five. Howard also has toiled the most innings, 45. In strike-outs, the leaders are Feldman, 61, and Olian and Randolph each fanning 46.

### Pick your savings target and shoot straight for it!

At home... financial security... a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4443.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds
