Security is everyone's byword in this era of tension, anxiety, and bristling competition. It's the goal of government, industry, business, family, and nations.

Security generally means being sure of something, or even someone. But, no one gets security without giving. It is not self-accomplished. Other people and factors contribute in providing our security.

Above all, God alone is the source of security and serenity. Society cancels out our security with finality when we run afoul of its standards, whereas, God endows us with the privilege of obtaining forgiveness and mending our ways.

How secure are we against the disasters and perils of life and against our own imperfections? To find the answer, turn to God's Church where we will find the fountain of security.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
