

# Tigers Begin Workouts

Only seven returning lettermen will be among the expected 32 member A&M Consolidated Tiger squad that will greet Head Coach Horace Schaffer and his assistants Monday, as the grid sport gets underway locally.

The Tigers will go through twice-a-day workouts beginning Monday and continuing until the start of school. Schaffer, Line Coach Larry Hayes, and Backfield Coach Ed Logan will put the Bengals through their paces every day at 7:30 a.m. and 5 p.m.

The main problem facing the coaching crew appears to be in the line, where three lettermen return for the 1956 season. Garland Andrews, senior guard, Steadman Davis, junior center and winner of the Best Blocker Award last year, and David McNeely, junior guard, are the only '55 monogram winners in the forward wall. The Tigers were dealt a rough blow when they lost sophomore tackle John Beatty, considered to be one of the squad's most promising linemen, for the season, as he received a broken leg earlier this summer.

In the backfield, the Tigers appear to be in better shape at the present time with four returning

lettermen. Bill Hall, senior halfback who missed most of the '55 season with injuries, Bill Kavanaugh, junior halfback, Edgar Feldman, sophomore quarterback, and Alton Arnold, soph halfback, form a "solid core" in the backfield.

For the first time, the Tigers will be competing in Class AA this year. At the recent Texas High School Coaching School in Lubbock, the Navasota Rattlers were picked for the top spot in District 23-AA, the loop in which the Bengals will be playing.

Although neither Navasota nor any of the other schools in the league, Caldwell, Bellville, and Cypress-Fairbanks, were in Class A last year as were the Tigers, two of them did play the College Station school in non-district engagements.

## IE Department

An Industrial Development Conference will be held in the MSC beginning Aug. 30 under the direction of the Industrial Engineering Department.

An estimated 185 persons will attend the two-day event which will be in charge of A. R. Burgess of the IE Department.

ments. CHS bowed to the Rattlers 27-13 and tied the Cy-Fair Bobcats 6-6.

When the Tigers travel to Cleveland to open the season on Sept. 7, they will have less than two weeks of actual practice under their belts. That tilt is the first of a six-game nondistrict schedule, which will be followed by the four loop battles.

# College Station Served A&M For 18 Years

College Station, now a thriving city with a population of approximately 7,000 excluding the campus, has served Texas A&M for nearly 18 years.

Although a young city, College Station has already established a fine record. One of its most outstanding accomplishments is the budget, now standing at over \$1 million.

From its birth in October 1938 until 1944, College Station has had two mayors. Since then a city manager type of government has been adopted. This type of government is composed of a mayor and six councilmen. Ernest Langford has remained in office as mayor of College Station since April 1942. He is also head of A&M's Architecture Department.

College Station, represented by three major areas, borders A&M on every side except the west. The South side, which is the oldest portion of the city, is made up of College Park, Breezy Heights, West Park and Oakwood additions.

Second in age but first in size is the East side which is made up of College Hills, Woodland, Ringhoffer, Kelley, and Cooner additions.

On the North side is the Culpepper, Boyett and Tauber additions; the business area; the churches and the city hall.

Each area has a smaller business and shopping center of its own.

Mayor Langford said the city's slogan is "The home of the fighting Texas Aggies" and the officials of College Station try to make it just that to all students.

# Rec Council Program A Success

The curtain came down last week on the most successful summer program in the history of the College Station Recreation Council.

A new part of the program, bowling, had 124 entries. The 8-weeks course, with John Geiger as instructor, was divided in the following manner: three weeks of instruction followed by five weeks of actual competition.

Dick and Susan Dowell instructed the tumbling classes and had a total of about 80 participants. At the closing exercises, a demonstration by Rosemary Thompson

and Margaret Brown brought a standing ovation from the Aggies. Recreation council advisor for tumbling was Bill Hensel.

Mr. and Mrs. Joe Fagan guided two of the council's activities — golf and the pre-school program, respectively. Golf had 42 taking part, while 40 participated in Mrs. Fagan's activity.

Baseball and softball also entered into the program. With Flake Fisher doing the organizing, a four-team softball league played a round-robin schedule. Adults formed the majority of the participants in this sport. Also being supported by the Recreation Council were the local Little League and American Legion baseball and volleyball.

non, the club held its practice sessions at Pleasant Acres.

Coached by Horace Schaffer, local tennis players took part in five out-of-town meets, including the Junior Olympics and the State Junior Development Tourney. This sport was held on the A&M College Concrete Courts.

The council also sponsored several other activities, such as baseball and tumbling for Lincoln School, a community picnic and fireworks display on July 4 and a Christmas party last year.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
