## It's a shadowy world in which we live

# Muskrat for Dark Holiday

By WALT KELLY

Lemmings Leap, Norway, Aug. 14—(Special and Delayed)—Pogo adherents, meeting in secret session here today, have drawn up plans for a march on the capital in support of their candidate for President of the United States. An unofficial Muskrat observer said that foremost in their drive will be a plank to make Groundhog Day a national holiday throughout the world.

"It's a shadowy world in which we live," said the Muskrat spokesman who was a delegate without portfolio, "and it is time that we turned the tables on shadows everywhere. The Lemmings have decided to a man to walk, leap and swim to Bangor, Maine, which they claim is the rightful capital of the U.S., to press for action

against 'shadowmongers'."

The Muskrat, who refused to be identified (he claimed to be under subpoena in a shadowy fur trade), went on to hypothesize that Pogo would be receptive to the new plank. "For one thing it will make a regulation holiday of Feb. 2, which will allow the ordinary working Groundhog an extra day off. He will be able to sleep late—even another 24 hours. This will mean that despite the possibility of the Groundhog seeing and being frightened by his shadow when he DOES arise, he cannot then be frightened officially. If he is frightened on Feb. 3, a date held to be unconstitutional by many political experts, there can then be no official recognition of his scare. If, at that time, the Groundhog retreats to his burrow and

stays underground for another six weeks, it will amount to a sit-down strike and the Weather Bureau will be under compulsion to cut winter off within thirteen days and proceed with spring as a natural consequence. If the Groundhog is frightened on Feb. 3, he'll just have to fact facts: he is going to be frightened all by himself."

## Only A Drop

EMMETT, Idaho (AP)—Gem County sheriff's officers got set for a small flood when they heard that a two-ton milk truck had overturned at the top of a hill near here. But they relaxed when the driver climbed out of the wreckage. He said the truck contained only one can of sour milk.

**WHAT'S COOKING?**

It's fun to mix a lot of things and wonder how they'll "turn out." It's fun until you try to eat your own "exter-special" muffins. Then you wish you had used Mommy's old-fashioned recipe.

Thousands of parents are sharing today the disillusionment that is in store for our little cook—but on a more bitter scale. As juvenile offenders are herded into our police stations, courts and reformatories, heart-broken parents watch and wonder. What did they do wrong? Why didn't Johnny turn out to be a boy they could be proud of?

When you try to answer those questions you can't help but recall the old-fashioned recipe for raising children. It calls for generous portions of prayer, family worship, Church attendance. But more than eight million children are growing up today without ANY religious training.

When the church bells ring on Sunday morning, remember; the future of our nation, the character of our children, is at stake.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
