

### Club Pictures Scheduling Set

The Aggieland pictures of professional clubs and societies may now be scheduled in the office of Student Publications, according to Jim Teague, club section editor.

Before pictures may be scheduled, the club must submit a 2 1/2 x 3 photograph of the president, club sweetheart or Cotton Ball representative, a roster, list of officers and funds to cover the cost of space charges.

"The prices amount to \$50 for a full page and \$30 for a half page," Teague said.

A story containing the purpose of the club, the objectives, and accomplishments must be turned in at the same time of scheduling. A full page contains from 200 to 250 words, while a half page contains from 60 to 70 words.

### Senior Ag Majors Attend State Fair

The annual field trip of the Agricultural Engineers seniors was held in Dallas last Thursday and Friday at the State Fair.

The group inspected the farm equipment exhibits at the Fair Thursday, and Friday traveled to Fort Worth to the planning office of the Soil Conservation Service. Friday afternoon, the class studied applied conservation practices in the field, and the construction of dams at the Clear Creek Upstream Flood Control Project at Weatherford.

### Alaskan Ags Hear Canned SWC Games

About 60 Aggies stationed in Alaska, far from the broadcasting range of Texas A&M College football games, are going to listen to the play-by-play account of the remaining games.

James F. Dempsey Jr., '55, recently wrote Mrs. Elsie Patranella, manager of Radio Station WTAW saying that he represented the A&M Club of Fort Richardson and Elmendorf Air Force Base, Alaska, with about 60 club members. The club, he said, would like to have recording tapes of A&M games sent to them by air mail, if possible.

The station manager got permission from the Humble Oil and Refining Company, which owns broadcasting rights of all games involving Southwestern Conference teams, and the rest was easy.

Each game will be tape-recorded and immediately airmailed without cost, to the Alaskan Aggies.

It makes a difference of two or three weeks in finding out who won.

### US Government Life Insurance Pays Dividends

The first dividend in 25 years will be paid in 1957 to policyholders of 5-year term United States Government Life Insurance, according to Dr. George T. McMahan, manager of the Veterans Administration Center in Waco.

A \$25 million increase in the regular annual 1957 dividend for some 5 million policyholders of NSLI (National Service Life Insurance World War II) was revealed. About \$210 million will be distributed which represents a 13 per cent increase over previous payments, McMahan said.

Policyholders are requested not to inquire in advance about their dividend payments so as not to delay the processing time, McMahan asked.

"Only those GI insurance policyholders which will not share in the 1957 dividends are those who have the nonparticipating post-Korea NSLI term and permanent plans," McMahan pointed out. The law under which these policies are issued prohibited the payment of dividends, he added.

To the Editor,  
We have a question to put before the corps seniors. Why were there so many, or for that matter, any seniors non-reg at the University of Houston football game Saturday night?

What kind of example are you setting by telling your men to wear their uniforms and then not wearing them yourselves? Are you ashamed to wear your uniform, afraid to, or is it just simply too much trouble?

We consider, as men before us have, that it is an honor and a privilege to represent the State of Texas, Texas A&M College, and the Corps of Cadets by wearing the Aggie uniform.
