

RUE PINALLE ATTRACTION

Demos Accuse Republicans Of Coercion Contract

WASHINGTON, (AP) — Democratic House investigators said yesterday the officials of a construction company, after getting a big government contract, boosted their 1954 contributions to the Republican party approximately 1,000 percent over previous years.

This figure was presented to a Government Operations subcommittee on the basis of records of the clerk of the House and affidavits submitted by seven officials

of the Frederick Snare Corp.

The construction firm on July 27, 1954, was awarded, along with Merritt-Chapman & Scott, a 43-million-dollar contract for expansion of the government's nickel plant at Nicaro, Cuba. Each company received \$500,000 under the cost-plus-fee contract.

In discussing the stepped-up campaign gifts, an official said it was not felt that they were a "condition" of the award.

Nixon Predicts End To Negro Problem

NEW YORK, (AP)—Vice President Nixon predicted last night the United States will surmount "our present crisis" on segregation as creditably as it passed other tests in the past.

"Most of us here will live to see the day when American boys and girls shall sit, side by side, at any school—public or private—with no regard paid to the color of their skin," Nixon said.

The Republican vice president's talk was prepared for a dinner in memory of Alfred E. Smith, the Democrat who became a symbol of justice to and accomplishment for members of minorities.

"We lived through the Antiforeign riots of the Know-Nothing days and the hooded terror of the Ku Klux Klan," Nixon said. "Each time we emerged a stronger nation, ashamed of prejudice

and hate, and more determined to give equal justice to all."

Nixon said that while "there is resistance to the granting of our Negro citizens their full rights under law," men of "good will in all sections of our land are working with complete devotion toward the day when the American ideal of equality of opportunity is a reality for all of our people."

The vice president said the Supreme Court decision that racial segregation in public schools is unconstitutional is only one of many actions, federal and state, aimed at discrimination.

Reveille

(Continued from Page 2)

ted on the north end of Kyle Field.

The next dog was Rusty, another female, donated to A&M by Tom Westbrook, veteran student from Waco. Another black dog she wasn't around long enough to become popular before she died.

Another unofficial mascot was Spot, a black and white spotted dalmatian. His fame stemmed from a plunge from the top of Kyle Field during a football game when he broke both front paws. He recovered from this long enough to run under the wheels of a car.

During the Fall Elections of 1951 students asked for another dog to fill the void left by the ever-mourned Rev. I.

Arthur Weinert, class of '00, from Seguin came to the rescue and donated Rev II to A&M in the fall of that year and she was delivered to A&M in January of 1952 when she was 3 months old.

Sam Netterville from Beaumont and Larry Hill took over her care during the fall of 1953 and since that time her "regular roommate" has been Netterville.

Rev II is an Aggie all the way, except for the fact she seems to like classrooms and hates women. She was regularly enrolled in BA 428 and the professor, Judge S. C. Hoyle placed her name on the rolls and which she would answer to with a bark.

A member of the Beaumont Hometown Club she attends all their dances and parties where she is an honored guest. Reveille II has stayed in many of the more popular hotels about the Southwest including the Shamrock and Rice, in Houston, Hotel Texas in Fort Worth, Adolphus in Dallas, Commodore Perry in Austin and the "only hotel" in Fayetteville, Ark.

She has gone a long way in filling the place left by her forerunners, but to many will never replace Reveille I.

Center News

The MSC House Group will have a booth set up in the Main Lounge of the MSC Saturday from 8 a.m. until 1:30 p.m. to sell your extra football tickets for the TCU vs. A&M game.

If you have a ticket for the game that you do not need or if you want to buy tickets for the game, come by the House Group booth.

Activities

(Continued from Page 1)

which will begin at 9 and last until midnight.

Marterie and his Orchestra come to A&M from a series of hit appearances from coast to coast. He is said to have the most popular music for dance bands played to American colleges today. His group has been received all over the nation and selected as Headline Band for 1955 by Billboard magazine and America's Number One Band by Cash Box magazine.

Tickets for the concert are \$1 each and dance tickets are \$2, stag or drag. These may be purchased at the Office of Student Activities on the second floor of the YMCA.

WONDER WHERE I CAN FIND A ROOM—This might be what R. W. Sikes, roadman for Billups Service Stations from Waco, is saying to Pat Callahan (right) at the Western Motel as he tries to find a spot to spend the night. All the hotels, motels and rooming houses from Hearne to Hempstead are feeling the effects of some 42,000 football fans on their sojourn to College Station today and tomorrow.

Huge Crowd Here For Game

Motels Have Bumper Crop

By TOM ELLSWORTH
Battalion Staff Writer

College Station's motels, homes and it has been rumored a few doghouses have been pressed into service for the crowded weekend crowd.

Mrs. W. L. Penberthy (see picture page 1) typifies women of College Station that have thrown open their homes to Aggies and their dates this weekend. She

will have 11 girls staying at her home, a last count.

In making a survey of local motels and hotels here, and in Bryan, we learned some have been filled since last year's football season.

Pat Callahan, manager of the Western Motel, laughed when asked if he had a room tonight and Saturday and said he would guess that his phone "had rung 500 times today with people asking for rooms and reservations."

Next door, C. H. Snyder at the Sands Motel said their rooms were filled for this weekend while "ink on the plans were still wet."

Down at the Holiday-Plaza, Ru-

dy Kraemer, night clerk, said they had been "filled since last year and many people had requested reservations for the fall of 1957."

Many people have phoned the office of The Battalion and asked about rooms and we will pass this on to our readers.

If you are looking for a place to stay, contact the Housing Office, located in the basement of the YMCA, phone VI 6-5713. According to officials, local people are still phoning in informing that they have rooms available.

Teachers Exams Given On Feb. 29

National Teachers Examinations, prepared and administered annually by the Educational Testing Service, will be given at 200 testing centers throughout the United States, February 9, 1957.

Candidates may take the Common Examinations, which include tests in Professional Information, General Culture, English Expression, and Non-verbal Reasoning, and one or two of eleven Optional Examinations designed to demonstrate mastery of the subject matter to be taught.

A Bulletin of Information in which an application is inserted, describing registration procedure and sample test questions may be obtained from college officials, school superintendents, or directly from the National Teacher Examinations, Educational Testing Service, 20 Naau Street, Princeton, N. J.

Two Trains Crash Killing Eight Men

PINEOLA, Fla., (AP)—Two freight trains crashed head-on yesterday, killing four trainmen and injuring four others.

Burning oil from the derailed Atlantic Coast Line diesel engines spewed over adjoining wooden cars and a raging fire broke out. Two of the dead were pulled from the smoldering wreckage.

A railroad official at the scene, who declined use of his name said, there was a "mixup in train orders."

Twenty-four cars tumbled from the tracks in this tiny wooded community 60 miles north of Tampa. The northbound engine was pulling 43 cars and southbound 39.

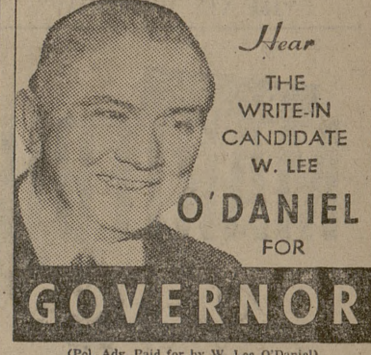

Memorial Fund Started At Rice

HOUSTON, (AP)—A Rice Institute student loan fund has been established as a memorial to two sophomores who died last week while attempting to carry out a campus prank.

The fund will be known as the Karl B. Bailey and Cecil William Carroll Memorial Loan Fund. The money was contributed by the boys' parents and friends.

Bailey, 19, and Carroll, 18, both of Houston, died while attempting to climb inside a 210-foot smokestack to place an automobile tire on top of the campus campanile.

Opportunities

for ENGINEERS and other TECHNICAL GRADUATES

Phillips Petroleum Company, one of America's great integrated oil companies, has positions open for engineers, chemists, physicists and virtually every kind of technical graduate at the Bachelor, Master or Ph.D. levels.

Representatives of

PHILLIPS PETROLEUM COMPANY

will visit your campus on

Wednesday and Thursday, October 24th and 25th

YOU ARE INVITED to make an interview appointment with your Placement Office. Or, for further information, write:

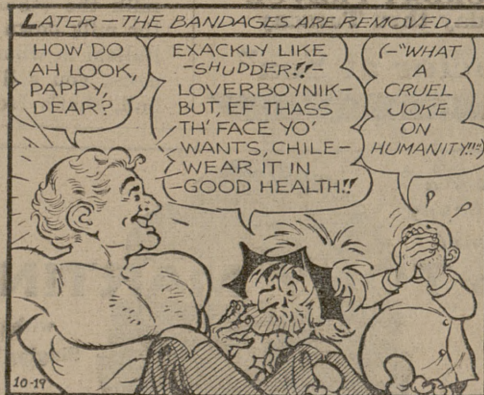

D. R. McKeithan
Technical Employment Consultant
Phillips Petroleum Company
Bartlesville, Oklahoma

LAST CHANCE! to enter Reader's Digest \$41,000 CONTEST

It's fun to do—and you may find you know more about human nature than you think! Just list, in order, the six articles in October Reader's Digest you think readers will like best. Couldn't be simpler—and you may win \$5,000 cash for yourself plus \$5,000 in scholarships for your college.

Have you sent in your entry yet? Entries must be postmarked by midnight, Thursday, October 25. Entry blanks available at your college bookstore.
