

BSU Director In Belton for Week

Cliff Harris, local Baptist Student Union director, is serving this week on the Religious Focus Week team at Mary Hardin-Baylor College in Belton. Theme for the week of religious emphasis is "God's Way . . . Mine."

Harris, who will participate in classroom visitation, seminars and informal discussion groups, will be the main speaker for the chapel service on Thursday morning and will lead the seminar on "How to Handle Your Doubts" that evening.

A 1948 graduate of A&M in chemical engineering, Harris has been BSU director since February 1952. He plans to return to College Station on Friday.

Newmanites Have Province Meeting

Eight A&M students attended the South Texas Province executive meeting of the National Newman Club Federation held Sunday afternoon in San Antonio.

Officers and delegates from 11 of the 18 province colleges and universities were in attendance. Those representing A&M were Louis Benavides, Jack Cook, Joe Delatte, John Jaekle, Winfred Kainer, Tom Kelly, Roy Martinez, and Don Owens.

Breaded veal chops take to the company of fried apple rings. Put a dab of currant jelly in the center of each apple ring, just before serving, for pretty color.

Just for Women

MARRIAGE REVEALED—Mr. and Mrs. Donald Dix Burdard announce the marriage of their daughter, Elizabeth Anne, to Selman Dalton Griffith on Oct. 16 at the Emmanuel Baptist Church of Bryan. The Rev. John Patterson officiated. The new Mrs. Griffith attended the University of Texas and is affiliated with Delta Gamma. Cadet Maj. Griffith, son of Mrs. Beulah Griffith of Lufkin, is a senior mechanical engineering major.

Center News

Chess Committee will meet tonight at 7:30 in room 2C of the MSC. Old members will be assigned names of their new opponents. Dance classes will meet in the Ball Room of the MSC tonight at 7:30.

Job

physics and mathematics majors. LONE STAR GAS CO. will interview majors in geological, petroleum, geological engineering, geology.

LONE STAR GAS CO. will interview majors in geology, petroleum engineering, mechanical, civil and industrial engineering.

PURE OIL CO. will interview majors in civil, electrical, mechanical and petroleum engineering, geology, geological engineering and geophysics, for positions in refining, production engineering, geological and gas divisions.

LIFE INSURANCE FOR PILOTS And All Other Flying Personnel

Under a new Federal law, there is no more Government life insurance for persons entering the Armed Forces after January 1, 1957. Neither on a free nor a pay-for basis. . . . Many insurance companies will insure military ground forces at standard rates—so will we. There has been a rather universal rule, though, that fliers have to pay considerably more for their life insurance than do the strictly mundane creatures who keep their feet on terra firma. One of the reliable life insurance companies which I represent has found, based on several years of experience with all types of military personnel, however, that it can insure pilots and student pilots at standard rates and still make a profit for its stockholders. The company does make this reservation—since military flying is recognized in insurance circles as being an extra hazard, and particularly so during the training period: If the insured pilot is killed in an aircraft accident before his age 26, then the amount payable to his beneficiary is only one-half the face amount of the policy. If killed after age 26, the policy pays off in full. . . . All flying personnel, other than pilots, are insured at standard premium rates, with full payment in event of death at any age, any cause (excepting suicide in the first two years). . . . With flight training now for ROTC students at A&M, we know that many of them will want life insurance that will cover them throughout their flying career. They can buy the very low premium Ordinary Life, or 20 Pay Life, or other plans through my office at standard premium rates, and make their premium payments out of their ROTC contract checks every three months. Premiums run as low as \$3.00 per month, depending on how much insurance the student wishes to have—and can afford. . . . Call EUGENE RUSH at VI 6-6006 or VI 6-5656 for an appointment to talk the matter over, or come by his office above A & M Photo Shop at the North Gate, College. No obligation to buy.

Social Whirl

Mrs. R. W. Cooper and Mrs. W. C. Bonney will be hostesses for the NEWCOMERS' CLUB bridge class which will meet at 7:30 p. m. today in Room 202 of the YMCA.

NEWCOMERS' CLUB clothing group will meet with Mrs. F. J. Konecny, 1209 Marsteller, College Station, at 2:30 Wednesday afternoon. Those interested in joining the group are asked to attend this meeting.

BUSINESS ADMINISTRATION WIVES have planned a picnic for 6 o'clock tonight for their families and for department faculty members and their families. Couples are to bring their own lunches. The picnic will take place in Hensel Park.

Over 300 ELECTRICAL ENGINEERING WIVES enjoyed the style show presented recently in the YMCA in cooperation with Lester's Smart Shop of Bryan.

Betty Tabias was narrator for the show, and Mrs. Paul Goode furnished background music. Decorations were provided by the Humble District Distribution Agency. Assisting with arrangements for the show was Gordon Gay, secretary of the YMCA.

Ex Enters Seminary

Thomas S. (Stew) Coffman, '56 commander of E Infantry has entered McCormick Theological Seminary this fall to study for the ministry of the Presbyterian Church.

'Gay Nineties' Party Planned For Friday

Campus Women's Social Club and the A&M Faculty Dinner Club will join in the fun of a "Gay Nineties" party at 7:30 p. m. Friday in the ballroom of the Memorial Student Center.

Costumes are optional, chief aim of the planning committee being to encourage both groups to participate fully.

An interesting program, including old-time movies, a best costume contest, and ballroom dancing to recorded music, is being arranged by Mrs. Chris H. Groneman, party chairman.

The program will be under the direction of master-of-ceremonies Dr. Carrol D. Laverty, with Mrs. Carl E. Tishler, Joe J. Woolkett, Mrs. A. B. Medlen, Phillip B. Goode, and Dr. Luther Jones assisting.

Mrs. R. D. Watkins is in charge of mustache procurement. Provisions for refreshments, to be served later in the evening, are being made by a committee headed by Mrs. Jack P. CoVan.

Members of the Social Club may use their current membership cards for admission, buying extra tickets for their husbands and guests at the desk of the MSC until noon Thursday.

The tickets, which are 50 cents each, went on sale Monday and may also be obtained by Faculty Dinner Club members at the MSC desk until the same deadline.

The Faculty Club committee, with Dr. Dale F. Leipper as chairman, has assumed responsibility for the music and for publicizing the party, which will replace the Oct. 18 dinner

NORTH AMERICAN HAS BUILT MORE AIRPLANES THAN ANY OTHER COMPANY IN THE WORLD

 T-28 Worthy successor to the world famous AT-6	 B-45 America's first four engine jet bomber
 F-56 The Sabre Jet that turned the tide in the Korean War	 F-86D America's first all-weather, one-man interceptor
 F-100 America's first operational supersonic fighter	

Engineers, scientists, physicists, mathematicians . . .

LIKE TO HELP WITH THE NEXT ONE?

The North American airplanes of the future will come from the creative potential of today's young men. Possibly you—or members of your graduating class—will help to engineer them. One thing is certain. They will have to be the best to merit the space reserved alongside the famous North American planes pictured in this ad.

Designing the best airplanes to meet the demands of the future is the challenging work North American offers to graduate engineers and to specialists in other sciences. If you want to work on advanced projects right from the start . . . enjoy recognition and personal rewards . . . live and work in Southern California . . . then join North American's outstanding engineering team.

See your Placement Officer today to arrange for an appointment with North American Engineering representatives . . . they will be on campus on:

OCTOBER 23

If you are not available at this time, please write
