The banquet will officially end the Extension Service Conference which has been in progress on the campus this week. Leaders of the conclave say between 700 and 800 persons have attended.

During the week the delegates, including County Agricultural Agents, Home Demonstration Agents, Home Economists, Extension Service workers and leaders, have been briefed in four phases of their work.

The group has received instruction in leadership, communications, counseling, and office management.

Four sections of the group were formed to get the classes small enough for available meeting rooms. Classes are held in the Memorial Student Center, Guion Hall and YMCA.

LONDON—(AP)—British and French planes carried on nonstop attacks on Egyptian airfields today and Cairo announced attacking aircraft sank an Egyptian warship in the Suez Canal—blocking traffic and cutting off oil shipping to Europe.

Cairo said British and French warplanes raided Egyptian troops at crossing points along the canal and in the operation sank the Egyptian warship Akka in Timsah Lake just south of Ismailia, midway point of the canal.

Britain and France launched military operations against President Nasser's regime last night with the declared purpose of protecting the Mideast waterway from fighting swirling between Egyptian and Israeli forces in the Sinai Peninsula.

### Meat Judgers Bring Trophy From Nationals

A&M's Senior Meat Judging Team returned to the campus bringing home a trophy for the high scoring team in Lamb Grading Division of a national contest held in Kansas City recently.

Competing with 16 teams from over the United States, A&M came in 5th overall in the contest, won top honors in the Lamb Grading, fourth in Beef Grading, completing only 3 points out of the money for the Beef Division, behind Oklahoma A&M, winner of that Division.

"The teams were all pretty close to each other," said Gene King, coach. "Only 30 points separated us from the top teams in the overall contest."

Melvin Lebo was 8th highest individual in the overall contest and high man for the A&M team. He was followed by Kermit Wahrmund, who won top honors in the Lamb Grading Division.

"Overall competition was pretty stiff this year," King said. "I am very happy with the showing our boys made on the trip."

Members of the team making the trip included Lebo, Wahrmund, David Terry and Don Johnson, alternate.

The Egyptians gave out no official information today on the fighting with Israeli troops. But the Israelis claimed Egyptian troops were in retreat and would soon be cut off in the Sinai Peninsula.

Even before Egypt announced blocking of the canal, shipping was reported turning back from its approaches because of danger from military operations.

Troops of the two Western nations had not showed up in the area of operations, but their landing on Egyptian soil was expected.

British planes with cannon and rocket fire were reported in official announcements here and at Cyprus, their base, to be striking hard at five Egyptian airfields in the Suez zone and Nile delta in an effort to destroy Nasser's Soviet-built MIG airforces on the ground.

British pilots said they had destroyed 14 Egyptian planes on the ground.
