What's Cooking

The following clubs meet Tuesday at 7:30 p. m. immediately after Yell Practice.

The Economics Club meets in room 3D, MSC.

American Foundrymen's Society meets in room 103, Mechanical Engineering Shops for a movie and refreshments.

Society of Agricultural Engineers will hold a business meeting in the Agricultural Engineering Lecture room.

Marketing Society meets in room 3D, MSC. The program includes a guest speaker. Refreshments will be served.

Geology Club will hear Dr. LeBlanc of the Shell Oil Company. Meeting place is the Geology Lecture Room.

Pre-Law Society meets in the MSC Social Room.

Saddle and Siroin Club will elect two sponsors for their group at their meeting in the Animal Industry Lecture room. Also on the program are the judging team results and two films.

Logical Reason

WOLVERHAMPTON, England (AP)—Asked by magistrates why he threw matches into a timber yard, an 11-year-old boy replied: "That's the best place to start a fire. There's plenty of wood there."

English Staff Adds 5 New Members

Five staff members have been added to the A&M English Department for the current school year, according to Dr. S. S. Morgan, head of the department.

Dr. Sam B. Southwell, associate professor, has rejoined the department after a year of teaching at Pan American College, Edinburg. He received his B.A., M.A. and Ph.D. degrees at Texas University.

Instructors include Miss Barbara Joan McKinney, Denver, Colo., who received her B.A. at Colorado State college and M.S. from Wisconsin university; James C. Reed, Waco, who received his B.A. and M.A. at Baylor; Robert W. Gladish, Glenville, Ill., with his M.A. from Chicago university; Roy E. Cain, Austin, who received his B.A. and M.A. at North Texas State college and E. P. Crittenden, Denton, who received his B.A. from Boston university and M.A. from Southern Methodist university.

Extra Large Size

PONCA CITY, Okla., (AP)—A suit hanging in a clothing store window here was almost too woolly. The sign on the suit said: "95 per cent wool, 10 per cent daeron."

CAREER GIRL—Miss Betty Blue, in addition to working as an office manager, she also is Playmate of the Month in the November issue of Playboy. It just goes to show how far a girl can go in the business world if she does well in her typing and shorthand.

Hospital Fund Draws On Community Chest

(Ed Note: This is the sixth in a series of articles on the agencies requesting your help in the 1956 A&M College-College Station Community Chest-Red Cross Drive.)

The Brazos County Hospital Fund is seeking \$300 from this year's Community Chest goal of \$14,000 for the operation of its program assisting county residents who are unable to care for hospital and other medical expenses.

Any person in the county needing this type of help may apply to a special committee which administers the fund. The committee, composed of Bennie Zinn, W. D. Burley and Mrs. Opal Meyers, reviews the case and extends aid as they see fit.

Cases admitted to Brazos county hospitals are given regular treatment and at the end of their

confinement, a bill is sent to the committee. The committee pays all medicine expense and 75 per cent of other expenses up to a bill of \$125.

The hospitals pay the remainder of the bill and stand the loss if it is over \$125. Doctors give their service free of charge. If the patient is moved to a hospital out of the county, the committee pays \$3 per day throughout confinement.

During the year from Oct. 1, 1955 to the same date this year, the committee paid accounts for 26 families at a total cost of \$2,087.43, an average of \$80.29 per case. Of these, seven cases exceeded the \$125 maximum allowance.

"No needy family in Brazos County is refused medical care as long as funds are available," Zinn said.

Research Grants Available to Ph.D.'s

National Science Foundation, Washington, D.C., has announced plans to award 55 senior postdoctoral fellowships to individuals planning additional study or research.

Limited to those who have held a doctoral degree in one of the basic fields of science for at least five years, the fellowships will be awarded in the mathematical physical, medical, biological, engineering and other sciences, including doctor of veterinary medicine and all overlapping fields of the natural sciences.

Fellowships will be awarded March 20, 1957, with allowances individually computed to give holders approximately the same income as their normal salaries. Maximum allowance is \$10,000 per year and \$4000 minimum.

Further information can be obtained at the office of the Graduate school.

Chemical Society To Hear Speech

The local section of the American Chemical Society will hear Dr. Byron E. Leach, of Tulane University, speak on "Biochemical Studies in Mental Diseases" Nov. 7 at 7:45 p.m. in the Chemistry Building lecture room.

Leach, of the Psychiatry and Neurology department at Tulane, received his B.S. from Mississippi State college in 1938, his M.S. from Virginia Polytechnic Institute and his Ph.D. from Illinois university in 1944.

His principal researches have been in the fields of amino acids in human nutrition, antibiotics and the biochemistry of mental diseases.

Center News

Dance classes meet tonight in the assembly room of the MSC at 7:30.

Building committee meets between 4 p. m. and 6 p. m. in the Senate Chamber of the MSC today.

Speechmasters Society meets between 5:15 p. m. and 7:15 p. m. in rooms 2A and 2B of the MSC today.

Aggie Players present "The Trial" tomorrow at 8 p. m. in the ballroom of the MSC.

Student Conference on National Affairs will hold its luncheon in the Ballroom of the MSC tomorrow at 12 noon.

CS Police Report Shows Decrease

College Station police activity slowed down last week as four parking and five traffic tickets were given. Only one minor accident was reported.

The previous week found 11 accidents, most of which were due to the TCU football game. Police also gave nine parking and two traffic tickets.

Last week's tickets were for parking in a no-parking zone, four; speeding, three; following too close one; and failure to signal turn, one.

Town Hall is one of the larger attractions of Office of Student Activities, bringing outstanding attractions in the entertainment field to the campus regularly.

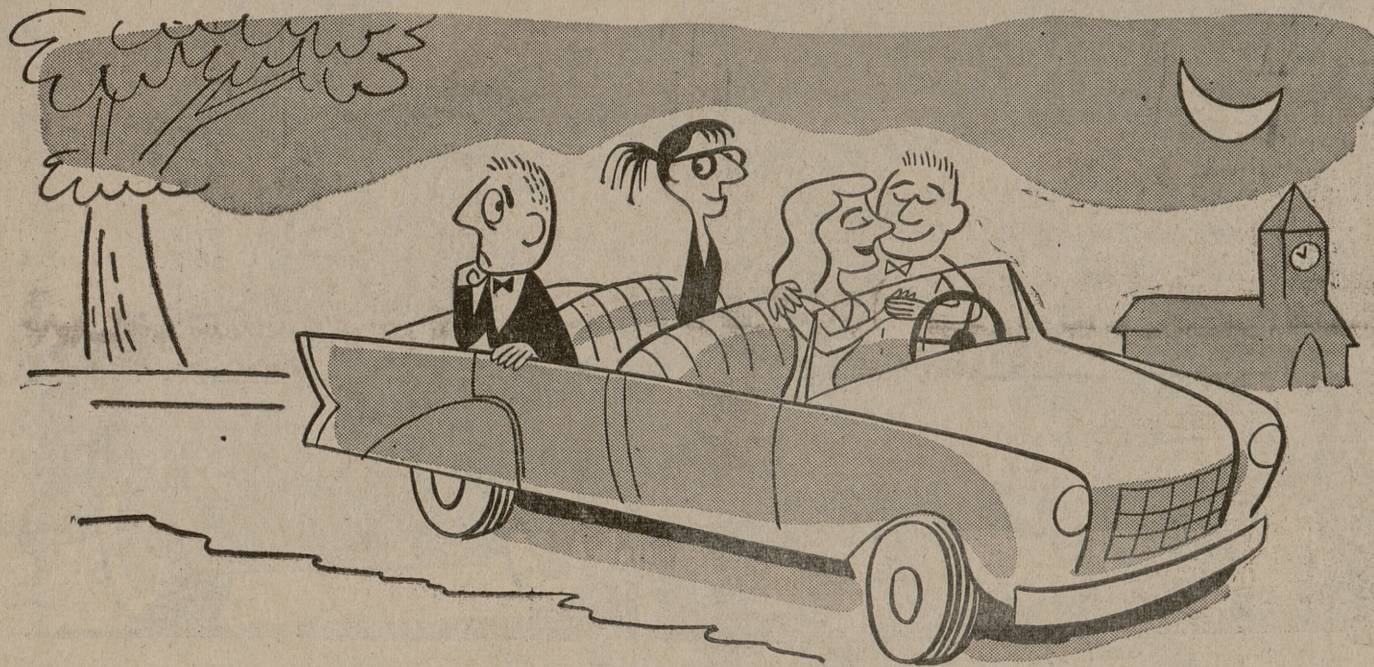

WILBUR JUST WOKE UP TO THE FACT THAT HE'S IN CLASS!

KEEP ALERT FOR A BETTER POINT AVERAGE!

Don't let that "drowsy feeling" cramp your style in class... or when you're "hitting the books". Take a NoDoz Awakener! In a few minutes, you'll be your normal best... wide awake... alert! Your doctor will tell you—NoDoz Awakeners are safe as coffee. Keep a pack handy!

It's the company you KEEP...

Glamour lends a lot to a blind date or an evening's entertainment. But in choosing a wife, you want to get *much* better acquainted. Taking your time and exploring all the possibilities is equally sound strategy in deciding on a career company.

So be sure to make a date with our College Interview Team when they visit your campus and take advantage of the opportunities they offer. These Magnolia men will come pre-

pared to answer your specific questions about advancement, job location, salary and other benefits.

Before meeting our "family" you should know that Magnolia is the southwestern affiliate of Socony Mobil Oil Company, Inc. We operate in 18 states, working in each phase of the business, from finding to marketing oil. There's more you'll want to know about us... and we about you. But for now, remember, we have openings for:

- Architectural Engineering
- Chemical Engineering
- Civil Engineering
- Electrical Engineering
- Geological Engineering
- Mechanical Engineering

- Petroleum Engineering
- Geophysics
- Geology
- Chemistry
- Mathematics
- Physics

Our Interview team will be on your campus:
November 12 and 13
