### Popular Spaghetti Dishes Perfect For Winter Menus

By CECILY BROWNSTONE  
Associated Press Food Editor

Try these spaghetti sauces now. Then, if your family likes them, you'll have them to bank on for economical and quick main dishes all winter long.

One of the recipes combines tomatoes and clams—a combination that has been favored fare in many coastal towns and cities for years. But now that there are excellent canned minced clams available, this combination is bound to win inland praise.

Put this sauce together quickly and let it cook over low heat for about an hour and a half; you can go about other household chores

during this time because the sauce will need no more attention than an occasional stir.

Again, when you are shopping for the spaghetti to serve with the sauces, remember that you can get the regular or the thin variety.

#### Spaghetti With Clam Sauce

Ingredients: 1 can (1 pound) tomatoes, 1 can (6 ounces) tomato paste, 1/4 cup chopped onion, 1/2 cup chopped green pepper, 1 clove garlic (minced), 2 teaspoons salt, 1 teaspoon dried crushed oregano, 1 can (10 1/2 ounces) minced clams, 3 quarts boiling water, 1 tablespoon salt, 8 ounces spaghetti.

Method: In a saucepan, thoroughly mix the tomatoes, tomato paste, onions, green pepper, garlic, 2 teaspoons salt and oregano. Cook over low heat about 1 1/2 hours, stirring occasionally. (Use an asbestos pad under the saucepan if necessary to keep heat low.) Add clams, including liquid in can; heat but do not boil. About 10 minutes before sauce is done, add 1 tablespoon salt to the rapidly boiling water. Gradually add spaghetti so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Serve sauce over spaghetti. Makes 4 to 6 servings.

#### Campus Vespers To Be Conducted

Campus vesper services for all A&M students, regardless of religious affiliation, will be conducted from 7 to 7:25 p. m. each Monday and Friday throughout the football season at the A&M Methodist Church.

After the football season is over, the services will be held each Monday, Tuesday, Thursday and Friday evening and will be conducted in the various College Station churches on a rotation basis.

#### Wives Club To Meet

Animal Husbandry Wives Club will meet at 7:30 p. m. Thursday in the south solarium of the YMCA. A social hour is planned.

## Looking for a Spot to Begin a Career?

THE Bell Telephone System offers a wide variety of opportunities for graduates who can qualify.

Next Friday, November 9, officials of these five Bell companies will be at the Placement Office to talk to Texas A&M men about a career when they graduate.

- **Western Electric . . .** manufacturing unit of the Bell System. Also develops, makes, and services electronic products for the armed forces.
- **Southwestern Bell . . .** builds, maintains, and operates the Southwest's vast communications system.
- **Bell Laboratories . . .** largest industrial research organization in the world. Electronics and communications research is fascinating.
- **Sandia Corporation . . .** applied research, development, and design on ordnance phases of atomic weapons.
- **A.T.&T. Company . . .** builds, maintains, and operates the nation's interstate communications system.

How about dropping by the Placement Office and arranging to talk to these officials?

**JULIE ANDREWS** says:

*"Verily, a Professor 'Iggins among magazines!"*

Julie Andrews, twenty-one-year-old British girl, plays Eliza Doolittle in the sensational Broadway success "My Fair Lady" — a musical adaptation of George Bernard Shaw's "Pygmalion."

- Q. Miss Andrews, had you ever been away from your family before you arrived in this country two years ago?  
A. Never, and I still become dreadfully homesick. But I do talk with them several times a week.
- Q. By phone?  
A. No—by phonograph. We talk into recording machines, and airmail the records. They are so clear I can even hear my brothers arguing in the background about whose turn is next. It is as if we were all in one room.
- Q. You never exchange the usual kind of letter?  
A. Very seldom, I'm afraid. But we post back and forth bits of particular interest—like newspaper reviews, and favorite articles from *The Reader's Digest*.
- Q. Just the Digest?  
A. Oh, no, there are others sometimes—but the Digest is our magazine. Mummy and Daddy have always read it, and I began when I was twelve, playing music halls. I had to miss school, and my teaching governess went through every issue with me on the run. It was part of my lessons.
- Q. Do you still read it on the run?  
A. Oh, yes—waiting for assignments, waiting for buses, even waiting for curtain cues. I hope I never have to be without it. When I wish to be amused, the Digest amuses me; and when I need to be scolded or instructed, I can always find an article that talks to me like—
- Q. Like a Dutch uncle?  
A. No, much more delightfully—more like Professor 'Iggins in "My Fair Lady" showing a new world to Eliza Doolittle.

#### In November Reader's Digest don't miss:

**CONDENSATION FROM FORTHCOMING BOOK: "THE ONE THAT GOT AWAY."** The all but incredible story of Nazi fighter pilot Franz von Werra—how he broke out of a British prison camp, audaciously attempted to steal a plane . . . and finally did escape.

**REBELLION AT POZNAN.** Here are eye-witness accounts of the June uprisings that may be a preview of the eventual end of the Communist empire.

**TWO-EDGED DAGGER OF YUSOF HUSSEIN.** Eerie experiences of a British officer in the Red-infested jungles of Malaya.

**THE ANDREA DORIA'S UNTOLD STORY.** Heart-rending drama of Dr. Peterson's futile 5-hour struggle to save his wife—pinned under wreckage in their stateroom—as the giant liner slowly sank.

**ARE YOU A BORE?** I. A. R. Wylie shows ways we unwittingly bore others, and how to make yourself more interesting.

**WHY THERE CANNOT BE ANOTHER WAR.** Pulitzer Prize-winner William L. Laurence tells why, in the awesome light of an exploding H-bomb, one thing stands clear: thermonuclear war means certain suicide to the aggressor.
