Dee Leads Houston Golf

HOUSTON, —(AP)— Harry Dee, 31-year-old Hartsdale, N. Y., professional, scored a four-under-par 68 in the rain and a cold wind Tuesday to take medalist honors in

qualifying play for the \$36,000 Houston Open.

While Dee was leading a field of 129 players on the 7,200-yard, par 72 Memorial Park course, Peter Thomson, British Open Champion from Australia, posted a five-under-par 66 at the Houston Golf Club to win \$450 in top money in a preliminary pro-amateur event.

Tied at 67 for the 6,289-yard, par 71 golf club course and winning \$213 each were Stap Leonard of Canada, Howie Johnson of Houston, and Ted Kroll, who will be defending champion Thursday when the 72-hole Houston Open begins at Memorial.

McNichol Star as Aggs Lose to SMU, 71-55

By BARRY HART

Despite the tremendous effort of Jim McNichol, the SMU Mustangs held onto their two-year home court win streak, downing the Aggies 71-55 last night in Dallas.

McNichol, the 6-6 Philadelphia sophomore who improves with every game, out-scored Jim Krebs, supposedly the finest cager in Southwest Conference history, 21-20, and tied SMU's Bobby Mills for high-point honors. McNichol also gathered in eight rebounds to pace the Aggie board sweepers. The Ponies of Coach Doc Hayes

came a step closer to their third consecutive conference crown as Rice, took Arkansas 82-69, in Fayetteville to erase the Razorbacks as title contenders. SMU stands 8-1 in league play and 18-3 on the season, good enough for fourth in the national standings.

With sophomores hitting 40 of A&M's total, the Aggies carried the battle to the confident Mustangs throughout the game, pulling to within five points, 43-38, with 13 minutes left, but the SMU sharpshooters put the game on ice with six quick points while holding the Cadets scoreless.

Neil Swisher, with seven, and Ernie Turner, with 12, managed 72.7 per cent of the Aggie score as Ted Harrod contributed nine and Ken Hutto six.

George Mehaffey, limping on an injured ankle, did not play and certainly his shooting and rebounding could have made the score much closer. Mehaffey will be ready for the Texas game in Austin Saturday.

A&M now owns a 2-8 conference record and are 6-16 for the season. The Aggies meet Texas and Rice in their final games.

'D' FA Takes Grid Semi-final

"D" FA upperclassmen won a semi-final berth in football yesterday by defeating "A" Engineers 13-0.

The first TD of the game came early in the first half on a pass from Jim Spencer to Harry McBrierty. The second tally came when Charlie Smith intercepted an "A" Engr. pass and went over for the score.

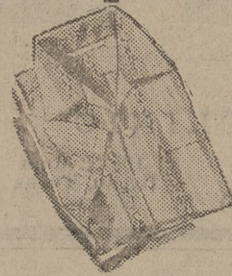

In other quarter-final action, "A" Qmc. won over "A" Cml. 15-0 and "B" Engr. squeezed by Sqd. 17 by a score of 7-6.

Gruntin' and groanin' was a familiar sound as wrestling got underway yesterday. The wrestlers showed a lot of interest and hustle in their matches and there was evidence that plenty of action is in store.

LOCKHEED

Aircraft Corporation

California Division • Georgia Division

Lockheed Representatives of the California Division and the Georgia Division will be on campus

Thurs. & Fri., February 21 & 22

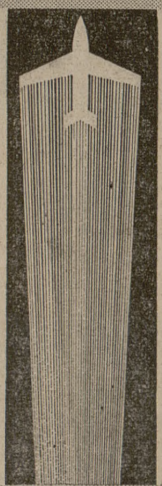

You are invited to consult your placement officer for an appointment.

Separate interviews will be given for each division.

Both divisions of Lockheed are engaged in a long-range expansion program in their fields of endeavor.

California Division activities in Burbank cover virtually every phase of commercial and military aircraft. Seventeen different models of planes are in production, including cargo and passenger transports, high Mach performance fighters, jet trainers, radar search planes, patrol bombers.

B. S. graduates who wish to attain a Master's Degree will be interested in the California Division's Masters-Degree Work-Study Program. In the program, participants achieve their M.S. while working concurrently on Lockheed's engineering staff.

At Lockheed in Marietta, Georgia, new C-130A turbo-prop transports and B-47 jet bombers are being manufactured in the country's largest aircraft plant under one roof. The division is already one of the South's largest industries. Moreover, a new engineering center is now in development as part of the division's expansion program.

In addition, advanced research and development are underway on nuclear energy and its relationship to aircraft. A number of other highly significant classified projects augment the extensive production program.

This broad expansion program is creating new positions in each division. Graduates in fields of: Aeronautical Engineering, Electrical Engineering, Mechanical Engineering, Mathematics and Physics are invited to investigate their role in Lockheed's expansion.

A Campus-to-Career Case History

Ken Boekeloo (center foreground) at the scene of a cable installation project in Detroit.

Ten years along in his telephone career

After graduation in 1947 from Kalamazoo College with a B.A. in Physics and Mathematics, Ken Boekeloo joined Michigan Bell Telephone Company as a trainee.

Today, ten years later, Ken is a Division Plant Superintendent in Detroit. Eight district supervisors report to him, and they supervise some 1700 people. Ken is responsible for the installation and maintenance of plant facilities valued at \$135,000,000 including more than 500,000 telephones.

A big jump in ten years? Here's

Ken Boekeloo says about it: "I say the telephone business is growing, you can advance just as far, as you want. ... I call along the way, and the period through assignments, the training and experience you get really prepare you for advancement."

"If you like to make contributions and take responsibility, and if you value the opportunities a growing business can offer, then the telephone company's the place to look for a career."

Ken Boekeloo is one of many young men who are finding rewarding careers in Bell Telephone Companies, Bell Telephone Laboratories, Western Electric and Sandia Corporation. Your placement officer can give you more information about all Bell System Companies.
