

## Local Young Scout Wins Eagle Award

By WELTON JONES

Canoeist, cook, forester, swimmer, hiker and musician. Quite a list of accomplishments for a 15-year-old. But Jud Rogers, son of Mr. and Mrs. Raymond L. Rogers of College Station, has acquired a working knowledge of all these skills and many more besides, for he is an Eagle Scout, highest rank bestowed by the Boy Scouts of America.

Among the requirements for the rank are 21 merit badges covering skills from music to hiking. One of the things required for the hiking badge is a 25-mile hike.

"I started the hike with only a pair of tennis shoes," Rogers said. "By the time they had worn through several times and I had taped them up, I decided that next

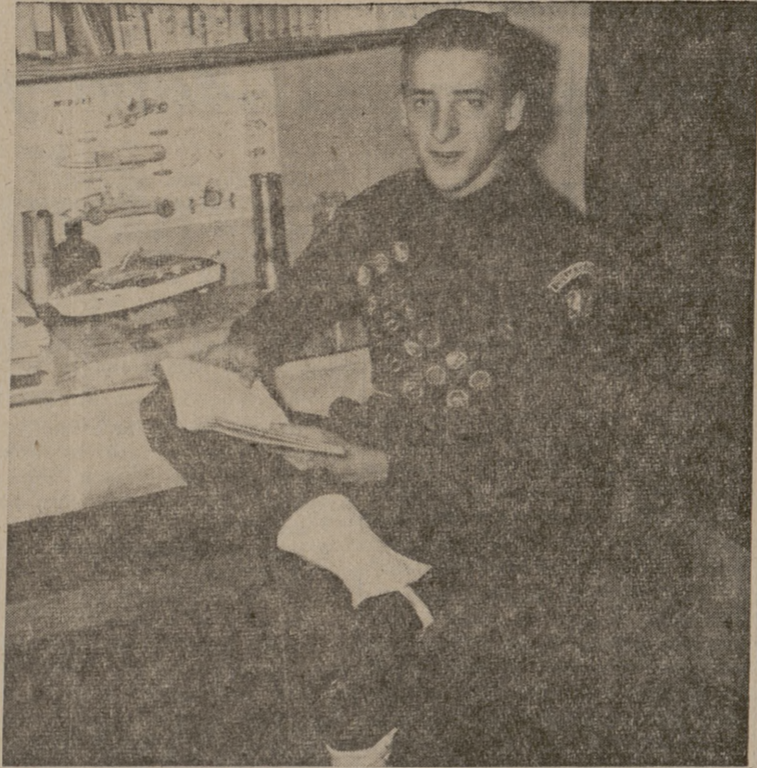

time I would try to follow our motto, 'Be Prepared', more carefully."

A sophomore in A&M Consolidated High School, Jud is two years younger than the average Eagle Scout, according to Dan Russell, a member of the Board of Review which granted the award.

Rogers started in Scouting at the age of nine, when he joined in Pack 102. At 11, he became a charter member of Boy Scout Troop 450, to which he still belongs, the only charter member left in the troop. He is now junior assistant scoutmaster of the troop.

In addition to his scouting, Rogers is a member of the CHS band, "B" football team, Photography Club and has a Battalion newspaper route.

Rogers and several other new Eagle Scouts in the Bryan - College Station area will receive their awards at a special Court of Honor March 15.

## 'UN's Faith Weakened By Senate Leader'

WASHINGTON, (AP)—Senate Republican leader Knowland of California was accused yesterday by Sen. Neuberger (D-Ore.) of making "onesided attacks" that could weaken America's faith in the United Nations.

Neuberger told the Senate that if that faith is destroyed "by attacks such as those of the Republican Senate leader, then the United Nations may disappear as an effective potential instrument for world peace. . . ."

The Oregon Democrat added: "The Republican leader's onesided attacks on the weaknesses of the United Nations lead one to wonder why he is so intent on weakening the faith of the people of America in the one international forum where debate may possibly forestall a fight' .

## Soviet Vetoes Plan For Peace Talks

UNITED NATIONS, (AP)—The Soviet Union yesterday vetoed a plan to have the president of the U. N. Security Council conduct peace talks with India and Pakistan on the Kashmir dispute.

It was Russia's 79th veto in the history of the 11-nation Council.

The plan to send the council president, Gunnar V. Jarring of Sweden, to the Indian subcontinent as a mediator in the nine-year-old quarrel over Kashmir was sponsored by the United States, Britain, Cuba and Australia.

Soviet Delegate Arkady A. Sobolev agreed with the proposal to

have Jarring seek a solution, but objected to other provisions of the plan. He was particularly opposed to a reference to possible use of U. N. forces to occupy the princely state.

In this, he supported India's V. K. Krishna Menon who had told the Council India would not permit U. N. troops in Kashmir.

Sobolev used the veto after the Council rejected amendments proposing deletion of the objectionable provisions.

The vote on the four-nation resolution was 9-1. Russia cast the negative vote and Sweden abstained.

## Ag Economics Club Discuss Barbecue

Plans for the annual barbecue were made by the Agricultural Economics Club at its meeting Tuesday night.

The club elected Charlie Brown reporter of the organization and Jack Lamkin appointed a committee to plan a display for Parents Day.

The Aggieland picture was taken after the meeting.

Other club officers are Tom Livingston, vice-president; Ed Gear, secretary and Ken McKinney, treasurer.

## Consolidated Sets Trustee Election

Two A&M Consolidated School District trustees will be elected by qualified voters of the district in an April 6 election.

They will replace Henry L. Allen and E. E. Brown whose terms expire at that time.

Dr. J. S. Rogers, president of the school's Board of Trustees, reported that nominations may be filed after Feb. 20 and no later than 5 p. m. on March 14. The nomination forms are available in the superintendent's office.

Absentee voting will begin March 15 at the County Clerk's Office.

## MSC Browsing Library

### All Types of Records

By VAL POLK

Records from classics to country music are available for Aggies to enjoy in their spare time in the Browsing Library of the Memorial Student Center, according to Donald Leinweber, one of the librarians.

Record rooms are available at most hours of the day for listening to the selections. These rooms are allotted on a time basis when several people want to listen to records. Extra time is usually given to Aggies with dates, Leinweber said.

The collection includes such records as Pasadena High School's concert records, Harry Belafonte's "Calypso", Glenn Miller favorites, Handel's "Messiah", Jackie Gleason selections, Lawrence Welk's "Champagne Music", "Perfect for Dancing" series, harpsichord

music and Tchaikovsky and Bach works. The collection has several complete opera albums and an album of records featuring foreign languages.

The music piped throughout the MSC is from the record collection. This music can be piped to individual rooms or throughout the MSC.

The library also has most of the popular magazines and large daily newspapers available to read in the main library.

Books of all kinds from reference books to detective stories are on the library shelves for students to read. The American Heritage series was recently added to the library's list of books by a Waco man.

Chess, checkers, dominoes and other games can be checked out to students and visitors to be played

in the library's game room. The game room is also a favorite place of students for writing letters to friends or families.

Any donations of books, subscriptions or records to the library are welcomed, said Leinweber.

## Greer Gives Plan For New Highways

Texas highways will be increased at a rate of 2,315 miles a year for at least the next five years, and existing highways will be improved, the engineers attending the 31st annual Highway Engineering Short Course were told.

Pre-stressed concrete will be greatly expanded during this construction period, according to D. C. Greer, state highway engineer. The short course opened with more than 600 engineers present.

## Fifth freedom: Two Fords

Who says you have to be independently wealthy to enjoy the fun and independence of two Fords?

Fact is, you can own two Fords for the price of one expensive car. And Ford has features this year that even have the higher-priced cars taking notes.

Take styling: No matter which of Ford's 20 new models you choose, you'll get a car that's completely new, with the stunning Sculptured Look that gives Ford the Mark of Tomorrow.

As for build: No other car on the American Road can touch a Ford. Proof? A stock model '57 Ford averaged

108.16 mph for 50,000 miles at Bonneville, Utah.

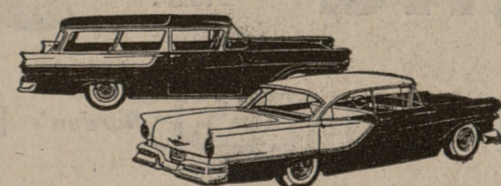

Choice? Ford gives you your choice of not one, but two big-car sizes. There's the Custom and Custom 300 Series, over sixteen luscious feet of car. Or you can choose from nine even longer Fairlane and Fairlane 500 models, over seventeen feet of pure dreamboat.

And look at the choice of power. Beginning with the new Mileage Maker Six and going right through the series of V-8 engines, you can get your own brand of sizzle, including a Thunderbird 312 Supercharged V-8 that delivers 300 hp and a 270-hp Thunderbird 312 Super V-8.

And all of this is at low Ford prices. No wonder the swing is to two Fords this year!
