A&M CAMPUS

## Women's Social Club Enjoys Game Party Friday Afternoon

Members and guests of the A&M Women's Social Club gathered in the ballroom of the Memorial Student Center Friday afternoon for a game party.

Prizes in bridge were won by Mrs. Fred Jones, high; Mrs. Tom Harrington, second high, and Mrs. Paul Jungerman, low.

The canasta prize went to Mrs. J. E. Hierth and Mrs. K. J. Koenig took high honors in "42." Door prize winners were Mrs. James R. Couch and Mrs. T. O. Walton, Jr.

The president, Mrs. Ide P. Trotter, conducted a short business meeting before the games started. She appointed Mrs. E. L. Angell, chairman, Mrs. H. E. Burgess and Mrs. F. J. Koenecy as the nominating committee to prepare a slate of officers for the 1957-58 year. The committee is to report at the March meeting.

Named to a committee to select a club representative to the Cotton Pageant were Mrs. W. A. Varvel, chairman, Mrs. Sam Cleland and Mrs. B. C. Wormell.

Mrs. Trotter announced that the World Day of Prayer will be observed in College Station March 8. A special program in keeping with the observance will be held at St. Thomas Episcopal Church from 9:55 to 11 a.m. Everyone is invited to attend. A nursery will be provided.

### Newspaper Clinic

More than 200 persons are due to attend the Texas Newspaper Clinic to be held at A&M March 8-9. The clinic is sponsored by the Journalism Department with Wesley D. Calvert as chairman. Sessions will be held in the Memorial Student Center.

## Social Whirl

Mechanical Engineering Wives entertained their husbands, department faculty members and their wives with a get-acquainted dinner-dance Friday evening at Zarape's.

During the dance, which followed dinner, punch was served by Joann Wagner and Margie Stratton.

Civil Engineering Wives Club will not have game night Wednesday evening. Instead, it will meet at 8 p. m. Wednesday, March 6, in the south solarium of the YMCA.

## For Local Cookie-Lovers-- Here's That Recipe Again

For the benefit of those who are looking for "another cookie recipe," we repeat one of Georgia Benson's "Family Favorites," run in Thursday's Battalion.

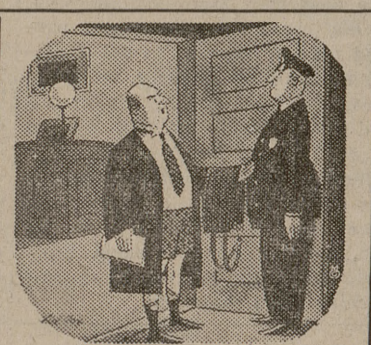

The proper ingredients and instructions were included, but not in the right order! So here's the recipe again--

### Butterscotch Drop Cookies

Ingredients: 3 1/2 cups sifted all-purpose flour, 1 teaspoon soda, 1 teaspoon salt, 1 cup soft shortening (part butter or margarine), 2 cups brown sugar, 2 eggs, 1/2 cup sour milk or buttermilk, 2 teaspoons vanilla.

Method: Sift flour once before measuring, then sift it together with the soda and salt. Combine the shortening, sugar and eggs in a mixing bowl, and beat until well blended--about 2 minutes. Add milk and vanilla. Add sifted flour mixture, and beat until well blended--about 3 minutes. Chill dough one hour or more. Preheat oven to 400 degrees and grease cookie sheets. Drop chilled dough by rounded teaspoons 2 inches apart on cookie sheets. Top each cookie with a pecan half or candied cherry, if desired. Bake 8 to 10 minutes--just until cookies are firm and brown around edges.

While I'm trying the next case, take my trousers to be pressed at --

## ENGINEERS and SCIENTISTS

we'll be on the campus Mon. & Tues., March 4 & 5 to discuss your future at Boeing

...where you can rise to the top

Right now you're in the process of making one of the most important decisions of your life.

Your decision is important to us, too, because we are interested in engineers and scientists who want to get ahead. We're coming to the campus to give you the facts you need to judge whether Boeing can help you reach the goal you have in mind.

The fact that Boeing is an "engineers' company" is important to your success. At Boeing, you'd work with, and for, engineers--men who talk your language, understand and appreciate your work.

Boeing encourages graduate study, reimbursing full tuition and fees, plus an additional amount for incidentals. Every six months, each Boeing engineer is given a merit review--a personal opportunity for recognition and advancement.

The company's steady, rapid growth assures plenty of opportunities to move ahead. At Boeing, engineers hold positions right to the top.

Another advantage: Boeing assignments are interesting. You'll work on such famous projects as the 707, America's first jet transport; the intercontinental B-52, the nation's principal long-range jet bomber; the supersonic BOMARC guided missile, and top-secret programs that probe beyond the frontiers of the known. At Boeing, you'll be in a young, expanding industry, one with its major growth still ahead.

So whether you plan a career in civil, mechanical, electrical, aeronautical or industrial engineering, physics or mathematics (or related fields), drop in for a person-to-person discussion about your future at Boeing.

Personal interviews on MARCH 4 AND 5  
See your Placement Office for time and location
