

COUNCIL HEARS

(Continued from Page 1)

thing about the volume of chimes at the center.
Roy Andrews of Law Hall said several of his constituents had complained of the chimes "getting on their nerves." He proposed that they be turned off all week except Saturdays and Sundays.

The council killed this motion quickly and accepted the more moderate one, to tone the chimes down.

Report of a poll of the civilian dormitories showed students to be in favor of asking the Aggeland Orchestra to play for the Civilian Ball. Also approved, by a large majority, was a plan for selecting a civilian sweetheart.

The poll is still incomplete on whether students want the dance in The Grove or Shisa Hall or whether they want a barbecue or a banquet.

Following business the councilmen had their pictures made for Aggeland '57.

\$500 Cash Waits Engineer Writers

Two awards for \$500, sponsored by Lift Slab, Inc. of San Antonio, will be given this spring for the best two papers written on the building construction field.

All students with one year of college remaining in the School of Engineering, including Agricultural Engineering, or Building Products Marketing, are eligible. Winners must use the award in attending A&M during the 1957-58 year.

Term papers, or papers written specifically for the contest will be accepted. Deadline for entries is April 27.

R. L. Peurifoy of the Civil Engineering Department is to be chairman of the Faculty Committee which will sponsor and judge the competition.

Everyone Gets Into The Act

Israel To Tell U.N. 'We're Getting Out'

UNITED NATIONS, N. Y., (AP)—Israel will inform the General Assembly today that she will withdraw troops completely from Egypt and the Gaza Strip, a high

diplomatic source reported last night.

The source, who has been close to the negotiation, said Israel may include some qualifying assumptions in making the announcement. The informant did not specify what these would be.

He said Israel would announce the plans to pull out of the Gulf of Aqaba and Gaza in accordance with the General Assembly resolutions of Feb. 2.

The disclosure came after Israel informed the Assembly that it would make a statement this afternoon on the plans. The Feb. 2 resolutions were sponsored by the United States and six other nations.

They provide that:
1. Israel withdraw immediately behind the 1949 armistice lines.
2. Both Israel and Egypt observe terms of the armistice and endorse recommendations of Sec-

retary General Dag Hammarskjöld for stationing U. N. Emergency Forces along the demarcation line.
Taking the floor Thursday when the 80-nation Assembly resumed debate on the Middle East crisis after several postponements, Israeli Deputy Delegate Mordecai R. Kidron made this short statement:

"In connection with the debate on the present item, the Israel delegation will be in a position to make a statement on the Israeli plan for withdrawal at a meeting of the General Assembly tomorrow afternoon. I would be grateful if it can be arranged for Israel to make a statement at that time."

Kidron's announcement was reported by sources close to the delegation to mean Israel is preparing to pull her troops back from the Gulf of Aqaba and the Gaza Strip.

College Station Schools Plan Public School Week Program

By WELTON JONES

A&M Consolidated Schools have been busy for some time preparing for an annual event, Texas Public Schools Week.

Highlight of the week, which was officially proclaimed in College Station by Mayor Ernest Langford and in Brazos County by County Judge A. S. Ware, will be the community supper Thursday night.

Presented in the Consolidated gymnasium each year by the Consolidated Mothers and Dads Club, the main course of the meal will be fried chicken from the A&M Dining Hall, according to Mrs. Robert Stevenson, chairman of the supper committee. Tickets will be 85 cents for adults and 70 for children, she said.

Following the meal and beginning at 7:15, parents will attend an abbreviated schedule of classes with their children in grades 6-12.

In junior high, an assembly will precede the classes. The assembly, program, presented by grades six, seven and eight will be under direction of Junior High Music Director Frank Coulter and depicts a group of immigrants to the U. S. and their adjustment troubles.

Fifth grade rooms will be open, but no formal program is planned.

High School classes will begin with a typical homeroom period, including announcements and devotional, and then the first four classes of the day will meet briefly. School officials are urging all parents to accompany their children to the classes.

Following the classes an assembly will be held in the auditorium featuring the CHS band

under the direction of Robert Boone. Also on the program will be a skit from the Junior Play and a speech student, according to Principal J. J. Skrivaneck.

Mrs. H. S. Creswell, elementary school principal, has announced no night program for grades 1-4. An assembly will be presented Friday by students from the junior high school.

All of the principals and Consolidated Superintendent L. S. Richardson urge parents and other interested persons to attend the schools next week.

The Battalion

The Editorial Policy of The Battalion Represents the Views of the Student Editors

The Battalion, daily newspaper of the Agricultural and Mechanical College of Texas and the City of College Station, is published by students in the Office of Student Publications as a non-profit educational service. The Director of Student Publications is Ross Strader. The governing body of all student publications of the A&M College of Texas is the Student Publications Board. Faculty members are Dr. Carroll D. Laverty, Chairman; Prof. Donald D. Burchard, Prof. Tom Leland and Mr. Bennie Zinn. Student members are John W. Gossett, Murray Milner, Jr., and Leighus B. Sheppard, Jr. Ex-officio members are Mr. Charles Koehler, and Ross Strader, Secretary. The Battalion is published four times a week during the regular school year and once a week during the summer and vacation and examination periods. Days of publication are Tuesday through Friday for the regular school year and on Thursday during the summer terms and during examination and vacation periods. The Battalion is not published on the Wednesday immediately preceding Easter or Thanksgiving. Subscription rates are \$3.99 per semester, \$6.00 per school year, \$6.50 per full year, or \$1.00 per month. Advertising rates furnished on request.

Entered as second-class matter at Post Office at College Station, Texas, under the Act of Congress of March 3, 1879.

HERE'S YOUR CHANCE

to get the full story of engineering opportunities in America's most dynamic industry... aviation!

Temco Aircraft Corporation — one of the fastest-growing organizations in the industry — is sending an engineering representative to your campus to discuss with you personally the exciting Temco story of outstanding opportunities for young engineers.

WHAT'S YOUR SPECIAL INTEREST?

Right now, Temco offers immediate opportunities to creative young engineers in a wide range of design and development activities including trainer, utility and reconnaissance-type aircraft; high speed drones; guided missiles; and airborne electronic systems. Research and development programs are continuously being conducted both under contract to the armed services and as private ventures financed entirely by Temco.

In a recent seven-month period, the Navy awarded Temco three prime contracts for aircraft and missiles: the TT-1 primary jet trainer; the XKDT-1 rocket-powered target drone; and a guided missile weapons system still under security classification. Other advanced aircraft, missiles and weapons systems are currently being designed and developed at Temco.

These are typical of the kind of Temco projects that can move you to the top fast. Temco's unique position as one of the fastest-growing companies in the industry opens up exciting starting opportunities for graduate engineers. Make your appointment today!
