## New Salad Features Cheese, Rice Tidbits

By CECILY BROWNSTONE  
Associated Press Food Editor

Here's one of the best salad tricks of the year. And it all came about because one recipe borrows from another.

This is how it all started. Know that salad, probably originating in California, that includes garlic-flavored croutons? The crunchy tidbits are delicious but it takes some time to dice the bread for them and then brown it in oil.

So one day when we had toasted a batch of these bite-sized shredded rice cereal squares in butter and seasoned them with garlic powder to serve as a first-course nibble, we held back. Instead we tossed them into a salad. Our eaters liked the innovation and we've been using them this way ever since.

**1957 TOSSED SALAD**

Ingredients: 2 quarts torn romaine (packed down well), 1 pint torn spinach leaves (packed down lightly), 1 cup thinly sliced rad-

ishes, ½ pound (¾ cup firmly packed) blue cheese, 2 tablespoons butter or margarine, 1 cup bite-sized shredded-rice cereal squares, garlic powder, French dressing, salt, pepper.

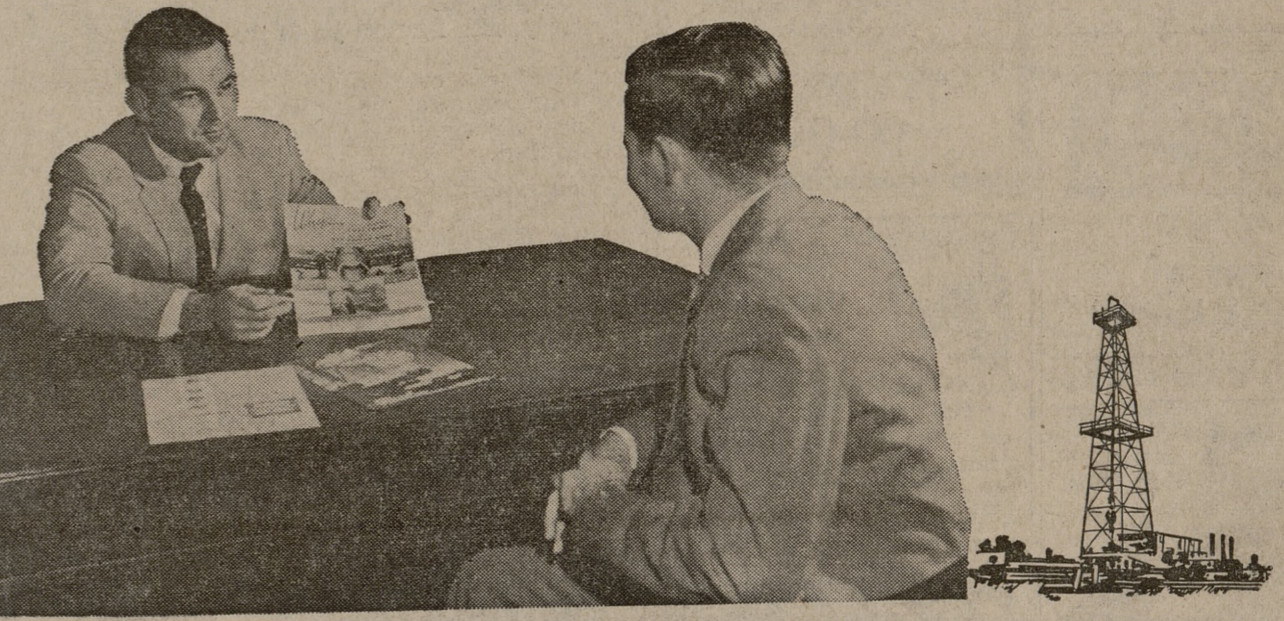

Method: Have romaine and young fresh spinach washed, dried and crisped in the refrigerator before tearing into pieces of a size that can be picked up easily with a fork. Turn romaine and spinach into a big salad bowl. There should be just enough spinach to give a dark green accent to the lighter colored romaine leaves. Sprinkle with radishes and finely cut blue cheese. Cover tightly and refrigerate until serving time.

Melt butter in an 8-inch skillet over low heat; add shredded rice squares and brown, stirring often. Sprinkle cereal with garlic powder to taste; cool. Toss the salad with the French dressing, just before serving, adding salt and pepper if needed. Add the shredded-rice squares and toss again.
