MILER PAUL HARRINGTON—who once again captured the four-lap race and ran second in the two-mile as the Aggies tied the University of Houston Cougars, 68-68, on Kyle Field Saturday.

# Recheck Gives Aggies Tie With UH Cougars

The University of Houston cinder men left Aggieland with a dual meet victory over Coach Frank G. (Colonel Andy) Anderson's final Kyle Field appearance, but a recheck of the totals brought the score to 68-68 yesterday.

A&M's Fish edged the UH Kittens, 63-62, with a victory in the mile relay.

Colonel Andy, who will retire at the end of the current season, saw his Aggies for the last time on the cinder oval of Kyle Field. Anderson is in his 25th season as Aggie thinyclad mentor.

The Cougars thought they had wrapped up the dual affair in the next to last event of the day—the low hurdles—with Jim Bingham and Joe Bob Smith taking the first two places for a nine-point lead with only the mile relay remaining.

## Cadets Take Baylor in 2nd On Smotherman's Homer

Dependable Jim Smotherman lashed a Rudy Roughton pitch over the boards with a pair of mates on base to give the Aggies a 4-2 victory over the Baylor Bears Saturday and a split in the series.

The Baptists, one strike away from defeat, tied Friday's contest in the ninth and won it in the twelfth, 4-3, putting their South- west Conference record at 2-1. A&M stands 1-2.

Baylor scored twice in the ninth after two were out, then scored another after midnight for their win, beating Donnie Hullum for his first decision of the year.

Smotherman's blast gave the Ag- gies of Coach Beau Bell a three- run cushion. Wendell Reed drove home Dickie Thomas with A&M's fourth and final run in the fourth frame with the Bears scoring their pair on Jacky Davis' four-bagger with Jerry Mallett aboard in the sixth.

## Williams Assails Marines

SARASOTA, Fla. (AP)—Baseball star Ted Williams affirmed today that he told a New Orleans editor the late Sen. Robert A. Taft (R-Ohio) was a "phony" and that he had "no use for the Marine Corps" as the result of his recall to service in 1953.

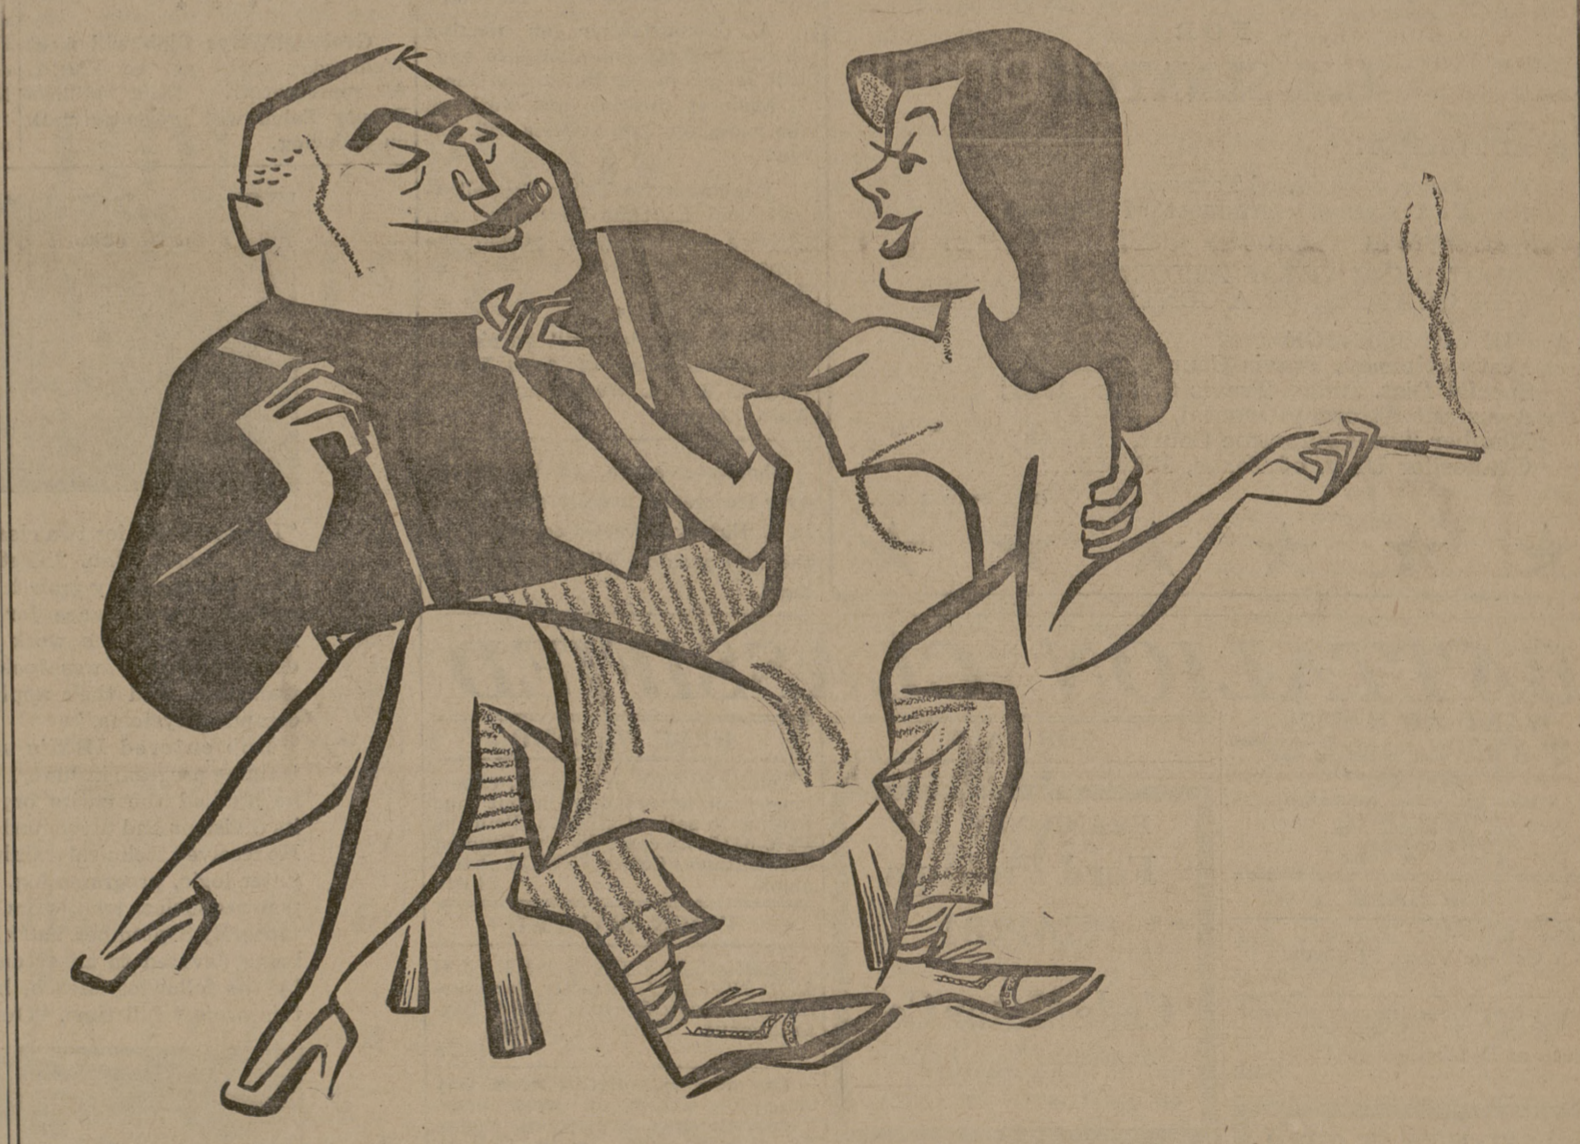

"I'll tell you about the Marines," he said. "They got the government to appropriate a lot of money. They said they had all the pilots they needed but needed planes for them."
