**Records Slated to Fall
At 30th Texas Relays**

**Col. Andy to be Honored
But Aggies Not Eligible**

AUSTIN, (AP)—Records may fall like match sticks this weekend with the staging of Texas' annual track and field extravaganza, the Texas Relays.

High on the list of possible new records are the high jump and the pole vault. Those events will see some of the most glittering track talent ever to appear at Texas University's Memorial Stadium.

Thanks to the NCAA, A&M's thinyclads will stay at home this weekend. The Aggies are forbidden to compete in any NCAA activity due to the probation, which is slated to be removed next month. Coach Frank G. Anderson will be honored at the relays as a member of the 1956 United States Olympic team.

To date, there are 1,258 athletes entered in the 30th running of the relays — just six shy of the record of 1,264 in 1956.

Preliminary trials start at 9:30 a.m. Friday and continue through the day. Fifteen championship events will be held Friday night under the lights and the remaining 21 are set for Saturday afternoon.

Among the top-flight competition who will challenge the pole vault mark are Joe Rose of Arizona State (Tempe) and Karl Englund of Missouri. Both have bettered the relays standard of 14 feet, 2½ inches this season.

The high jump field includes Al Urbanckas of Illinois, Big 10 co-champion who has done 6 feet, 8½ inches, this year. He will be pressed by Don Stewart of Southern Methodist, who has jumped as high as 6 feet, 10 inches.

The overall field includes such stars as Bobby Morrow of Abilene Christian College, the dash whiz who won three gold medals at the last Olympics, Eddie Southern of Texas, who set an Olympic record of 50.1 in the 400-meter hurdles while running second to Glenn Davis of Ohio State, and these others:

Dave Owen of Michigan: has thrown the shot 59 feet even this season—the best collegiate toss of the year so far.

Al Oerter, Kansas Olympic discus champion and record holder with a toss of 184 feet, 10½ inches.

J. W. Mashburn, Oklahoma A&M: two-time Olympic performer and anchor man for the relay team.

Joe Villarreal, Texas: set a national record in the mile as a freshman with a time of 4:10.

Bobby Whilden, Texas: a member of the world record 440 relay team for two years, won 100 meters in relays last year.

Kenneth Yob, Colorado: Big Seven conference javelin champion with a record toss of 222 feet, 10 inches.

Kent Floerke, Kansas: defending broad jump champion with jump of 24 feet, 6½ inches. The relay events are expected to provide some of the finest thrills of the meet.

A hot duel should take place between Texas and Abilene Christian in the 440 and 880-yard relays. Kansas is favored in the distance medley and four-mile relays, with Texas, Illinois, Houston, Arkansas, and Oklahoma A&M challenging.

Kansas also is chosen to cop the two-mile relay and is the choice in the sprint medley.

Texas has the nation's best time in the mile relay, but will be fighting Baylor, Kansas State, Oklahoma, Kansas, Oklahoma A&M, Houston, Notre Dame and Missouri.

Teams expected to dominate the college class are East Texas State, Kansas State of Emporia, Kansas State of Pittsburgh, Lamar Tech and Howard Payne.

In the junior college-freshman class, Texas Tech and Arkansas appear to be chief challengers to a good Texas team.

The Baytown Ganders are stand-outs in the high school class. Their chief rivals will probably be Dallas Sunset, Pasadena, San Angelo, Austin Travis, Houston Lamar and Corpus Christi Ray.

All Saturday afternoon National League games to be played by the Giants in the Polo Grounds will be Ladies' Days during the 1957 season.

WHICH SIDE IS UP?—A&M's Fritzie Connally finds himself upside down after clearing the bar at 6-4. Connally has won the high jump for three consecutive meets and last week took a third in the broad jump.

Hints of Trades

**Dressen Confident
Senators Better**

SAVANNAH, Ga., (AP)—Chuck Dressen still is hoping to make a deal for a center fielder to lend more punch to his batting order but confidently predicts his Washington Senators will win more games than they did last year.

As the Senators struggled home seventh, 38 games behind the New York Yankees with a 59-95 record in 1956, any improvement will be appreciated by Washington fans. At least, Dressen did lift the club out of the cellar finish of 1955.

"I've got a ball club this year," said Dressen. "Last year I had only 21 men with injuries hurting us all season long."

"I tell you one thing. If our guy Pascual Camilo gets his bearings, watch out. I'm trying to keep him in the same groove as in Cuba where he pitched all winter."

"Every time we talk trade to anybody they mention Pascual, Pedro Ramos or Chuck Stobbs. You can see they like our pitching pretty good although our staff had the worst record in the league."

Dressen hinted the Yanks and Red Sox are the most likely possibilities for a deal. Both clubs have been interested in Stobbs and Dressen has his eye on some of that young New York talent or Gene Stephens, Boston outfielder.

Dressen admits his main problems are center field and shortstop. In center he expects to alternate lefthanded hitting Whitey Herzog .245 and righthanded Karl Olson .246 depending on the pitching.

At shortstop, Dressen appears to have come down to Lyle Luttrell, a 27-year-old rookie who hit .189 in 38 games with Washington. Jerry Snyder .270 who has been handicapped by a leg injury will back him up. Dressen seems to have cooled on Jose Valdivielso .236, the Cuban shortstop.

The strength of the Washington club is the hitting of Roy Sievers, Jim Lemon, Pete Runnels and the catching staff. Its leaky defense was guilty of 171 errors, tops in the majors last season and the opposition scored 924 runs, the worst record in either league.

Lemon, the right fielder, was the big surprise of 1956 and Dressen expects him to be even better. The former Cleveland Indian hit 27 homers, drove in 96 runs and batted .271. His total of 21 homers at home was more than any other Washington player ever hit at Griffith Stadium. However, Lemon also set a major league record by striking out 138 times.

With Sievers .253 playing left field and Lemon in right, the only open job is center.

Runnels .310 at first base, Herbie Plews .270 at second and Eddie Yost .310 at third fill the infield jobs, plus Luttrell or Snyder at short.
