Garden Clubs Will Promote Conservation

The whooping crane, which has been tottering on the brink of extinction for some time, has found another friend. Latest organization to proffer a helping for protection of this rare species is Texas Garden Clubs, Inc.

Action in regard to the whooping cranes was included in a broad 10 point conservation policy adopted at the annual state convention held recently in San Antonio.

A&M Garden club, which won several awards, was represented at the meeting by Mrs. Tom Taylor, president, Mrs. Eddie Baker, first vice-president, and Mrs. Marion Pugh, District V conservation chairman.

Mrs. Taylor accepted the following awards on behalf of the local club:

First place for two-year scrapbook compiled by Mrs. R. E. Snuggs.

Certificate of Merit for Advanced club.

Third place for yearbook and honorable mention for scrapbook of "Little Sprouts" Junior Garden club.

"Horticultural Stewardship in the Preservation of America" will be the theme of Texas Garden Clubs, Inc. during the coming year under the administration of the new state president, Mrs. David H. Buchanan of Temple.

Projects of the new program will include, in addition to protection for birds and wild flowers, Arbor Day plantings, insect control, litterbug campaign and roadside development and beautification.

IT'S FOR REAL! by Chester Field

TO BE OR NOT TO BE*

Philosopher Berkeley did insist
That only things we see exist.
But if what's real is what I see,
When I'm not looking, who is me?

MORAL: You know it's real when it's the BIG, BIG pleasure of Chesterfield. More full-flavored satisfaction from the world's best tobaccos. PLUS King-size filter action... a better tobacco filter because it's packed smoother by ACCU-RAY!

Chesterfield King has everything!

*\$50 goes to Joyce Trebilco, University of California at Berkeley, for her Chester Field poem.
\$50 for every philosophical verse accepted for publication. Chesterfield, P.O. Box 21, New York 46, N.Y.
