George Mehaffey, probably the finest cager ever to come out of A&M, inked a contract with the St. Louis Hawks of the National Basketball Association yesterday.
 Mehaffey, the Houston St. Thomas graduate who captained the 1956-57 Aggie quintet, was a unanimous all-Southwest Conference second team choice and scored 300 points for the season, second high for A&M despite injuries that kept him out of four games.
 "I feel very lucky that I'm getting the opportunity to play with the Hawks, whom I consider the best team in the NBA," said Mehaffey. "It'll be hard to make the team because their personnel doesn't graduate like they do in college, but they have promised me every opportunity and it will be left up to my ability."

The 6-5 senior was a member of the West team in the Kansas City East-West All-Star Game and then toured with the College All-Stars against the Harlem Globe Trotters.
 "We saw him in the East-West game," reported Hawk Publicity Director Marty Blake, "and thought they didn't use him enough."
 "We thought he was the outstanding player in the game for the time he played. He scored three baskets, rebounded and hustled—he showed us he can play pro ball."
 Mehaffey will join the Hawks in St. Louis for the opening of their training camp September 20.
 "I really want to express my gratitude to Coach Loeffler for his fine coaching which enabled me to have this opportunity," emphasized Mehaffey. "He has meant a lot to me and has been a tremendous influence in my basketball development. He made me conscious of mistakes that I made and told me what I should do to correct them at crucial times. Loeffler is the greatest coach I've ever known."

Corps Baseball Sets Finals in Travis Park

By FRED MEURER
 Corps baseball, successful for the first time at A&M this spring, will come to a booming finish next Tuesday night in Bryan's Travis Park when the winners of the Air Force and Army Leagues meet in the championship "Tenth Man Bowl."
 Representing the Army in the bowl will be the First Regiment, Third Battalion, composed of Engineer, Ordnance and Transportation Corps outfits, who finished regular play with a perfect 6-0 record. The consolidated Air Force-Army Band placed second in the standing with a 4-2 record.
 In their only encounter this year, the 5th Group stomped the 7th Group, 8-3, so the play-off game is also a revenge match.
 This year's baseball program was originally scheduled to go two rounds in each league, but a late start, foul weather and too many holidays forced play to be limited to one round.
 Admission to the championship game Tuesday will be ten cents, with proceeds to be stashed away for next year's equipment. Friday night's game will be free.
 Melvin Driskill, originator of 1957 Corps Baseball, announced a barbecue to thank umpires, coaches and managers sometime next week. Further announcements will be made previous to that time.
 Both groups played their final game against the 6th Group, with the 5th shutting them out last week, 5-0, and the 7th tying things up by topping them 4-1 Tuesday

King, Court Here Saturday

After being postponed twice and delayed more than a week, the King and His Court may finally make an appearance at A&M—the game is scheduled tomorrow at 7:30 p.m. on the lighted softball diamond.

loves to cut loose and cover the miles!
 If you're looking for a real "escape artist," a car that loves to step out and get away from it all—well, it just happens that Chevy was born with that urge.
 If there ever was a car that loved to cut loose and cover the miles, it's this one. Yet it's so easy to handle that it even makes city traffic seem a bit lighter and parking places a bit bigger.
 Chevy's pretty easygoing out on the highway too. Not poky. Far from it. You find, for example, there isn't a hill around that can make it breathe hard —not with Chevrolet's high-performance V8 on the pulling end. You've got up to 245* horsepower here for the biggest helping of driving pleasure found in the low-price field!
 Chevy's new Positraction rear axle (optional at extra cost) adds still more pleasure. It delivers greater power to the wheel that grips, not the wheel that slips. You have surer control and better traction on any road surface.
 Stop by your Chevrolet dealer's before another good driving day goes by.
