

Nagle Moving Won't Affect Academic Bldg.

Proposed move to Nagle Hall by the departments of history and economics, previously housed in the Academic Building, will not materially affect the other departments in the Academic Building, according to Walter H. Delaplaine, dean of the School of Arts and Sciences.

The move to Nagle Hall, which is being completely remodeled on the interior, is scheduled in time for the first summer semester. Also moving to the redecorated building will be the departments of geography and journalism and the offices of the dean of the Graduate School.

Delaplaine said the space in the Academic Building that now is being utilized by the departments moving will be absorbed by the remaining departments. Also, Bagley Hall, which was repainted on the inside during the Easter vacation, will continue to be used by the mathematics and English departments.

New features in Nagle Hall will include air conditioning in the main lecture room, the journalism darkrooms and the offices of the Graduate School. New furniture for both the offices and the classrooms is being installed.

HIGHER THAN CHARLES DELAPLAINE'S 6'2" FRAME are the more than 170 books the average Consolidated High School student has studied during his twelve years in school. Delaplaine, a CHS senior, is the son of Dean and Mrs. W. H. Delaplaine, 1022 Walton.
