Learn to Fly at Easterwood Field

White Rock Aviation School, Inc.

Since we have just completed the largest ROTC Flight Training Program in the nation here at Texas A. and M., we are now in a position to offer to the people of the Bryan and College Station Area the opportunity to learn to fly in modern equipped and well maintained Cessna aircraft.

Here at Easterwood Field you may now take any course in flying. SOLO PRIVATE — COMMERCIAL — FLIGHT INSTRUCTOR — INSTRUMENT.

We are enrolling students this Saturday and Sunday here at the Field. Come out, see our planes, and talk with us or call VI 6-6217.

U.S. Savings Bonds
pay you higher interest
...faster!

If you've always bought U. S. Savings Bonds for their rock-ribbed safety, their guaranteed return, the way they make saving easier—you've got one more reason now!

Every Series E United States Savings Bond you've bought since February 1, 1957, pays you a new, higher interest—3 1/4% when held to maturity! It reaches maturity faster—in only 8 years and 11 months. And redemption values are higher, too, especially in the earlier years.

About your older Bonds? Easy. Just hold onto them. As you know, the rate of interest a Savings Bond pays increases with each year you own it, until maturity. Therefore, the best idea is to buy the new—and hold the old!

The main thing about E Bonds, of course, is their complete safety. Principal and interest are fully guaranteed.

They are loss-proof, fire-proof, theft-proof—because the Treasury will replace them without charge in case of mishap. Your Savings Bonds are as solid as a rock—backed by the full faith and credit of the United States.

Maybe you already know about Savings Bonds—as one of the 40 million Americans who own them today, or as one of the other millions who have used Bond savings to help pay for new homes, cars, or college educations, or to make retirement financially easier. If so, this is familiar territory to you—you know there's no better way to save.

But if you're new to the game, find out about Savings Bonds and what they can do for your future. Ask your banker, or check with your employer about the automatic Payroll Savings Plan that makes saving painless and easy.
