

Michigan Welcomes Armistead

A&M Loses Well Trained Educator

After serving as dean of the School of Veterinary Medicine for less than four years, Dr. W. W. Armistead has accepted the position as dean of Michigan State's Vet School and leaves A&M minus one more highly qualified educator.

His resignation becomes effective August 31.

He was named dean of the college's School of Veterinary Medicine Sept. 1, 1953. He holds his D. V. M. degree, 1938 from A&M and Master of Science degree from Ohio State University in 1950 and his Ph. D. degree from the University of Minnesota.

Following two years in private practice in Dallas, he joined the School of Veterinary Medicine at A&M in 1940.

Dr. Armistead was promoted to assistant professor in 1942 before entering military service with the Veterinary Corps as a first lieutenant. He attained the rank of major before his discharge in 1946, after service including North Africa and Italy. He became a full professor in 1947.

"We regret losing Dr. Armistead," Chancellor M. T. Harrington of the A&M System said this week. "He has done a fine job in directing the activities of the School of Veterinary Medicine not only the resident teaching program but also the research programs in veterinary science. We wish him happiness and success in his new assignment. He is a top hand."

Dr. Armistead served as president of State Veterinary Medical Association in 1947-48 and in 1956 was elected president of the American Veterinary Medical Association.

A native of Detroit, Mich., Dr. Armistead received his high school education in Texas, being a graduate of John H. Reagan high school of Houston.

LAST STRAW

SAN DIEGO, Calif. (AP)—Principal C. Russell Heinze of Horace Mann School said Judy Hottenstein's pink hair, along with a pink dress, went beyond the teenage fads he was conditioned to accept. He sent Judy, 17, home until her hair was restored to normal blonde.

Wilcox Named School Board Committeeman

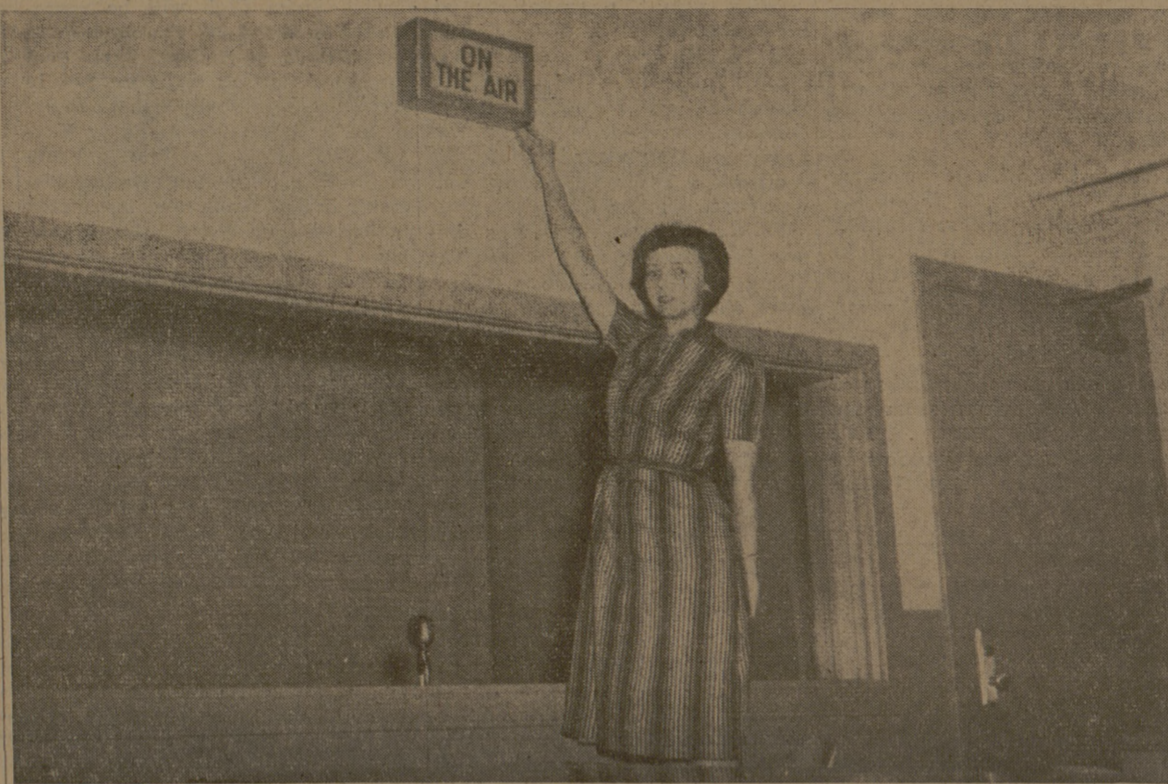

Dr. George B. Wilcox, professor of education, has been named to the executive committee of the Texas Association of School Boards. Donald G. Nugent, Austin, is executive director of the TASB.

The executive committee of the TASB serves as the policy-making and program designing body of the association in the interim between annual state association meetings. The next regular meeting of the committee will be held Oct. 20 in Austin and will precede the 1957 annual TASB meeting.

Dr. Wilcox is one of the most widely known schoolmen in Texas. He has served as principals of the high schools at Groesbeck and Wharton and superintendent of Plantersville and Cleveland, principal and vocational agriculture teacher at Jacksboro high school.

He was one of the organizers of A&M Consolidated High School at College Station and at one time divided his time between principal of the school and A&M. He later served as superintendent of the high school and in 1925 became a full-time employee at A&M.

He is chairman of the Brazos county school board.

SUPPORTING THE SIGN over the new radio practice booth in the Journalism Department's new quarters in Nagle Hall is Ruth Yarbrough, department secretary. The finishing touches are still being applied to some parts of the department in preparation for the fall semester.

Texas Firemen Meet Here For Annual Training School

About 1200 firemen and fire marshals are due to attend the 28th Annual Firemen's Training School scheduled here July 21-26.

The school is sponsored by the State Firemen's and Fire Marshal's Association and will be conducted by the Texas Engineering Extension Service.

Attending the school will be men from some 425 Texas cities, industries and from army, navy and air force posts, bases and stations. About 190 experienced instructors from municipal department, industry and armed services will work with the student firemen who, during the registration are broken down into small sections for individual instruction in actual

handling of all types of fires with all types of extinguishing equipment.

All types of approved extinguishers and recharges, respiratory and safety equipment will be furnished by manufacturers and distributors. Oil companies will furnish gasoline, kerosene, crude oil and butane for the pit and tank fires and assign tank trucks and drivers to assist.

Henry D. Smith is chief of the Firemen's Training School.

Supervisory instructors for the combined (basic, advance and rescue training) for the school include the following:

Training Chief R. Roy Simmons, Hugh V. Keepers—assistant manager and M. C. Horton—assistant chief engineer of the Fire Prevention and Engineering Bureau of Texas; P. L. Andrew—assistant instructor, Joe Donnell—drill master, fire department, Chance Vought Aircraft Corp.; Chief O. C. Martin, Maintenance Supervisor W. H. Lumpkin and Battalion Chief W. H. Sharp, all of the Dallas Fire Department.

Chief Harvey F. Peyton, Green-

ville; Chief Irwin W. Speckles, Schulenburg; Chief Elbert Sanders, Edinburg; G. W. Wilson, chief plant protection, Neches Butane Products Co., Port Neches; Chief Charlie Meadows, Odessa; William J. Henderson, Galveston and Theo H. Fields, director, Harris County Emergency Corps, Houston.

Also L. O. Bynum, Snyder; Virgil B. Phipps, building and college utilities, A&M; James A. Bland and A. L. Cartright, Firemen's Training School; Chief Eugene Ray, Port Arthur; Masan Lankford, vice president, State Firemen's and Fire Marshals' Association; Convair Chief Charlie Jones, Fire Department, Convair, Fort Worth; Captain Roy Shanks, El Paso and Frank McKinney, Veterans Administration Hospital, Waco.

Judge G. F. Dohrn, Mission; Chief D. C. Musick, Abilene; Chief Royce Hogg, Gilmer and Chief Paul B. Conley, Luling, members of the Advisory Board, Firemen's Training School and Pres. Leo Bales, State Firemen's and Fire Marshals' Association of Texas, Lampasas.

Alaska Topic For CS Lions Talk

George Walder of the Department of Oceanography and Meteorology was the speaker at the College Station Lions Club weekly meeting Monday in the Memorial Student Center.

His topic was Alaska, where he spent several years teaching at a college in the territory. He told the members of the group about the climate and the remarkable growth of vegetables and the various types found there. He also showed a number of slides from Alaska.

Director Of Ag Extension Resigns Post

G. G. Gibson, director of the Texas Agricultural Extension Service since 1949, has resigned his post, effective August 19, to accept assignment with the United States Operations Mission, Karachi, Pakistan, in the Office of Agriculture and Water Resources.

Gibson has been a member of the staff of the Texas Agricultural Extension Service, a part of the A&M System, since 1935. He served as an assistant dairy husbandman and later dairy husbandman, prior to being named director in 1949.

Dr. M. T. Harrington, chancellor of the A&M System, in announcing Gibson's resignation said, "We are all of us very sorry to see him leave the Extension Service. In his years with the service and particularly during his term of office as director, he has done an extremely fine job and rendered a real service to the people of Texas. We are, however, glad to know that he is entering a new and challenging field of work where he can continue his career of service."

No successor to Gibson has yet been named.

Briles Resigns As Kiwanis President

Kiwanis Club President W. E. (Woody) Briles, of the Poultry Science Department, announced his resignation from the local luncheon club at Tuesday's meeting in the Memorial Student Center.

He is leaving in September to assume a position with the DeKalb Agricultural Association in DeKalb, Ill. In announcing his resignation Briles said, "I regret very much having to resign from the Kiwanis club, especially while serving as your president. I have always found it a pleasure to be a member of the Kiwanis Club and to help in its many very worthwhile community activities."

Wayne Stark gave a short talk on the "Guided Missile Program of

the U. S. Army" and showed the group an army film demonstrating several of the missiles being used by the army at the present time.

John Longley and Joe Sorrels gave brief summaries of their activities at the Kiwanis International Convention recently held in Atlantic City, N. J. Sorrels read the resolutions and amendments passed at the international meeting and Longley described some of the events that took place at the sessions.

In a report from the Kiwanis Underprivileged Children Committee, Luther Jones told the group about the opening of the Brazos County Therapy Center, which is under the direction of Buddy Lanoux. The center, located at the corner of Highland St. and College Ave., will provide physiotherapy and other types of treatment for crippled children.

Acting president Longley informed the Kiwanians that the July 30 meeting of the club has been designated as Sportshirt Day and members should dress accordingly.

G. G. Gibson

Weather Today

SHOWERS

Possible light, scattered thundershowers are predicted for late afternoon, with partly cloudy skies throughout the day. Yesterday's high was 99 degrees, and this morning's low, 75. By 10:30 this morning the mercury had risen to 92 degrees.

Summer Rolls Now List 1,900

Second Semester Lower Than First

Enrollment in the college for the second term of the summer semester exceeded that of last year by 91 as a total of 1984 registered. Of this number, 161 are at the Junction Adjunct.

This figure represents a drop in enrollment from the first summer semester but according to the A&M Registrar is the expected trend. A similar trend is evidenced in the difference between normal fall and spring semester registrations.

The female population fell off in number by 68 as 74 women students enrolled at the college. For the same period last year 70 female students were enrolled.

SCONA III Has \$13,000 For Conference

Early reports from the committees working on the third Student Conference on National Affairs (SCONA III) show they have raised \$13,000 to be used on this year's conference.

Out of the \$13,000, \$6,000 has actually been received and the rest is pledged. This is the earliest that such an amount has been gathered in the history of SCONA.

According to J. Wayne Stark, director of the Memorial Student Center, a tentative list of speakers has been compiled. It includes such men as Ogden Reed, president and editor of the New York (N. Y.) Herald Tribune; Carlos Romulos, Philippine delegate to the United Nations; Robert Anderson, future secretary of the treasury and Joseph Johnson, president of the Carnegie Endowment for International Peace.

Other speakers or panelists who have already accepted invitations to attend SCONA include Dr. Paul Gehren, executive vice president of Baylor University and Dr. Louis Hanke, director of the Institute of Latin American Studies and a distinguished professor at the University of Texas.

As the result of a fund-raising trip to Mexico, \$1,000 has been pledged from businessmen in Monterrey, Mex. Several students from A&M went to Monterrey this spring and visited with several firms there.

No specific topics of discussion have been selected as yet and will not be chosen until September due to constantly changing world issues.

Canadians Visit A&M Campus

Joseph McCully, warden of the student union at the University of Toronto, and three students visited A&M Sunday July 14 through Monday July 15.

The three students and their advisor are touring the United States visiting student union buildings of various colleges and universities. While here their hosts were Don McGinty and Dick McGowan.

Warden is the title given to the director of the student union, Hart House of the University of Toronto. The Hart House is a student union for men. Warden McCully has the standing of dean.

David Parker, an architecture major; John Moffet, a medical student and Jackson Chercover, a law student, are the three touring Toronto students.

Of those students at the Junction Adjunct, 121 are freshmen taking entering training courses. Engaged in field work are 14 geology and 26 civil engineering students. Last year there were 120 freshmen, 25 geology and 25 civil engineering students at Junction.

Today is the last day for enrolling for the second term. Friday is the last day for making changes in registration.

The second term will end on Friday, August 23. Final examinations will be held on that date.

Development Conference Here In August

The 7th annual Texas Industrial Development Conference will be held here August 15-16. The conference is sponsored by the Industrial Engineering Department and the Industrial Economics Research Group of the Engineering Experiment Station.

"We anticipate an attendance of approximately 150 representatives from Texas communities and industrial development agents from the banks, railroads and utilities," A. R. Burgess, head of the department, said yesterday.

Carlos Ashley, state senator, Llano, will deliver the principal address at the banquet session August 15. He will talk on new legislation affecting industrial development. B. H. Dewey Jr., state representative, Bryan, will chair the session.

Chairman for the sessions include Gordon Turrentine, general manager, Houston C. of C.; Robert McWhirter, president, First National Bank, Paris; G. P. Cates, manager, C. of C., Killeen; Jack Tippit, assistant research economist, Texas Engineering Experiment Station; Robert Hunt, organizational manager, Community Organizers, Kilgore; A. Rogers Mielly, industrial commissioner, SP Lines, Houston; Dewey and Burgess.

Piano Recital Held In MSC Sunday

Fifth program in the Memorial Student Center summer musical recital series will be held in the main lounge of the MSC Sunday, July 21 at 3 p. m.

Playing dual pianos will be Clark Kimberling and Linda Brady, both from College Station.

Kimberling, age 14, is the son of Mr. and Mrs. D. H. Kimberling of College Station. He has played for the Lions Club and has won honorable mention in a talent show at Lamar Junior High. He has played at Crockett School in Bryan and plays for his Sunday school class.
