Job Anyone?

What is causing the "mass exodus?" Is it just chance that many of the top jobs on the campus are presently left vacant or temporarily filled? Just how many jobs are open right now?

One or two deanships are vacant, several department head jobs, one division head is needed and countless numbers of professors and instructors have left for jobs in industry or at other schools.

Why have they left and what can be done to keep the top-notch educators we now have?

The new budget should have gone a long way toward soothing the unsatisfied minds of many staff members. However the rumbles of discontent continue. Even with marked increases in many areas, the salaries paid to teachers in the state of Texas are still discouragingly low.

Why should a man take a decrease in his salary to come to this school? Obviously, few educators are willing to do so.

It appears to us that in order to get A&M out of the doldrums it is headed for, clear thinking with a very close look at the future and with PROGRESS as the key word is needed.

With the resignation of Dr. W. W. Armistead, dean of the School of Veterinary Medicine, A&M is losing one of its most able men. It is with the most sincere regrets that we view the school's most recent faculty loss.

Dean Armistead, during his all too short years at A&M, was an invaluable asset to the school. His work on behalf of the Vet School will long be remembered and his efforts toward improving the standing of the college have not been in vain.

The biggest single accomplishment which should be attributed to Dr. Armistead is the construction of the new Veterinary Hospital, not to mention countless others.

Best wishes of The Battalion are herewith expressed to Dr. Armistead.

C.E. Grad Student Given Fellowship

Weldon Wayne Aldridge of 3448 Kellogg Ave., Dallas, a graduate student in civil engineering, has been awarded the California Company Fellowship in Civil Engineering for the 1957-58 school year.

He is a veteran of the Korean conflict and prior to entering A&M, Aldridge worked for three years as a survey field party junior inspector for the City of Fort Worth.

Local Man Attends Paving Program

A detailed technical paper titled "Surface Treatments" by Fred J. Benson, was given at the summer program of the Asphalt Paving Technology held at the University of California, at Berkeley. Benson is executive officer of the Texas Transportation Institute and vice director of the Texas Engineering Experiment Station. He gave the paper yesterday.

New Ag Ed Prof Replaces Ross

E. L. Tiner joined the Department of Agricultural Education July 15. He replaces Henry Ross who is on leave-of-absence in East Pakistan.

During the past eight years Tiner has been with the Texas Education Agency as area supervisor of vocational agriculture. The area that he last supervised was comprised of 21 counties around Houston.

In connection with his work as area supervisor, Tiner is serving also as a member of the Board of Directors of the Houston Farm and Ranch Club and is a member of numerous committees in the Houston Chamber of Commerce and Houston Fat Stock Show.

He also served as a member of an accreditation team from the Texas Education Agency. This team evaluated school systems to determine their accreditation status.

CS Swimmers Face Strong Competition In Amateur Meet

With potent aggregations already entered from Wichita, Kan. and Omaha, Neb., in the Texas Open Amateur Athletic Union Swimming and Diving Championships in Austin tomorrow and Saturday, another week-end of stiff competition faces the strong College Station Swim Club.

Following last week-end's impressive showing in Tyler in the Texas Amateur Athletic Federation state championship swimming meet, in which Coach Art Adamson's charges made up in quality what they lacked in quantity, the local tankers are expected to "hold their own" in Austin during the next two days.

C.S. Swim Club will be represented in the AAU Championships in Austin's Northwest Park Pool by the following eight entries in a total of four divisions: intermediate girls (13-14)—Patsy Varton, 400 meter freestyle and 100 meter breast stroke; Pam Hayes, 200 meter breast stroke and 200 meter individual medley; intermediate boys (13-14)—Joe Brusse, 400 meter freestyle and 100 meter freestyle; senior girls (15-16)—Gail Schlesselman, 200 meter breast stroke and 200 meter individual medley; Mary Frances Badgett, 100 meter backstroke and 200 meter individual medley; Judy Litton, 400 meter freestyle and 100 meter freestyle; senior boys (15-16)—Bill Farrar, 200 meter breast stroke and 200 meter individual medley; Howard Mitchell, 100 meter butterfly and 200 meter individual relay.

At the TAAF state championship gathering in Tyler, the local tankers, their 14-member squad out-numbered by many of the larger cities, delegations, finished third in the over-all team standings. Competing against 28 strong teams, the College Station crew placed fourth in the combined women-girls and took third place in the combination men-boys. These high rankings were achieved despite the fact that the Brazos Countians numbered only three junior division entries among their ranks.

Individual results by College Station Swim Club entries in the TAAF meet are as follows:

Women's Division (15-and-over) Eileen Cossani—first, 200 meter freestyle; second, 100 meter freestyle; second, 400 meter freestyle. Judy Litton—seventh, 200 meter freestyle; eighth, 100 meter freestyle. Ann Cleland—sixth, 200 meter breast stroke. Mary Frances Badgett—sixth, 100 meter backstroke. Gail Schlesselman—third, 200 meter breast stroke; fourth, 200 meter individual medley; first, 100 meter butterfly (new record of 1:29.8).

Men's Division (17-and-over) Orlando Cossani—third, 400 meter individual medley; second, 100 meter butterfly. Dick Hunkler—first, 100 meter butterfly.

John Harrington—fourth, 200 meter breast stroke. Tetsuo Okamoto—eighth, 200 meter breast stroke; sixth, 400 meter individual medley; eighth, 100 meter freestyle. Frank Holmes—seventh, 400 meter freestyle.

Girls' Division (14-and-under) Pam Hayes—sixth, 100 meter breast stroke.

Boys' Division (16-and-under) Bill Farrar—first, 200 meter breast stroke (new record of 3:00.4); fourth, 100 meter butterfly.

Relays Men's—third, 400 meter freestyle (Holmes, Okamoto, O. Cossani, and Hunkler); second, 400 meter relay (Harrington, Okamoto, Cossani, and Hunkler).

Women's—fourth, 200 meter freestyle (G. Schlesselman, Litton, Ann Schlesselman, and E. Cossani); third, 200 meter medley (E. Cossani, Cleland, G. Schlesselman, and Litton).

Osteopath Group Hears Leipper Talk

Dr. Dale F. Leipper, head of the Oceanography Department of A&M, was a feature speaker at the 61st annual convention of the American Osteopathic Association this week in Dallas.

Topic of this discussion was oceanography as it is related to health. More than 2000 osteopathic physicians and surgeons from the United States and other nations are present at the postgraduate professional and teaching sessions.

Five of the last 10 winners of Pimlico's \$100,000 Preakness went on to become the horse of the year. They were Citation, Capot, Hill Prince, Nashua and Native Dancer.

Luedecke Appears On Great Issues

Maj. Gen. Alvin R. Luedecke, chief of the Armed Forces Special Weapons Project, Department of Defense, will appear as the Great Issues speaker on November 22 in the Memorial Student Center.

Gen. Luedecke, a 1932 graduate of A&M, will tentatively speak on "Nuclear Testing—Is It Necessary?" The general is engaged with nuclear projects in regard to atomic war heads.

The MSC also announced that James B. Carey, president of the International Union of Electric, Radio and Machine Workers, has accepted an invitation to speak. No date for his appearance has been set, but it is expected he will be available in late fall or early winter.

Pet E Dept. Gets Oilfield Pump Models

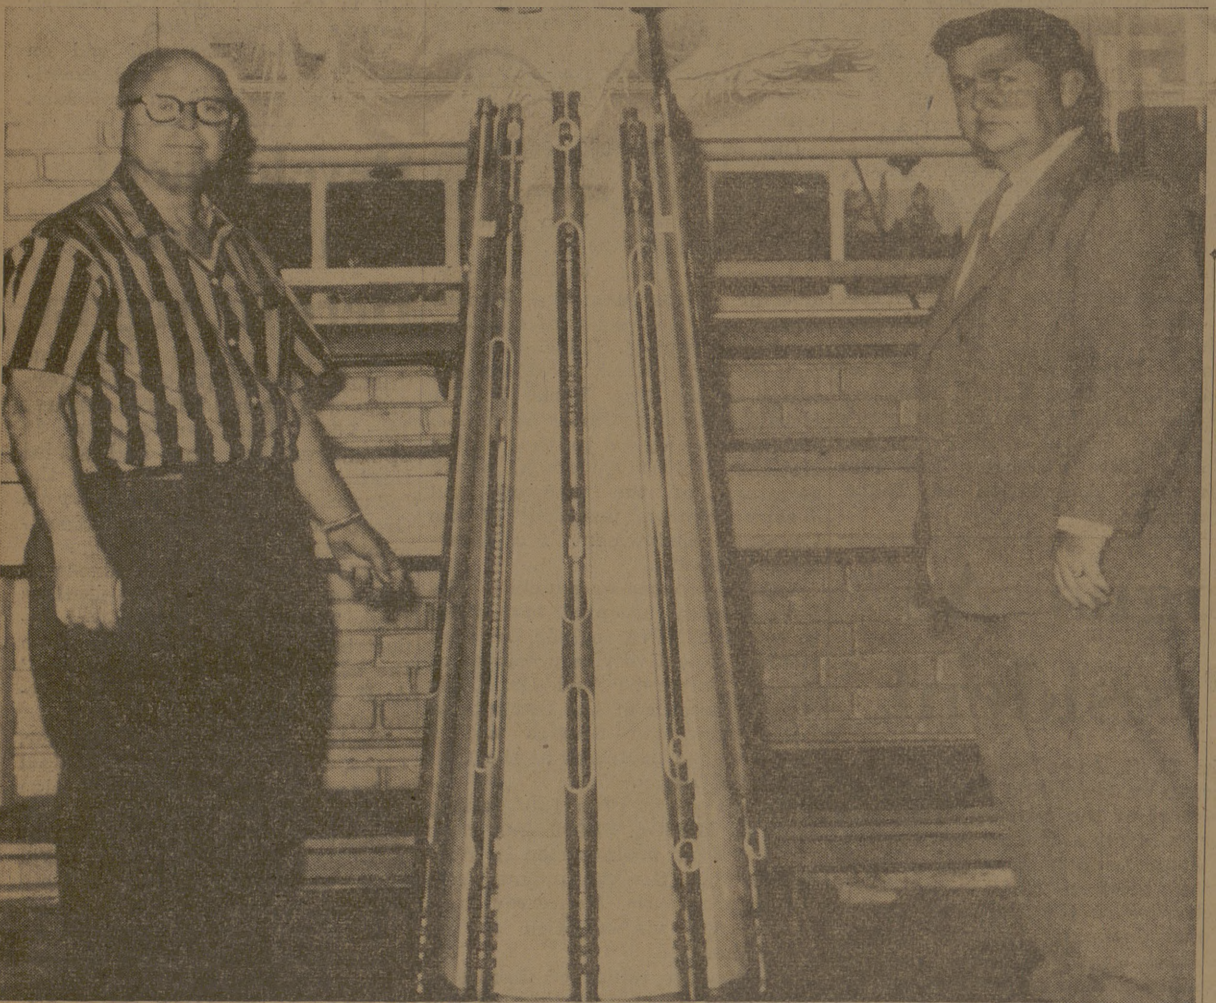

A display of cut-away model oil field subsurface pumps (see picture lower left) has been presented to the Petroleum Engineering Department.

The display, presented by the

Harbison-Fischer Manufacturing Co., manufacturers of oil well equipment of Fort Worth, will be used for instructional purposes. R. L. Whiting, head of the department, announces.

This display is one of the finest of its type ever assembled and is complete with 10 pumps. The pumps are chromium plated and are full diameter and are constructed so that the salient features and details of construction and operation may be studied.

Standing left to right are L. B. Harbison and Whiting.

Robert R. Gabella of Cleveland, 28, is the youngest umpire in the Southern Assn.

The Battalion

The Editorial Policy of The Battalion Represents the Views of the Student Editors

The Battalion, daily newspaper of the Agricultural and Mechanical College of Texas and the City of College Station, is published by students in the Office of Student Publications as a non-profit educational service. The Director of Student Publications is Ross Strader. The governing body of all student publications of the A&M College of Texas is the Student Publications Board. Faculty members are Dr. Carroll D. Lavery, Chairman; Prof. Donald D. Burchard, Prof. Tom Leland and Mr. Bennie Zahn. Student members are W. T. Williams, Murray Mine, Jr., and Leiguis E. Sheppard, Jr. Ex-officio members are Mr. Charles Roeder, and Ross Strader, Secretary. The Battalion is published four times a week during the regular school year and once a week during the summer and vacation and examination periods. Days of publication are Tuesday through Friday for the regular school year and on Thursday during the summer terms and during examination and vacation periods. Subscription rates are \$3.50 per semester, \$6.00 per school year, \$6.00 per full year or \$1.00 per month. Advertising rates furnished on request.
