

# Family Favorites

By GOLDIA HUBERT

(The Hubert family moved to College Station from Riviera. Dr. Hubert, a veterinarian, is a 1952 graduate of A&M and now teaches in the School of Veterinary Medicine. There are three little Huberts—Patti, 4, Sari, 2, and Lori, 1. Following are some of Mrs. Hubert's favorite "kitchen tested" recipes.)

## BROWN PINTO BEANS

1 pound pinto beans  
1/2 cup sugar  
salt and pepper to taste  
Soak beans overnight. Add salt, onion and ham bone, bacon or drippings to beans and bring to boil. Reduce heat and simmer for 2 hours. Add sugar and salt and pepper to taste, and cook for another hour or until done. (Cooking time depends upon the weather and consistency of the beans.)

## OLD-FASHIONED CORN BREAD

1 cup corn meal  
1 cup flour  
1 cup sour milk  
1 teaspoon soda  
(goes into milk)  
1/2 cup sugar  
2 eggs  
1 teaspoon salt  
4 teaspoons baking powder  
1/2 cup baked ham leavings,  
bacon drippings, or salad oil  
Preheat oven to 425 degrees; grease skillet or baking pan. Sift together into bowl the flour, corn meal, baking powder, sugar and salt. Beat eggs until fluffy and add milk to which baking soda has been added.

Stir this mixture into the dry ingredients. Last add drippings or salad oil, and stir until blended. Pour into skillet or pan, and bake about 30 minutes, or until bread is brown and crusty on top.

## UNCOOKED ICE CREAM

6 eggs  
1 gallon milk  
2 cups sugar  
dash salt  
2 tablespoons vanilla  
Beat eggs in a large bowl. Add sugar and 1 quart of milk. Add salt and vanilla. When thoroughly blended, pour into ice cream container and add remainder of milk.

If a fruit or chocolate cream is desired, simply add the fruit or syrup just before freezing, but be sure the fruit has been sweetened. Because you may wish to add fruit or other flavoring and since the cream swells as it freezes, only 1 gallon of milk is used in a 1/2-gallon freezer. If sweeter cream is desired, add more sugar.

For chocolate cream, add 1 large can of Hershey's chocolate syrup; for peach, add fresh, sugared, sliced peaches; for banana nut, add 4 mashed bananas and grated nuts; for strawberry, add fresh or frozen sugared berries, etc.

## TUNA FISH AND VEGETABLE CASSEROLE

A good Friday dish.  
1 can mushroom soup  
1 can tuna  
1 box frozen vegetables  
2 tablespoons butter  
salt and pepper  
1 medium onion  
Mix soup with water. After blending, add chopped onion, tuna, frozen vegetables, salt and pepper, and butter. Pour into flat cake pan which is well greased. Top with biscuits, made as follows:  
Sift into a large bowl 2 cups sifted flour, 3/4 teaspoon salt, and 3 teaspoons baking powder. Add and cut into the mixture 4 tablespoons butter.

When mixed to the consistency of coarse meal, add 3/4 cup sour milk, to which 1/2 teaspoon soda has been added. Mix and knead gently. Roll out into flat round. Pour 1 1/2 cups grated cheese onto dough, roll up and slice. This will make pinwheel-looking biscuits.

Place biscuits on top of tuna mixture and brush with salad oil. Place in oven and bake at 400 degrees until brown on top.

# New Sewing Machines Make Embroidery Simple Matter

By DOROTHY ROE  
Associated Press Women's Editor

Time was when Grandma spent long hours straining her eyes over fine hand embroidery for her dainty summer party dresses and lingerie. Granddaughter, however, gets a better break, for the age of automation has made delicate embroidery simply a matter of threading up the sewing machine.

Consider, for instance, a romantic summer dance dress, made of white silk organdy—full-skirted, full-sleeved, with the important touch of sophistication in a narrow black velvet sash and dramatic black embroidery on the sleeves.

You can make such a dress, which looks as if it came from the salon of a custom couturier, by using a standard pattern and making use of the talents of your sewing machine.

Local sewing center experts

made the original model using one of the new slant-needle automatic machines, but the embroidery also can be done with the automatic zigzag attachment for an ordinary electric sewing machine.

The dress has a skirt made of two layers of silk organdy over a matching petticoat. The fine-line hem in the skirt is easy to do with the flange hemmer attachment, designed especially for use on sheer fabrics and producing what looks like a hand-rolled hem.
