EE Department Will Sponsor Short Course

Practicing engineers from Texas and three other Southern states have an opportunity to become acquainted with the theory of symmetrical components and their application to the solution of unbalanced conditions on three phase circuits at the third annual short course on Theory and Application of Symmetrical Components which ends tomorrow.

The five day course, sponsored by the Department of Electrical Engineering, is designed for engineers who have basic training in a.c. circuits and in the use of phasors (vectors).

Engineers registered for the course include Wayne Barnette, E. L. Guenzel and W. E. Shula, Texas Electric Service Company, Fort Worth; W. A. Bollen, Dow Chemical Company, Freeport; T. E. Lackey, Shell Oil Company, Houston; Joe Wells, Central Power and Light Company, Sinton, and Robert D. Forbus, Central Power and Light Company, Corpus Christi.
