Asian Disease Expected To Lay Siege On Texas

AUSTIN—An epidemic of Asian influenza will almost certainly lay siege to Texas this fall and winter, according to the State Department of Health.

It is possible to make this prediction because the State Health Department laboratory has already isolated the specific virus in the throat washings from several patients. Many more specimens are being studied and some of them will undoubtedly yield the virus.

A vaccine against this type of influenza is being rushed into production and will probably be ready in limited quantity by mid-September. A goal of 60 million doses is expected to be reached by February.

Looking at the national picture, it is clear that the disease has already made serious inroads. More than 11,000 cases have been diagnosed in the various states. Seven persons have died of flu or its complications. Surgeon General Leroy Burney has publicly announced the strong probability of a large-scale outbreak within the next few months.

This appears to be a brand new member of the family of influenza viruses, perhaps closely related to the type which caused the world-wide epidemic at the close of World War I. It started first in Hong Kong in the early spring, and by June had spread over the Orient and into India.

It entered the United States through a West Coast port. The first case in Texas was diagnosed in a Boy Scout who had attended the Jamboree in Valley Forge last month. Since then sporadic cases have cropped up at various points throughout the state.

Like all influenza, this is a highly communicable strain. The symptoms include a sudden fever lasting from one to six days, chills, aches and pains in the back and joints, sore throat and a cough.

In the Far East the attack rate has been extremely high—about one of every five persons being affected. The death rate so far has been comparatively low—two deaths per 1000 cases.

Cases experienced in Texas thus far have been relatively mild. But there is no assurance that the virus will not become increasingly virulent as it spreads from person to person as it appears to have done in Chile.

Military experience indicates that the vaccine is 70 per cent effective. Therefore, thoughtful people will get themselves immunized as soon as possible after vaccine is available.

The State Department of Health will be unable to offer influenza vaccine for general distribution. Physicians will be able to purchase the material directly from commercial drug outlets.

Prof Retires After 35 Years At A&M

A. V. Brewer of the Mechanical Engineering Department, has retired after 35 years of teaching at A&M.

A native Texan, Brewer came to A&M in September 1922, as an instructor in the Mechanical Engineering Department, then headed by E. J. Fermier.

Brewer graduated from Southwestern Preparatory School in Georgetown in 1908, and received his B.S. degree from Purdue University in 1918, after which he was engaged in railway mechanical engineering for four years before serving overseas in the artillery in World War I.

There followed four more years in railway engineering with the New York Central Railway in Youngstown, Ohio, before he came to Texas to accept an offer by Fermier and Dr. W. B. Bizzell, then president of A&M.

Brewer has taught nearly all of the courses offered by the department. However, his major field of interest is in thermodynamics, the engineering laboratory, power engineering and supervising the

power laboratory.

He has been responsible for many of the improvements over the years in the mechanical engineering laboratory, including the design and installation of a flow set-up to measure fluid friction, the installation of the Waukesha fuel testing machine and the York Refrigerating system.

He worked on a number of research projects in cooperation with the Engineering Experiment Station, principally in the fan testing laboratory. During World War II he was loaned to the E.S.M. D.T. program to be in charge of ship production course work in Houston.

Brewer received his advanced degrees, M. E. from Purdue University in 1925 and M.S. in mechanical engineering from A&M in 1937. Presently he is co-author for a text book, Problems on Thermodynamics, published by the Macmillan Company.

He and Mrs. Brewer are moving to Breckenridge. Brewer will be connected with a son-in-law in running a ranch.

Social Whirl

Alyce Staehs and Arlene Starr will be hostesses to the Aggie Wives Bridge Club which meets tonight at 7:45 in the Memorial Student Center. Prize winners last week were Buzzy Thiede and Tam Walton, high and second high.

Oceanography and Meteorology Wives Club will meet at 8 p. m. Tuesday in the south solarium of the YMCA. A card social is planned. Mrs. George Huebner will present Ph.D. degrees to Phyllis Armitage, Mary Burwell, Ruth Bookholdt, Dorothy D'Arcy, Louise Farmer, Regina Ryan, and Virginia Williams.

Weekend Services Announced By Pastors Of Local Churches

CHRISTIAN SCIENCE SOCIETY
"Scientific healing — healing through the power of God, Soul—" will be a topic dealt with at services Sunday.

Matthew's account of Christ Jesus' healing of the two blind men (9:27-31) will be included in the readings from the King James Version of the Bible. The subject of the lesson-sermon is "Soul."

BETHEL LUTHERAN CHURCH
Wednesday night services for Aug. 21 and 28 have been cancelled. In September regular vespers will be held again.

Miniature golf is the fare for tonight's Walthor League and youth social. All are asked to be at the church at 7:30. Cost is 25 cents per game.

Ladies Circle is planning a home-made ice cream party for 6:30 p. m. Sunday, Aug. 25. Everyone is invited. No charge will be made.

FAITH EVANGELICAL AND REFORMED CHURCH
College Ave. at Williamson Dr., Bryan

In place of the regular Sunday morning services at the Faith and Zion Churches, members of the two congregations will gather on the Kurten school grounds for a joint picnic at 10:30 a. m.

The affair will be opened with a service, with the Rev. R. F. Buck preaching on "God Is Faithful." Following the picnic, games for all ages will be played. Each family is to bring its own basket lunch.

A&M METHODIST CHURCH
The Rev. James B. Argue will preach at both the morning and evening worship services. The Intermediate MYF meets at 4:30 p. m. and the senior group at 6 p. m.

OUR SAVIOUR'S LUTHERAN CHURCH AND STUDENT CENTER
"Be Wise, You Sons of Light!" will be the topic of the Sunday morning sermon to be delivered by Eugene Kruse, intern. Text for the sermon is Luke 16:1-9.

Sunday school and the adult Bible class will meet at 9:30 a. m., followed by the morning worship service at 10:45.

Young Marrieds and their children are invited to a watermelon party on the church lawn at 5:30 p. m.

Tuesday the Women's Missionary Society will meet at the Center at 7:30 p. m.

A&M CHRISTIAN CHURCH
Old Highway 6 south of Kyle Field
The Rev. Clarence Ketch will preach at the 10 a. m. worship service Sunday. Sue Ellen Mowery will offer a vocal solo. Sunday school is at 8. Choir practice will be held at 7:30 p. m. Wednesday.

A&M CHURCH OF CHRIST
Mont Whitson, minister, will speak on the topic "Christ and the Christian" at Sunday morning worship. His subject for the evening service will be "The Holy Spirit."

MY FRIEND

Folks used to wonder what Grandpa Brown and I had in common. He must have been close to eighty when I was just a kid. But I remember him as one of the best friends I ever had.

He was a wonderful old man, with a simple, native wisdom. We used to go fishing together, and he would talk to me about God and Faith and Love. I remember he used to say people shouldn't wait until they're in trouble before going to Church. "When you're happy," he told me, "take time out to offer a prayer of thanks for your good fortune."

The Church, he used to say, had acted as a balance wheel for him during good times, and a bulwark during bad times.

Down through the centuries the Church has made great Christians out of unassuming people, who in turn have transmitted the blessings of the Church to the oncoming generations. I hope I can impress Grandpa Brown's Faith and Wisdom upon others as I was impressed by him.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verses
Sunday	Pewter	2 1-12
Monday	Colossians	2 6-15
Tuesday	Colossians	3 12-17
Wednesday	Colossians	4 1-6
Thursday	11 Thessa.	2 13-17
Friday	11 Thessa.	4 11-16
Saturday	Psalms	119 1-16

put yourself in their shoes!

YOU'D WANT BETTER SCHOOLS, TOO!

Yes — put yourself in the shoes of children who get only half-day education. Or some of the others who are jammed into overcrowded classrooms. Or again put yourself in the place of kids whose schools lack playground facilities or books and equipment.

Is it fair to give our children anything but a first-rate education? Let's see to it that they get the kind of education that will make them the citizens we all want them to be. It's a big job but a satisfying and rewarding one.

Here's how to get started. Write today for free booklet, "Let's Get Our Schools Ready Now." Better Schools, 9 East 40th St., New York 16, N. Y. Do it now!
