

## Police Train On Campus

The 30-day Texas Municipal Police School is being held this week on the campus, and will be completed Sept. 27.

Attended by municipal policemen from cities throughout the state the school is conducted by the police training program of the Engineering Extension Service, A&M System.

It offers training in the latest

crime-fighting techniques and law enforcement practices.

A number of distinguished Texas peace officers and specialists are guest instructors at the school, Wallace D. Beasley, police training coordinator for the Engineering Extension Service said.

The school also features tours through the Huntsville state prison and the Texas Department of Public Safety at Austin.

Hedblom, whose home is in Colorado Springs, Colo., has been to the Antarctic with three Navy expeditions.

## Airlines Rule To Eliminate Empty Seats

Continental Air Lines and Trans-Texas Airways, serving the College Station-Bryan area, will rule Sunday to eliminate "sold out" flights taking off with empty seats.

The ruling, the third of a three-stage program, is aimed at persons who make reservations, change travel plans, fail to cancel reservations and do not show up at flight time.

The passenger will be penalized \$3 when he presents his ticket for refund or uses it for reservation on another flight, officials indicate. Air travel card holders will find the penalty added to the bill.

Under the first two rules, the passenger is required to pick up his ticket by a specific time and reconfirm his reservation after an overnight stop of more than 12 hours.
