# Goal: Progress

Welcome to Aggeland, Class of '61, and welcome back returning students!

Work is beginning on another "mold" to shape A&M's future. Each student will have his turn at the "forge."

It will be all our duties to see that not one flaw is left in the "steel" of this year.

How campus leaders perform their duties and how the student body selects and supports those leaders may mean the difference between a perfect year and a bad one.

Every Aggie should have as his goal a bigger and better A&M. This can be accomplished in some of the following ways:

1. Forget petty envies and prejudices and work together for a better future.
2. Strive for the best in all academic work.
3. Support moves for better professors' salaries, more new buildings and other progressive activities.
4. Maintain good moral concepts and practice them while visiting other schools and cities.

These are just some fundamental practices to observe. They can branch off into other realms.

Remember that A&M will only be as good as each student can make it.

## Patrolmen Offered More Opportunities

Higher pay, better training and more opportunities were featured items in the Texas Department of Public Safety's bid this week for more than a hundred new patrolmen.

The state police openings were announced by Col. Homer Garrison, Jr., department director, as the first drive for additional manpower under the new regional operational system, and since departmental pay raises went into effect.

Garrison said many favorable features are now available to new members of the DPS that were not enjoyed previously. Under the new system, trainees will draw \$300 per

month while attending school at the DPS Training Academy in Austin. They will get automatic pay raises at the completion of their training period. New employees will receive thorough training in most every function conducted by the Texas DPS, qualifying them for immediate transfers and promotions to other positions outside their regular function.

Hundreds of applicants from qualified men between 21 and 35 years of age will be accepted until Oct. 10 at the Texas Department of Public Safety in Austin. Application forms may be obtained by writing to the department's personnel and training section.

For complete information concerning the new positions, training and benefits, interested men may write to the department in Austin. In return, he said, they receive complete information.

### Low Cost Football Tickets Available

Reduced price date tickets at \$2.50 each for all home games are now on sale at the ticket booths outside the Athletic Department Business Office.

These tickets must be purchased for all home games prior to 5 p. m. Sept. 20; after that date they will be sold at the regular reserve ticket price of \$3.50. Date tickets for games away from home will be on sale for one week before each game, with deadline for purchasing on Wednesday at 5 p. m. preceding the game.

### MSC Meet Rooms Available Friday

Applications for meeting rooms in the Memorial Student Center will be accepted Friday, Sept. 20 by the social and educational department of the MSC.

Student organizations and clubs which desire meeting rooms have been asked to make application as soon as possible after the 20.

### No Dr. Peppers Left On Campus

Dr. Pepper Bottling Company has indicated they are withdrawing their vendors from the Campus, according to Business Manager, C. A. Roebur.

For the remainder of the fiscal year only Coca-Cola vending machines will be in operation on the college premises.
